*Pole's Apart* Michelle McMeekin, 2011-06-01 Description Poles Apart tells the story of how suffering from severe mental health problems since the age of 17 nearly destroyed Michelle But now strangely when she looks back at her life she feels it has made her stronger It took ten years before she was diagnosed with Bi polar disorder Her low episodes were caused by very excessive stress in the workplace as a personal assistant in local government and she had three breakdowns at the ages of 17 22 and 27 During this last one she threw herself under a train and miraculously survived with no injuries She was sectioned into a Victorian style mental hospital This she says was sheer hell on earth I decided to write my autobiography because I am convinced that there will be a lot of people out there in this stressful age who have suffered like me If one person picks up my book and I give them hope by everything that has happened to me and how my life is now happy and fulfilled then I will have a great sense of personal achievement I would like fellow sufferers who are currently still very ill to see that even though life seems so bleak at times things can turn round and you can get better About the Author Although married for 4 years Michelle was surprised to find herself pregnant Throughout the whole of the pregnancy she was still very depressed and convinced she was dying and that her body was tricking her into thinking she was pregnant Nobody knew Eventually she gave birth to Kirsty who she calls my darling daughter now aged 8 This turned her life around for the better Something registered in my sub conscious when I had Kirsty and I stopped thinking I was dying how could a dying body give birth to a healthy child Michelle loved being a mother and says she went a bit high afterwards but leveled off Sixteen months later she had a second daughter my lovely Lauren now aged 6 I love motherhood and I believe it has been my saviour In Beauty May She Walk Leslie Mass, 2005 In 2000 inspired by her father Leslie Mass decided she would turn a lifelong fantasy into reality At the age of 59 she began to train for a grueling journey a thru hike of the 2 000 mile Appalachian Trail In *In Beauty May She Walk* chronicles Leslie's struggles and triumphs during her hike On the trail Leslie struggles with how to balance the needs of her family and friends while making the trail a priority how to shed years of social conditioning that dictate how a woman should act and how to know when to ask for help while understanding that sometimes help has to come from within For the first few weeks Leslie learns how to pitch a tent in the rain keep animals out of her food and lighten the

load on her back As the terrain toughens she struggles to physically keep up with the trail community she depends on socially to keep going and realizes the difficulty of maintaining her obligations to family and friends while focusing her efforts on putting one foot in front of the other every day And after September 11 2001 she copes with being seemingly the only hiker on the trails for miles eventually forcing her to change her definition of hiking her own hike A suburban college professor Leslie is just like any other woman you might pass on the grocery aisle Her story is an inspiring physical and mental journey to reach the goal of a lifetime Together to the Poles Marek Kamiński,2008 **Bulletin** ,1913 52 Sundays Lori Gardner Child,2022-03-24 Good morning friends When I posted an uplifting message on a social media platform one Sunday several years ago it was never intended to be perpetual To counteract all the negative posts that I had seen that day I wanted to give my friends a message of hope and encouragement But the following week I received several private messages asking for my Sunday sermon Thus began my Sunday messages that have continued almost weekly for over six years The messages all include a story usually from my own life and a moral to go along with it They are intended to give the reader an uplifting message of hope faith and encouragement or at the very least just something to ponder upon Reading these messages you will get a small glimpse into my quirky unpredictable life and the challenges that I have experienced as well as the lessons I have learned from them 52 Sundays will make you laugh cry and reflect and will leave you wanting more Happy Sunday Ray of Hope Justo Lopez Jr.,2015-04-23 I said to Johnny The next big party thats going to happen is mine Papa Minutes later the sea began its assault on us that took on a life of its own It also tried to take mine **Chasing the Grid** Kenneth Posner,2025-09-23 Discover the transformational journey of a conventional minded runner to a minimalist mountain climbing adventure seeking ultrarunner determined to conquer the Catskill Mountains challenge known as the Grid After a successful career on Wall Street the Catskill Mountains beckoned In Chasing the Grid author Kenneth Posner a seasoned corporate worker and intrepid but non elite runner sets out after an ultra distance mountain running record which nearly destroys him Along the way he stumbles upon an obscure peak bagging tradition known as the Grid which becomes his new obsession The Grid is a project where a determined athlete must run hike or climb a list of peaks in every month of the year the purpose being to get to know the mountains intimately in every season For New York s Catskill Mountains where this story takes place the formula requires more than 400 separate ascents For Posner the Grid turns out to be not just another running challenge it s a pilgrimage It offers a retreat from the spirit of modern running often reduced to a one dimensional activity driven by ego and moderated by clocks in favor of how our ancestors moved through nature in days gone by purposefully patiently and mindfully Posner emerges from the experience as a radically different kind of runner now running barefoot across trails and shirtless in the winter leaving behind food water lights navigational gear and even bug spray By following Posner in his quest to complete the Grid readers will feel sandstone fragments under bare soles pad across a bed of moss as luxurious as a Persian carpet squelch with him through cool black boreal mud dance across snow and

ice and participate in discoveries about the passage of time the energy of nature and the sense of self      **The Idler** ,1906
