Lukács Reappraised Agnes Heller, 1983 This authoritative survey traces the development of Lukács thought from his conversion to Marxism to his renunciation of History and Class Consciousness from his remarkably fertile essay period to the Ontology The essays explore the evolution of his work in relation to that of his contemporaries among them Brecht Bloch and Husserl They reflect at every turn the contributors broad commitment to Lukács philosophy but they are always critical in their approach Lukács ambiguities are noted without compromise and his inconsistencies deftly exposed **Recovering the Later Georg Lukács** Matthew J. Smetona, 2023-04-25 New resources for the critique of capitalism in culture from the late writings of Georg Lukács one of the first authors in the tradition of Western Marxism The Hungarian literary critic philosopher and Marxist social theorist Georg Lukács is best known for his 1923 History and Class Consciousness in which he offered an influential critique of reification from the standpoint of a dialectical conception of totality While Lukács's early works have been central to the study of Marxist thought his later works have often been dismissed as political accommodations to Stalinism In this new study Matthew Smetona argues for a revisionist interpretation of Lukács's later writings on topics as diverse as aesthetics politics and ontology Smetona demonstrates that these writings reveal a methodological unity that follows directly from History and Class Consciousness in which realism in both literary and extraliterary senses becomes the basis for the critique of reification As Lukács had demonstrated reification is that process by which the social relations between persons seem to take on the character of a thing Rooted in Marx's concept of commodity fetishism the critique of reification proved in Lukács's hands to be a flexible tool capable of clarifying all manner of obfuscations that arise within the social relations that capitalism produces To recover the later work of Lukács is to open up new horizons for Marxist cultural criticism **Georg Lukács and His Generation, 1900-1918** Mary Gluck, 1991 Here is Lukács among friends lovers and peers in those important years before 1918 when he converted to Communism and Marxism at the age of 39 Lukács emerges as dramatic and psychologically complex but also as a figure whose dilemmas were echoed in the lives of other radical intellectuals who came of age during the fin de siècle period *Towards a Radical Democracy (Routledge Revivals)* Douglas Brown, 2013-12-19 Originally published in 1988 this is the first systematic account of the writings of Hungarian dissidents and former students of George Lukács collectively known as the Budapest School Dr Brown demonstrates the importance of their work in contributing to a logically consistent yet realistic theory of socialist mixed economies and genuine radical democracies The Budapest School's model of radical democracy represents a critique of both industrial capitalism and existing socialist systems with immediate political as well as philosophical importance Dr Brown is particularly concerned to draw out its significance for the practical realities of political economy and the logical implications for desirable reform of Western mixed economies **George Lukács and His World** Ernest Joós, 1987 Papers presented at the Lukács Symposium held at Concordia University Montreal Canada from October 10-12 1985 Interim

Judaism Michael L. Morgan, 2001-06-22 Interim Judaism Jewish Thought in a Century of Crisis Michael L Morgan Probes the impact of the 20th century on Jewish belief and practice Confronting the challenges of the 20th century from modernity and the Great War to the Holocaust and postmodern culture Jewish thinkers have wrestled with such fundamental issues as redemption and revelation eternity and history messianism and politics From the turn of the century through the 1920s European Jewish intellectuals confronted alienation and the challenges of modernity by seeking secure grounds for a meaningful life After the Holocaust and the fall of Nazism the rich results of their thinking on topics such as transcendence redemption revelation and politics were reinterpreted in an atmosphere of increasing disillusion and fragmentation In Interim Judaism Michael L Morgan traces the evolution of this shift in values as expressed in the work of social thinkers novelists artists and poets as well as philosophers and theologians at the beginning and end of the century Focusing on the problem of objectivity the experience of the transcendent and the relationship between redemption and politics he argues that the outcome for contemporary Jews is a pragmatic style of religiosity that has abandoned traditional conceptions of Judaism and is searching and waiting for new ones a condition that he describes as interim Judaism Michael L Morgan is Professor of Philosophy and Jewish Studies at Indiana University Bloomington He is author of Platonic Piety and Dilemmas in Modern Jewish Thought Indiana University Press He has edited The Jewish Thought of Emil Fackenheim Classics in Moral and Political Theory Jewish Philosophers and Jewish Philosophy Indiana University Press and A Holocaust Reader Responses to the Nazi Extermination With Paul Franks he has translated and edited Franz Rosenzweig Philosophical and Theological Writings Published with the generous support of Hebrew Union College Jewish Institute of Religion Cincinnati July 2001 128 pages 5 1 2 x 8 1 4 cloth 0 253 33856 5 35 00 L 26 50 paper 0 253 21441 6 15 95 s 12 50 **In the Shadow of**

Emancipation David N. Myers, William V. Rowe, 1997 The central addressed the conference question by reported on in this book was posed by Salo Wittmayer Baron then a young Jewish historian in his 1928 essay Ghetto and Emancipation In it he challenged what he called the lachrymose conception of Jewish history in which the Jewish Middle Ages were all evil and Jewish post Emancipation was all good In asserting that medieval Jews possessed more rights than the great bulk of the

population and enjoyed full internal autonomy in the corporatist order of medieval civilization he also found much to criticize in the loss of communal autonomy and the recasting of Judaism into a narrow confessional mold in the wake of the Enlightenment In other words how can a group seeking to preserve a measure of collective identity survive within a liberal society that values individual rights and obligations above all else This became the basis for a conference in 1995 at the University of Scranton attended by a distinguished roster of scholars on various fields of Jewish studies from across the United States Twentieth-century Eastern European Writers Steven Serafin,1999 *Thinkers of the Twentieth Century* Roland Turner,1987 Major thinkers in various intellectual disciplines are featured in Thinkers of the Twentieth Century Your patrons will find this guide a perfect start to their studies on 450 intellectuals from philosophy theology literary criticism aesthetics history social sciences politics and the sciences Entries are divided into two parts Part One includes a biography complete bibliography and reading list of the major books and articles written about the entrant Part Two consists of an extended 1 000 to 3 000 word essay on the entrant These essays explain in clear comprehensible language the work of the entrant and his her influence on the intellectual of the 20th century **Great Lives from History: Her-Mar** Frank Northen Magill,1990 Radical Philosophy ,1989 **Whither China?** John David Kadvany,2001 Whither China presents an in depth and wide angled picture of Chinese intellectual life during the last decade of the millennium as China struggled to move beyond the shadow of the Tiananmen tragedy Because many cultural and intellectual paradigms of the previous decade were left in ruins by that event Chinese intellectuals were forced in the early 1990s to search for new analytical and critical frameworks Soon however they found themselves engulfed by tidal waves of globalization surrounded by a new social landscape marked by unabashed commodification and stunned by a drastically reconfigured socialist state infrastructure The contributors to Whither China describe how instead of spearheading the popular mandated and state sanctioned project of modernization intellectuals now find themselves caught amid rapidly changing structures of economic social political and cultural relations that are both global in nature and local in an irreducibly political sense Individual essays interrogate the space of Chinese intellectual production today lay out the issues at stake and cover major debates and discursive interventions from the 1990s Those who write within the Chinese context are joined by Western observers of contemporary Chinese cultural and intellectual life Together these two groups undertake a truly international intellectual struggle not only to interpret but to change the world Contributors Rey Chow Zhiyuan Cui Michael Dutton Gan Yang Harry Harootunian Peter Hitchcock Rebecca Karl Louisa Schein Wang Hui Wang Shaoguang Xudong Zhang **The Life and Work of Karl Polanyi** Kari Levitt,1990 This book developes Karl Polanyi s thinking for its significance in the practice of economics and everyday life in democratic societies and also treats the life of Polanyi from a perspective that conveys an impression of the man his times and his place in the evolution of social and economic thought Karl Polanyi believed that the greatest threat to freedom was a poorly administered economy His search for economic and political institutions which reconciled society s need for freedom

to develop a moral sense with the requirements of our complex technological civilization led him to believe in the possibility and necessity of an economics that was more existential and human centred He did not underestimate the significance of livelihood to lives He emphasized nonetheless tht beyond sufficient livelihood preoccupation with the pursuit of even more economic wealth greatly erodes the quality of human existence **Agnes Heller and the Budapest School** Joan
