Myth and Cult Among Primitive Peoples Adolf Ellegard Jensen, 1951 **Myth and Cult Among Primitive Peoples** Adolf Ellegard Jensen, 1963 *Review of Myth and Cult Among Primitive Peoples*, 1965 Reviewed by seven anthropologists with comments by Jensen **Relating Religion** Jonathan Z. Smith, 2004-11-10 One of the most influential theorists of religion Jonathan Z Smith is best known for his analyses of religious studies as a discipline and for his advocacy and refinement of comparison as the basis for the history of religions *Relating Religion* gathers seventeen essays four of them never before published that together provide the first broad overview of Smith's thinking since his seminal 1982 book *Imagining Religion* Smith first explains how he was drawn to the study of religion outlines his own theoretical commitments and draws the connections between his thinking and his concerns for general education He then engages several figures and traditions that serve to define his interests within the larger setting of the discipline The essays that follow consider the role of taxonomy and classification in the study of religion the construction of difference and the procedures of generalization and redescription that Smith takes to be key to the comparative enterprise The final essays deploy features of Smith's most recent work especially the notion of translation Heady original and provocative *Relating Religion* is certain to be hailed as a landmark in the academic study and critical theory of religion **Myth and the Christian Nation** Burton L. Mack, 2014-12-18 America is widely regarded as the ultimate Christian Nation Religious language has always been at the forefront of American politics but this has increased since the events of 9 11 *Myth and the Christian Nation* presents a startling analysis of how and why Christianity and national identity have been woven together in recent American political discourse Drawing on examples of religious myth making across the ancient world *Myth and the Christian Nation* brings the weight of history to bear on America today a place where myth monotheism sovereignty and power can be harnessed together in the service of specific interests The book invites readers to rethink the role of religion in the construction of social democracy and to see America afresh **Theorizing Rituals, Volume 1: Issues, Topics, Approaches, Concepts** Jens Kreinath, J.A.M. Snoek, Michael Stausberg, 2018-08-14 Volume one of *Theorizing Rituals* assembles 34 leading scholars from various countries and disciplines working within this field The authors review main methodological and meta theoretical problems part I followed by some of the classical issues part II Further chapters discuss main approaches to theorizing rituals part III and explore some key analytical concepts for theorizing rituals part IV The volume is provided with extensive indices **Understanding Religious Sacrifice** Jeffrey Carter, 2003-03-31 This volume provides a thorough introduction to the major classic and modern writings dealing with religious sacrifice Collected here are twenty five influential selections

each with a brief introduction addressing the overall framework and assumptions of its author As they present different theories and examples of sacrifice these selections also discuss important concepts in religious studies such as the origin of religion totemism magic symbolism violence structuralism and ritual performance Students of comparative religion ritual studies the history of religions the anthropology of religion and theories of religion will particularly value the historical organization and thematic analyses presented in this collection Myth, Sacred History, and Philosophy Cornelius Richard Loew, 1967 **Seven Story Tower** Curtiss Hoffman, 2008-01-07 From the white stag to the green knight The Seven Story Tower examines how myth colors our perception of history nature and ourselves Organized around seven key myths representing the Irish Greek Sumerian Indonesian Amazonian and Inuit cultures as well as the fantasy world of J R R Tolkien this book is the perfect introduction to the common themes found in world mythology Curtiss Hoffman a noted archaeologist and anthropologist takes us beyond the entertaining stories and uses insights from cultural anthropology and analytical psychology to analyze the many common themes found throughout In particular he examines the significance of names numbers plants animals the heavenly bodies and the human body The Seven Story Tower will enhance the reader's appreciation of myth's power today over our lives and cultures **Myths of the Creation of Man and the Origin of Death in Africa** Obiakoizu A. Iloanusi, 1984 The study of the myths of preliterate society is at times a painstaking venture because of the often rather unfortunate misinterpretation of these myths as false stories based on imagination But myth as a lived religious experience of a particular cultural society asserts the necessity for expression of transcendent realities which in turn are expressed in symbolic forms It governs the faith and controls the conduct of the people who live the myths in their ritual ceremonies As a narrative resurrection of primordial reality with normative influence myth satisfies deep religious needs fixes customs sanctions and modes of behaviour This work undertakes to show that religious myths of the preliterate society especially the myths of creation of man and the origin of death are not illusive stories concocted to deceive common mind but rather mental deductions of the preliterate mind of the history of his religion the knowledge of his origin death and the hereafter Publications of the Folk-Lore Foundation Vassar College. Folk-lore Foundation, 1929 **Notes on Jamaican Ethnobotany** Martha Warren Beckwith, 1928 Folk and Myth Lalita Handoo, 1994 Catalog of the Kristine Mann Library of the Analytical Psychology Club of New York, Inc Kristine Mann Library, 1978 **Encyclopedia of Religion**, 2005 Imagine Ourselves Richly Christopher Vecsey, 1991 This invaluable exploration of mythic narratives helps us uncover our long repressed values regarding the environment society and the spiritual world Christopher Vecsey examines the Hopi myth of emergence and clan migration the Ojibwa creation myth the Iroquois myth of the Confederacy the Navajo tradition of ritualized medicine the pan Indian myths of peyotism's origins and a contemporary sweat lodge ceremony The author finds at the heart of these myths a declaration of dependence of the individual on the community of the community on nature and of nature on the powerful world of spirit Back cover **The Myths of the Opossum** Alfredo López Austin, 1993

Published in 1990 under the title *Los mitos del tlacuache* this is the first major theoretical study of Mesoamerican mythology by one of the foremost scholars of Aztec ideology. Using the myth cycle of the opossum and the theft of fire from the gods as a touchstone, Lopez Austin constructs a definition of myth that pertains to all of Mesoamerican culture, challenging the notion that to be relevant such studies must occur within a specific culture. Shown here is that much of modern mythology has ancient roots despite syncretism with Christianity and can be used to elucidate the pre-Columbian world view. Analysis of pre-Columbian myths can also be used to understand current indigenous myths. Subtopics include the hero and his place in the Mesoamerican pantheon, divine space and human space, mythic event clusters, myth as truth, and the fusion of myth and history. This book presents a unique description of the Mesoamerican world view for students of comparative religion, history of religion, folklore, ethnology, and anthropology.

Myth And Cult Among Primitive Peoples Introduction

In the digital age, access to information has become easier than ever before. The ability to download Myth And Cult Among Primitive Peoples has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Myth And Cult Among Primitive Peoples has opened up a world of possibilities. Downloading Myth And Cult Among Primitive Peoples provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Myth And Cult Among Primitive Peoples has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Myth And Cult Among Primitive Peoples. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Myth And Cult Among Primitive Peoples. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Myth And Cult Among Primitive Peoples, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Myth And Cult Among Primitive Peoples has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the

most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
