Mehdi Chaabi, 2021-10-13 There is a hidden agenda in Elon Musk and Jeff Bezos s space exploration to colonize Mars and the Moon The media portray them as Americans who are rekindling space exploration that was once dominated by the rivalry between the United States and the extinct Soviet Union Before you write off what I have just said hear me out For more than a decade I ve closely studied the lives of Bezos and Musk I have watched as Jeff Bezos dominated online retailing and Elon Musk building Tesla and SpaceX As each spread their wings to critical industries I began to notice a pattern that only leads to one conclusion the hidden agenda each harbors On the surface it appears each of them is interested in dominating space However when you study how they operate in every industry you cannot help but conclude that there is more to their modus operandi If you would like to find out what this hidden agenda is and how Musk and Bezos are dominating the industries they each operate in then BEZOS vs MUSK is a book you should read In this book I Dan Bleigh an MBA graduate will be providing a unique angle of looking into the innovations and technology that Bezos and Musk use to dominate I compare the two top

richest people in the world side by side You ll learn the logistics strategy that each of these entrepreneurs applies to move their companies to the top Here s more of what you ll learn in this book Two dreams that Elon Musk has that ll take him to the top of the air transportation industry Discover two images in the conclusion that shows what Elon Musk and Jeff Bezos are planning when they re done with their respective projects What Jeff Bezos did to force NASA to freeze the Artemis program for a few months An initiative that Elon Musk is undertaking to help increase the thinking power of human beings and why he s doing it Why Elon Musk and Amazon Web Services have funded OpenAI A potent strategy that Amazon uses to dominate an industry it never operated in before And much much more The rivalry between Jeff Bezos and Elon Musk is intense and these two billionaires are in conflict over NASA s contracts However these conflicts are hiding what is happening in reality If you want to find out the truth behind the rivalry of Bezos and Musk get **BEZOS vs MUSK The Men Who Killed the News** Eric Beecher,2026-01-27 Readings Best Books of 2024 Non Fiction Nominated for the 2025 Sperber Prize Never before has the media played such an active part in our politics with Elon Musk using X to affect world elections and direct US government policy But as Crikey owner and ex News Corp executive Eric Beecher shows media moguls have a long history of abusing their power What s gone wrong with our media The answer its owners From William Randolph Hearst to Elon Musk from the British press barons to colonial upstarts Conrad Black and Rupert Murdoch media proprietors have manipulated the news to accumulate wealth and influence as they meddled with democracy Eric Beecher knows the news business from bottom to top He has been a journalist editor and media proprietor of Text Media and Crikey with the rare distinction of having both worked for and been sued unsuccessfully by the Murdochs This book reveals the distorted role of the media moguls of the past two centuries their techniques strategies behind closed doors machinations and indulgent lifestyles It explains how they have exploited the shield of the freedom of the press to undermine journalism and truth In an era of fake news AI and misinformation this is democracy s chillingly important story how a small coterie of flawed and narcissistic moguls created a shadow of power that has contributed to making the media an agent of mistrust **Climate Change and Carbon Markets: Late or Too Late?** John Ure,2026-01-01 This book offers an accessible introduction to climate change science and a comprehensive description and assessment of market and financial tools to combat the effects of climate change The opening three chapters focus upon science Chapter One is devoted to understanding the basics of climatology and the scenarios forecast by scientists contributing to the UN s Framework Convention on Climate Change UNFCCC Chapter Two focuses upon the alternative pathways to meeting the Paris Agreement goals as discerned by the over 700 scientists contributing to the Intergovernmental Panel on Climate Change IPCC Chapter 3 is a highly critical analysis of how different schools of economists have used a damage function to estimate the long term costs of climate change and more recent attempts to recognise the value of nature as an environmental benefit for future generations Chapters 4 6 examine policies to combat climate change Chapter 4 looks in some depth at public policies adopted by leading economies covering

China the EU India Singapore the UK and the USA The role of a carbon tax and alternatives are examined Chapter 5 is devoted to a history and analysis of the voluntary carbon market VCM sector and the role of carbon credits It not only highlights the weaknesses but examines the possibility that public sector regulation could be used to increase the credibility of voluntary carbon market transactions The chapter also examines the available technologies for carbon dioxide removal Chapter 6 is devoted to green finance and provides a critical review of the UN model that relies upon public capital catalysing private investment in green projects a model that is failing the Global South where the majority of Green House Gases GHG actually arise Globally there is an annual green finance gap of over USD1 trillion Chapter 7 concludes with an assessment of where present policies fall short notwithstanding the withdrawal of the USA for the Paris Agreement and in particular places emphasis on the need to combat GHG emissions where they most frequently occur in the Global South The author calls for the creation of an International Green Bank issuing green bonds supported by the world s leading economies with China and India playing leading roles and with an exclusive focus on emerging market and developing economies EMDEs before it is too late

Weaknesses of the Amazon Marketplace. Which factors contribute to the fact that suppliers are increasingly looking for new trading platforms? Manuel Weber, 2021-03-30 Seminar paper from the year 2021 in the subject Business economics Trade and Distribution grade 2.0 Private University Schloss Seeburg language English abstract The aim of this research was to identify the reasons that lead Amazon sellers to move away from the marketplace and look for alternative opportunities Derived from this the research question arises Which factors contribute to the fact that suppliers are increasingly looking for new trading platforms as an alternative to the Amazon marketplace With the help of a literature research of theory and practical context hypotheses were developed which were examined by means of an expert interview Amazon is one of the largest companies in this age With its marketplace Amazon can generate the greatest reach in order to reach customers The problem that retailers currently have to deal with are on the one hand the extremely high fees that you have to pay to Amazon in order to be listed on the market at all and on the other hand the customer friendly and retailer unfriendly service from Amazon especially for complaints and returns is increasingly no longer acceptable for many retailers This means that many retailers have to look for alternative sales opportunities in order to remain competitive However it is extremely difficult to create such a simple and customer friendly online shop as Amazon or to find an alternative with the same large reach as Amazon
