## **Mapmakers Wife:**

The Mapmaker's Wife Robert Whitaker, 2008-11-05 In the early years of the 18th century a band of French scientists set off on a daring decade long expedition to South America in a race to measure the precise shape of the earth Like Lewis and Clark's exploration of the American West their incredible mission revealed the mysteries of a little known continent to a world hungry for discovery Scaling 16 000 foot mountains in the Peruvian Andes and braving jaguars pumas insects and vampire bats in the jungle the scientists barely completed their mission One was murdered another perished from fever and a third Jean Godin nearly died of heartbreak At the expedition's end Jean and his Peruvian wife Isabel Gramesen became stranded at opposite ends of the Amazon victims of a tangled web of international politics Isabel's solo journey to reunite with Jean after their calamitous twenty year separation was so dramatic that it left all of 18th century Europe spellbound Her survival unprecedented in the annals of Amazon exploration was a testament to human endurance female resourcefulness and the power of devotion Drawing on the original writings of the French mapmakers as well as his own experience retracing Isabel's journey acclaimed writer Robert Whitaker weaves a riveting tale rich in adventure intrigue and scientific achievement Never before told The Mapmaker's Wife is an epic love story that unfolds against the backdrop of the greatest expedition the world has ever known **Mapmakers Wife Assortment**, 2005-01-01 A Day in a Working Life Gary

Westfahl, 2015-04-21 Ideal for high school and college students studying history through the everyday lives of men and women this book offers intriguing information about the jobs that people have held from ancient times to the 21st century This unique book provides detailed studies of more than 300 occupations as they were practiced in 21 historical time periods ranging from prehistory to the present day Each profession is examined in a compelling essay that is specifically written to inform readers about career choices in different times and cultures and is accompanied by a bibliography of additional sources of information sidebars that relate historical issues to present day concerns as well as related historical documents Readers of this work will learn what each profession entailed or entails on a daily basis how one gained entry to the vocation training methods and typical compensation levels for the job The book provides sufficient specific detail to convey a comprehensive understanding of the experiences benefits and downsides of a given profession Selected accompanying documents further bring history to life by offering honest testimonies from people who actually worked in these occupations or interacted with those in that field

**The Great Starvation Experiment** Todd Tucker, 2007 Reprint Originally published New York Free Press c2006 *Plotting the Globe* Avraham Ariel, Nora Ariel Berger, 2005-12-30 People use concepts such as time and date to structure their lives on a daily basis They often measure their travel by marking points arranged along great circles on the globe Yet most do not understand the origin and history of these terms and the stories of the intrepid adventurers scientists and seafarers who shaped our picture of the world today Ariel transports readers to faraway lands and ancient cultures that span more than 3500 years of exploration Phoenicians Spaniards Portuguese British French and many

others star in an epic that stretches from Lapland to Cape Horn via Greenwich Paris the Andes and the Fortunate Islands This book is a collection of stories and myths about geography navigation and geodesy the science that deals with the Earth's figure and the interrelationship of selected points on its surface that reaches far beyond dry scientific texts to concentrate on the people behind the discoveries The knowledge and understanding of abstract notions such as the Prime Meridian the Equator and the International Date Line is conveyed through emphasis on the human spirit that motivated the pioneer scientists and sailors It is a tale littered with heroes and villains battles tragedies and international intrigue Readers will learn of a time when nothing was certain even the shape and size of the earth were the subjects of fierce competition conflict and politics

*Covid-19* Janice M. Barlow, 2021-06-21 COVID 19 An America Changed looks back at the virus that transformed the world Janice M Barlow zeroes in on the day to day impact the virus has had on society including debates about our response to the pandemic She argues that some of the sticking points are old issues with new names while others are new especially for most of us who have never lived through a pandemic Drawing on interviews of ill individuals as well as data from news reports the author paints a detailed picture of how mandates were enforced testing was conducted and information and misinformation was circulated She also shares her own experience of getting sick in early 2020 and not being sure of its cause For weeks she was exhausted and miserable While God is not the focus of this monograph it poses an important question that should be top of mind Where will your heart be when you meet God on the other side
