Watching Neighbours Twice a Day... Josh Widdicombe,2021-09-16 A wonderful blend of nostalgia hilarity and personal anecdotes that only Josh Widdicombe could deliver James Acaster If you read only one book by Josh Widdicombe this year make it this one Jack Dee Beautifully written cleverly crafted and charmingly funny Adam Hills This is a book about growing up in the 90s told through the thing that mattered most to me the television programmes I watched For my generation television was the one thing that united everyone There were kids at my school who liked bands kids who liked football and one weird kid who liked the French sport of petanque however we all loved Gladiators Neighbours and Pebble Mill with Alan Titchmarsh possibly not the third of these In his first memoir Josh Widdicombe tells the story of a strange rural childhood the kind of childhood he only realised was weird when he left home and started telling people about it From only having four people in his year at school to living in a family home where they didn t just not bother to lock the front door they didn t even have a key Using a different television show of the time as its starting point for each chapter Watching Neighbours Twice a Day is part childhood memoir part comic

history of 90s television and culture It will discuss everything from the BBC convincing him that Michael Parkinson had been possessed by a ghost to Josh s belief that Mr Blobby is one of the great comic characters to what it s like being the only vegetarian child west of Bristol It tells the story of the end of an era the last time when watching television was a shared experience for the family and the nation before the internet meant everyone watched different things at different times on different devices headphones on to make absolutely sure no one else could watch it with them *Marble Mania*
