**MLA Guide to Digital Literacy (Updated with AI Guidance)** Ellen C. Carillo, 2026-03-06 Updated edition providing students with hands on strategies for digital literacy. The third edition of this best selling classroom guide helps students understand why digital literacy is a crucial skill for their education future careers and participation in democracy. Offering practical guidance for assessing information online this guide provides students with the tools to locate reliable sources among the clickbait and viral videos that pervade the web. The guide's hands on activities germane readings and lesson plans give students strategies for reading and analyzing data visualizations finding and evaluating credible sources learning how to spot fake news fact checking crafting a research question effectively conducting searches on Google and on library catalogs and databases finding peer reviewed publications evaluating primary sources and understanding disinformation and misinformation filter bubbles propaganda and satire in a variety of sources including websites social media posts infographics videos and more on platforms like Facebook X formerly Twitter Instagram TikTok and YouTube. New to the third edition a chapter on generative AI GenAI including information on how GenAI is trained uses of GenAI tools GenAI powered search engines prompting GenAI and evaluating GenAI output a consideration of ethical issues related to GenAI including impacts on the environment and on intellectual property privacy and bias in searches a discussion of GenAI and plagiarism an updated discussion of deepfakes fake headlines and other forms of misinformation student exercises on using GenAI a lesson plan that invites students to reflect on the benefits and limitations of using GenAI to support their reading practices.

*Cash transfers and intimate partner violence: A research view on design and implementation for risk mitigation and prevention* Peterman, Amber Roy, Shalini, 2022-06-15 Cash transfers are a widely used form of social protection providing effective and efficient ways to reduce poverty and support well being. Evidence suggests that cash transfers can reduce intimate partner violence IPV across a wide range of programs and contexts yet there is little guidance for design or implementation components in cash transfer programs that would maximize these reductions. Based on research into pathways of impact between cash transfers and IPV this issue brief offers recommendations on cash transfer programming to increase gender sensitivity and responsiveness to IPV prevention.

**The Internet Literacy Handbook**

Betsy Burdick, Chris Coakley, Janice Patricia Richardson, 2006-01-01 Over the past decade Internet technology now merging into that of mobile technology has transformed the multiple facets of life in society across the world changing work and leisure patterns and placing greater demands on us as active democratic citizens The Internet literacy handbook intended for parents teachers and young people throughout Europe is a guide to exploiting to the fullest this complex network of information and communication The handbook is comprised of 21 fact sheets each covering a particular topic on Internet use from searching for information to setting up blogs through to e shopping and e citizenship These fact sheets offer teachers and parents sufficient technical know how to allow them to share young people s and children s voyages through communication technology They highlight ethical and safety considerations give insight into added value in education provide ideas for constructive activities in class or at home share best practice in Internet use and provide a wealth of definitions and links to sites that give practical examples and further in depth information [Teaching Media Literacy](#) Belinha S. De Abreu, 2007 Provides lessons worksheets and handouts that focus on teaching students ways to develop critical thinking skills to be able to evaluate information resources **How and Why to Read and Create Children's Digital Books** Natalia Kucirkova, 2018-12-03 How and Why to Read and Create Children s Digital Books outlines effective ways of using digital books in early years and primary classrooms and specifies the educational potential of using digital books and apps in physical spaces and virtual communities With a particular focus on apps and personalised reading Natalia Kucirkova combines theory and practice to argue that personalised reading is only truly personalised when it is created or co created by reading communities Divided into two parts Part I suggests criteria to evaluate the educational quality of digital books and practical strategies for their use in the classroom Specific attention is paid to the ways in which digital books can support individual children s strengths and difficulties digital literacies language and communication skills Part II explores digital books created by children their caregivers teachers and librarians and Kucirkova also offers insights into how smart toys tangibles and augmented virtual reality tools can enrich children s reading for pleasure How and Why to Read and Create Children s Digital Books is of interest to an international readership ranging from trainee or established teachers to MA level students and researchers as well as designers librarians and publishers All are inspired to approach children s reading on and with screens with an agentic perspective of creating and sharing Praise for How and Why to Read and Create Children s Digital Books This is an exciting and innovative book not least because it is freely available to read online but because its origins are in primary practice The author is an accomplished storyteller and whether you know as yet little about the value of digital literacy in the storymaking process or you are an accomplished digital player this book is full of evidence informed ideas explanations and inspiration Liz Chamberlain Open University At a time when children s reading is increasingly on screen many teachers parents and carers are seeking practical straightforward guidance on how to support children s engagement with digital books This volume written by the leading expert on personalised e books is packed with app reviews

suggestions and insights from recent international research all underpinned by careful analysis of digital book features and recognition of reading as a social and cultural practice Providing accessible guidance on finding choosing sharing and creating digital books it will be welcomed by those excited by the possibilities of enthusing children about reading in the digital age Cathy Burnett Professor of Literacy and Education Sheffield Hallam University
