Philippe Lionnet

Maoism In The Developed World:

International Maoism in the Developing World Robert J. Alexander, 1999-11-30 The Maoist movement was the most important dissident force within International Communism in the period following World War II Based on first hand observation as well as the scattered research on the Maoist movements Alexander examines the circumstances that attracted people to the movement in each country and the evolution of the movement Scholars and researchers interested in Marxism in the developing world will be able to trace the origins and fate of Maoist groups in Latin America Albania Africa the Middle East and Asia

Maoism in the Developed World Robert J. Alexander, 2001-07-30 Alexander surveys the most important dissident movement within International Communism in the developed world since World War II He traces its origins the issues that differentiated the movement from Moscow oriented communism and shows why the movement had an attraction for both traditional communists and others of the left Examining the movement by region and then by country he describes the appearance and evolution of the Maoist Communist parties throughout North America Europe Japan and Oceania An important resource for all scholars and researchers involved with the history of communism

Museum Representations of Maoist China Amy Jane Barnes, 2016-04-15 The collection interpretation and display of art from the People's Republic of China and particularly the art of the Cultural Revolution have been problematic for museums These objects challenge our perception of Chineseness and their style content and the means of their production question accepted notions of how we perceive art This book links art history museology and visual culture studies to examine how museums have attempted to reveal discuss and resolve some of these issues Amy Jane Barnes addresses a series of related issues associated with collection and display how museums deal with difficult and controversial subjects the role they play in mediating between the object and the audience the role of the Other in the creation of Self and national identities the nature role and function of art in society the museum as image maker the impact of communism and Maoism on the cultural history of the twentieth century and the appropriation of communist visual iconography This book will be of interest to researchers and students of museology visual and cultural studies as well as scholars of Chinese and revolutionary art

Finding a Path for China's Rise Philippe Lionnet, 2023-01-02 The rise of China is ever present in debates on globalisation and ongoing power shifts In a time of rising international tensions understanding the interdependencies between China's course and the world economy is ever more important Often the economic reforms under Deng Xiaoping after 1978 are emphasised They initiated dramatic changes in China's economy and contributed to its ascent as a world power In contrast less attention has been given to the context in which these reforms were implemented Philippe Lionnet analyses important adjustments in China's agricultural industrial and foreign trade policies in the course of the 1970s as well as their origins He shows how policy experiments and their limits shaped the path of the socialist state

Global Consequences of Russia's Invasion of Ukraine Grzegorz W. Kolodko, 2023-02-25 This book highlights the geopolitical and economic consequences of the Russia's invasion of Ukraine The

author a key architect of Polish economic reforms and the most frequently cited economist from post Communist countries shares new insights into the causes and mechanisms of the Second Cold War Written in an unorthodox bold and lucid style the book raises provocative issues and provides convincing answers to some of the most difficult questions such as who the true beneficiaries and interest groups behind the war are and what their motives and conflicting goals are The book also introduces readers to the greatest challenge of our time climate change and explores the long term effects of the current arms race and rearmament spiral on global warming This interdisciplinary book which also addresses the challenges of inflation mass migrations and clashes between democracy and authoritarianism will appeal to anyone interested in the contemporary geopolitical shifts triggered by the Russia's invasion of Ukraine but also in the dynamics and directions of the evolution of the new cold war

The Soviet Union and National Liberation Movements in the Third World Galia Golan, 2022-12-28 The Soviet Union and National Liberation Movements in the Third World 1988 is a systematic comparison of Soviet theory about and actual behaviour toward movements for national liberation in the Third World In this definitive study Professor Golan demonstrates that Soviet behaviour toward such movements is consistent with Soviet theory as stated in the writings and speeches of high level influential within the Party military and academic communities In so doing she advances our understanding of the rules of thumb that Soviet leaders appeared to follow in deciding whether and how to assist the varied types of anti imperialist and separatist movements in the developing world The first part of the book provides a detailed analysis of the various schools of thought among Soviet writers concerning different aspects of national liberation movements and the second part analyses actual Soviet behaviour toward numerous movements around the world

Transpacific Articulations Chih-ming Wang, 2006 **The Economic Government of the World** Martin Daunton, 2023-11-14 Foreign Affairs Best Books of the Year 2023 An epic history of the people and institutions that have built the global economy since the Great Depression In this vivid landmark history the distinguished economic historian Martin Daunton pulls back the curtain on the institutions and individuals who have created and managed the global economy over the last ninety years revealing how and why one economic order breaks down and another is built During the Great Depression trade and currency warfare led to the rise of economic nationalism a retreat from globalization that culminated in war From World War II came a new liberal economic order Squarely reflecting the interests of the West in the Cold War liberalism faced collapse in the 1970s and was succeeded by neoliberalism financialization and hyper globalization Now as leading nations are tackling the fallout from Covid 19 and threats of inflation food insecurity and climate change Daunton calls for a return to a more just and equitable form of globalization Western imperial powers have overwhelmingly determined the structures of world economic government often advancing their own self interests and leading to ruinous resource extraction debt poverty and political and social instability in the Global South He argues that while our current economic system is built upon the politics of and between the world's biggest economies a future of global recovery and the

reduction of economic inequality requires the development of multilateral institutions Dramatic and revelatory The Economic Government of the World offers a powerful analysis of the origins of our current global crises and a path toward a fairer international order *A Revolution is Not a Dinner Party* Robeson Taj Frazier,2009 The Dictionary of World Politics Graham Evans,Jeffrey Newnham,1990 More than 600 entries present concise up to date information on and analysis of the major concepts ideas and institutions that are essential to the understanding of contemporary world politics *Summary of World Broadcasts* British Broadcasting Corporation.
