Luis Gonzalez Palma Poems Of Sorrow:

Luis González Palma Luis González Palma, 1999 Luis Gonzalez Palma's photographs are marked by a rich texture of transcendent symbols and an open armed embrace of beauty. Crowns, roses, and wings appear again and again, yet his world is one haunted by grief. He has said, "I live in a country, Guatemala, where there is mysticism and violence at the same time. Where you are enjoying nature and the helicopters are flying overhead to bomb some region where you know that as you are working, someone is being killed or someone is being baptized." However, Gonzalez Palma is no photojournalist. His landscape is not Guatemala's, but the soul's, and it is filled with angels and terrifying mythic beasts. The shadows that pervade it stem less from politics than from the sorrow of the human condition. For all the pain in his work, though, he never takes us to the point where we must abandon all hope. His subject is grief, never despair.

Artists from Latin American Cultures Kristin G. Congdon, Kara Kelley Hallmark, 2002-10-30 Latin Americans have long been relegated to the cultural background, obscured by the dominant European culture. This biographical dictionary profiles 75 artists from the United States and 13 nations of Central and South America and the Caribbean, including painters, sculptors, photographers, muralists, printmakers, installation artists, and performance artists. Some of their works recall pre-Columbian times; others confront the cultural imperialism of the U.S. over Latin America and many explore how the dominant elements of culture can affect identities of class, gender, and sexuality. Profiled artists range from the renowned to the little known: Frida Kahlo, Tina Modotti, Diego Rivera, Myrna Baez, Raquel Forner, Patrocino Barela, and many more. Color photographs are provided for many of the works. Each entry includes information about the artist's childhood, schooling, creative growth, and artistic styles and themes. Exemplary artworks and influences are described along with a look at popular and critical responses. Supplemental features include artist cross-references, a glossary of essential terms from the art world, and a number of vivid photos portraying the artists in their creative environments.

Teaching Central American Literature in a Global Context Gloria Elizabeth Chacón, Mónica Albizúrez Gil, 2022-06-15 Central America has a long history as a site of cultural and political exchange, from Mayan and Nahua trade networks to the effects of Spanish imperialism, capitalism, and globalization. In *Teaching Central American Literature in a Global Context*, instructors will find practical, interdisciplinary, and innovative pedagogical approaches to the cultures of Central America that are adaptable to various fields of study. The essays map out classroom lessons that encourage students to relate writings and films to their own experience of global interconnectedness and to read critically the history that binds Central America to the United States, Mexico, and the Caribbean. In the context of debates about immigration and a growing Central American presence in the United States, this book provides vital resources about the region's cultural production and covers trends in Central American literary studies, including Mayan and other Indigenous literatures, modernismo, Jewish and Afro-descendant literatures, nineteenth and twentieth century literature, and contemporary texts and films. This volume contains discussion of the following authors, filmmakers, and public figures:

Brief story about unease Luis González Palma,Rosina Cazali,2010 The rich sepia tone of a photograph by Luis Gonz lez Palma born 1957 is unmistakable he colors his prints by hand but always leaves the whites of his portrait subject s eyes untinted to elicit a disconcerting but penetrating gaze Working from Guatemala City since the 1980s and exhibiting internationally since about 1989 Palma has made his long term project the documentation of his country s indigenous Mayan population which governmental policy has ferociously repressed during the last half century Often collaged with symbols and objects Palma s pictures act as records of a population for whom violence and mysticism coexist Colloquia a more recent project gathers portraits of Guatemalan artists as part of a larger effort to establish a museum for contemporary Guatemalan art PHotoBolsillo s introduction to Palma s work surveys over two decades of his highly romantic and politically urgent photography

poetry of the ordinary that moment of transcendence when the commonplace becomes the extraordinary Myth and metaphor form the foundation of Carters imagery which transforms the literal into the symbolic In this sense the notion of holding Venus remarks upon the connection between the earthly and the celestial at the same time that it attests to the fundamental human aspiration to realize that which is seemingly unattainable While his early work concentrated on evoking a sense of place and spirit in his native East Texas Carter has more recently turned his distinct perspective outward photographing in Italy France England and elsewhere Yet he approaches his subject matter with humor and celebration and with a probing eye for the human spirit regardless of time and place Often his subjects are merely apparitions whose forms are slightly obscured by optical distortions The imagery of Carter s enigmatic world explores the mythological the surreal and the intangible that infuse everyday rituals and moments **Umbrella** ,1999 **FotoFest 2000** ,2000
