his journey lay looking from its height over a broad expanse of valley As he drew nearer however it had been hidden among the ine qualities of the hillside until the winding road brought him almost to the iron gateway The sculptor found this substantial barrier fastened with lock and bolt There was no bell nor other instrument of sound and after summon ing the invisible garrison with his voice instead of a trumpet he had leisure to take a glance at the exterior of the fortress About thirty yards within the gateway rose a square tower lofty enough to be a very pro minent object in the landscape and more than sufficiently massive in proportion to its height Its antiquity was evidently such that in a cli mate of more abundant moisture the ivy would have mantled it from head to foot in a garment that might by this time have been centuries old though ever new In the dry Italian air About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www forgottenbooks com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works   **The Marble Faun, VOL.
