Chinese Strategic Culture and Foreign Policy Decision-Making Huiyun Feng, 2007-06-11 Examining the major academic and policy debates over China s rise and related policy issues this book looks into the motivations and intentions of a rising China Most of the scholarly works on China s rise approach the question at a structural level by looking at the international system and the systemic impact on China s foreign policy Traditional Realist theorists define China as a revisionist power eager to address wrongs done to them in history whilst some cultural and historical analyses attest that China s strategic culture has been offensive despite its weak material capability Huiyun Feng s path breaking contribution to the debate tests these rival hypotheses by examining systematically the beliefs of contemporary Chinese leaders and their strategic interactions with other states since 1949 when the communist regime came to power The focus is on tracing the historical roots of Chinese strategic culture and its links to the decision making of six key Chinese leaders via their belief systems Chinese Strategic Culture will be of interest to students of Chinese politics foreign policy strategic theory and international relations in general

Mao's Last Revolution Roderick MacFarquhar, Michael Schoenhals, 2006-08-18 The Cultural Revolution was a watershed event in the history of the People s Republic of China the defining decade of half a century of communist rule Before 1966 China was a typical communist state with a command economy and a powerful party able to keep the population under control But during the Cultural Revolution in a move unprecedented in any communist country Mao unleashed the Red Guards against the party Tens of thousands of officials were humiliated tortured and even killed Order had to be restored by the military whose methods were often equally brutal In a masterly book Roderick MacFarquhar and Michael Schoenhals explain why Mao launched the Cultural Revolution and show his Machiavellian role in masterminding it which Chinese publications conceal In often horrifying detail they document the Hobbesian state that ensued The movement veered out of control and terror paralyzed the country Power struggles raged among Lin Biao Zhou Enlai Deng Xiaoping and Jiang Qing Mao s wife and leader of the Gang of Four while Mao often played one against the other After Mao s death in reaction to the killing and the chaos Deng Xiaoping led China into a reform era in which capitalism flourishes and the party has lost its former authority In its invaluable critical analysis of Chairman Mao and its brilliant portrait of a culture in turmoil Mao s Last Revolution offers the most authoritative and compelling account to date of this seminal event in the history of China
