Mysticism After Modernity:

Mysticism After Modernity Don Cupitt,1997-12-08 In *Mysticism After Modernity* Don Cupitt argues that the extensive modern literature about mysticism has rested upon a mistake the belief that there can be meaningful experience prior to language *Mysticism After Modernity* Don Cupitt,1997-12-08 In *Mysticism After Modernity* Don Cupitt argues that the extensive modern literature about mysticism has rested upon a mistake the belief that there can be meaningful experience prior to language *Mysticism After Modernity* Don Cupitt,1998 Transcending Boundaries in Philosophy and Theology Kevin J. Vanhoozer,Martin Warner,2007 Looking at the dialogue between philosophy and theology this book addresses the contemporary reshaping of intellectual boundaries and explores human experience in a post Christian era It points to ways of reconfiguring both traditional reason faith oppositions and those between interpretation text and language and experience

The Mystic Way in Postmodernity Sue Yore,2009 This book challenges experiential esoteric and colloquial understandings of mysticism by bringing a fresh relevance to the term through an interdisciplinary dialogue between literature mysticism and theology in the context of postmodernity In order to achieve this the author takes selected writings of Iris Murdoch Denise Levertov and Annie Dillard and incorporates them into various stages of a redesigned mystic way The fourteenth century mystic Julian of Norwich is invoked throughout as a role model whom these three writers seek to emulate as popular writers contemplatives and theologians As theologians who are concerned with the pressing issues of our age Grace Jantzen Dorothee Soelle and Sallie McFague are drawn on as conversation partners to complete the three way discussion The author maintains that understanding the writing and reading of creative texts in the context of practical mysticism facilitates an integrated approach to the use of literature for theological expression Critical Essays on Edward Schillebeeckx's Theology Corneliu C. Simut,2010-02-18 This book presents the main teachings of Edward Schillebeeckx widely considered one of the most important Catholic thinkers of the twentieth century Schillebeeckx is known for his radical departure from traditional theology which he saw as no longer relevant to the modern world Because today s world has been shaped by a process of secularization heavily based on reason and progress in science technology economics urbanism etc modern people seek relevant answers to their deep existential questions that can be explained rationally In his quest to foster relevant and meaningful answers for today s world Schillebeeckx changed the traditional metaphysical content of Christian theology into explanations that radically reinterpret traditional Christian doctrines Primarily the supernatural essence of Christianity is given up as irrelevant and is replaced by a natural perspective on the world In Schillebeeckx s thoroughly historical and truly immanent theology God is man s terrestrial future Christ the symbol of universal human values and the Church is identified with the world as those communities which share these universal human values Schillebeeckx is convinced that these explanations emptied of metaphysical content can help today s people understand their existence in a new relevant and meaningful way *Mystical Traditions* Muhammad Shafiq,Thomas Donlin-Smith,2023-05-16 This book

discusses mysticism and its possible contributions to a positive common human future It is organized into three parts Studies of Mystical Traditions Comparative Studies of Mystical Traditions and Social and Ethical Implications The approach is philosophical and critical The contributors differ on whether or not mystical traditions would restore peaceful living and peaceful coexistence However the problem before this manuscript is the growing pain and suffering caused by greed in the world greed causing economic disequilibrium racism and divisiveness causing social unrest resulting in mass migration and refugees crisis Through the lens of mystical traditions the manuscript proposes a balance approach between material and spiritual needs of people To strengthen human spirituality the manuscript emphasizes practicing meditation music prayers zikr yoga mindfulness fasting and other methods of spiritual revival for peace within self and with others **Mysticism and the Mind** Colleen Marie Pauza,2009 *The Meaning and Value of Mysticism* Emily Herman,1916 *The Journal of Transpersonal Psychology* ,2000 *Meister Eckhart* Hee-Sung Keel,2007-11-28 Meister Eckhart 1260 1328 is undoubtedly the most important thinker in the West for drawing the spiritual heritage of Christian mysticism close to the monistic spirit that infuses so much of Asian religious thought His vision of the *unio mystica* of God and the soul as a perfect unity goes far beyond the conventional mysticism of love that was dominant before him Eckhart's mysticism of unity a bold and revolutionary affirmation of a perfect divine human unity realized in the ground of the soul as well as the mystical atheism it gave rise to inspired a wealth of profound spiritual insights that continue to challenge the reader of his sermons today

Without neglecting other aspects of Eckhart's mystical thought that are not easily reconciled with this radical vision of divine human unity the author takes a careful look at the nature of the Dominican master's mysticism its philosophical background and its implications for ethics and secular religiosity drawing particular attention to its role in the East West religious dialogue and the shaping of a vision of the spiritual unity of humankind Book jacket **Studies of English mystics. St. Margaret's lects., 1905** William Ralph Inge,1906 *Mysticisms East and West* Christopher Hugh Partridge,Theodore P. C. Gabriel,2003

Mysticism is proving to be the chosen type of religion for future generations of believers in the West As traditional institutional religion continues to decline mystical thought is celebrated as a vital subversive alternative Evidence for this religious cultural shift towards the mystical the experiential and indeed the creation centered can be found in bookstores most of which devote a large amount of shelf space to mystical themes and writers from the world religions While this shift is not new an increasing number of westerners are turning east because they find the fundamentally mystical thought of Asian religious traditions appealing Furthermore numerous westerners have actually become gurus and mystics within Eastern traditions *Mysticisms East and West* examines the worldwide phenomenon of mystical experience across the world religions In examining both Christian and non Christian expressions of mysticism this unique volume brings together a number of prominent evangelical scholars to analyze the central historical cultural and theological issues Beginning in the East these studies in mystical experience gradually move to the West and to Christian mysticism before concluding with a

number of philosophically reflective essays examining the implications and nature of mysticism **Studies of English**
Mystics William Ralph Inge,1907 **Judaism After Modernity** Eugene B. Borowitz,1999 Judaism After Modernity presents a collection of writings by America's leading liberal Jewish theologian who relates his activity as a prominent thinker in modern Judaism Eugene B Borowitz provides insights into his spiritual life and development as a prelude to his discussion of personal faith His papers illustrate and reflect upon the intellectual religious path that led to the development of his postmodern Jewish theology expressed in his systemic statement of 1991 Renewing the Covenant His writings reveal how he arrived at his unique position and describe how making this statement instigated the further development of his position Borowitz then discusses the typical Jewish interest in praxis what one is to do rather than in doxis what one says about one's beliefs incorporating such issues as aging and Zionism Finally he presents his relations with his teacher Abraham J Heschel and deals with various interfaith issues through his relations with Arnold J Wolf a Jewish peer John Hick Frans Josef van Beeck and Masao Abe three famous non Jewish teachers **The Cumulative Book Index** ,1999 Traditionalism and Radicalism in the History of Christian Thought Corneliu C. Simut,2010-09-15 This fascinating work presents the two conflicting positions within Christian thought traditional and radical as they developed through some of the most important periods of church history Simut traces traditional Christian thought through Late Antiquity Early Modernity and Post Modernity in specific works written by Gregory Nazianzen Jean Calvin and Ion Bria He analyzes Radical Christian thought as it gradually developed in Post Modernity particularly during the twenty and twenty first centuries through authors such as Erich Fromm Paul Ricoeur and Vito Mancuso Mystic Modernity Ashim Dutta,2021-12-05 This is a transnational and bilingual investigation of the cross fertilisation of mystical religiosity and modern poetical imagination in the works of the Bengali poet Rabindranath Tagore and the Irish poet W B Yeats The book demonstrates how their commitments to transnational mysticism deeply form and inform the modernist literary projects of these poets as well as their understanding of cultural modernity Although its primary interest lies in their poetry and poetics the monograph also includes some of their relevant prose works This study begins with a close look at and around the phase of 1912 1913 when Yeats and Tagore met over the collection of the latter's English translations of his spiritual verses Gitanjali and took mutual interests in each other's works and cultural significances The monograph then expands on both sides of that phase selectively covering the whole career of the poets in its exploration of their parallel mystic modern cultural poetical projects **God, Exile and the Development of the Poetic Voice in the Poetry of Ernestina de Champourcin** Lorraine D. Hanley,2008
