Morley, Mowbray Morris**

Lully Studies:

Lully Studies John Hajdu Heyer, 2000-12-07 The historical importance of composer Jean Baptiste Lully has long been recognised. Regarded as the founder of French opera as the embodiment of Baroque musical style and a key figure in the development of court ballet, his work enjoys popularity and scholarly interest. This volume presents the best research on Lully's life, his work, and his influence. Eleven essays by American and European scholars address a wide range of topics including Lully's genealogy, the Tragédie Lyrique, Lully's Palais Royal theatre, the collaboration with Molière, the transmission of Lully's work away from the Île de France, and an unexplored link with Marcel Proust. Illustrated with musical examples and photographs, the volume also contains surprising archival discoveries about the composer's early life in Tuscany and new information about his manuscript sources. It will interest all those involved in the music of Lully and his time, whether musicologists, historians, performers, or listeners. *Reader's Guide to Music* Murray Steib, 2013-12-02 The Reader's Guide to Music is designed to provide a useful single volume guide to the ever-increasing number of English language book-length studies in music. Each entry consists of a bibliography of some 3-20 titles and an essay in which these titles are evaluated by an expert in the field in light of the history of writing and scholarship on the given topic. The more than 500 entries include not just writings on major composers in music history but also the genres in which they worked, from early chant to rock and roll, and topics important to the various disciplines of music scholarship, from aesthetics to gay/lesbian musicology. **Dance and Drama in French Baroque Opera** Rebecca Harris-Warrick, 2016-10-27 Examines the evolving practices in music librettos, choreographed dance, and staging throughout the history of French Baroque opera. *The Oxford Handbook of Opera* Helen M. Greenwald, 2014-10-03 What IS opera? Contributors to *The Oxford Handbook of Opera* respond to this deceptively simple question with a rich and compelling exploration of opera's adaption to changing artistic and political currents. Fifty of the world's most respected scholars cast opera as a fluid entity that continuously reinvents itself in a reflection of its patrons, audience, and creators. The synergy of power, performance, and identity recurs thematically throughout the volume's major topics: Words, Music, and Meaning; Performance and Production; Opera and Society; and Transmission and Reception. Individual essays engage with repertoire from Monteverdi, Mozart, and Meyerbeer to Strauss, Henze, and Adams, in studies of composition, national identity, transmission, reception, sources, media, iconography, humanism, the art of collecting, theory, analysis, commerce, singers, directors, criticism, editions, politics, staging, race, and gender. The title of the penultimate section, *Opera on the Edge*, suggests the uncertainty of opera's future: is opera headed toward catastrophe, or have social and musical developments of the last hundred years stimulated something new and exciting and well-operated? In an epilogue to the volume, a contemporary opera composer speaks candidly about opera composition today. *The Oxford Handbook of Opera* is an essential companion to scholars, educators, advanced students, performers, and knowledgeable listeners; those who simply love opera. **Columbia University Oriental Studies**, 1925 Performance Practice Roland

Jackson,2013-10-23 Performance practice is the study of how music was performed over the centuries both by its originators the composers and performers who introduced the works and later by revivalists This first of its kind Dictionary offers entries on composers musiciansperformers technical terms performance centers musical instruments and genres all aimed at elucidating issues in performance practice This A Z guide will help students scholars and listeners understand how musical works were originally performed and subsequently changed over the centuries Compiled by a leading scholar in the field this work will serve as both a point of entry for beginners as well as a roadmap for advanced scholarship in the field

Historical Dictionary of Baroque Music Joseph P. Swain,2023-05-08 Named a Library Journal Best Reference of 2023 Bravo An invaluable source for scholars and concertgoers Library Journal In the history of the Western musical tradition the Baroque period traditionally dates from the turn of the 17th century to 1750 The beginning of the period is marked by Italian experiments in composition that attempted to create a new kind of secular musical art based upon principles of Greek drama quickly leading to the invention of opera The ending is marked by the death of Johann Sebastian Bach in 1750 and the completion of George Frideric Handel s last English oratorio Jephtha the following year The Historical Dictionary of Baroque Music Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 500 cross referenced entries on composers instruments cities and technical terms This book is an excellent resource for students researchers and anyone wanting to know more about baroque music *The Eighteenth Century* American Society for Eighteenth-Century Studies,2004 In their hundreds of entries and reviews the editorial staff have expanded both the quantity and depth of the work but also re evaluated the subject headings to better reflect the needs of users be they professionals or students General categories include printing and bibliographical studies historical social and economic studies philosophy *MacMillan's Magazine* Sir George Grove,David Masson,John Morley,Mowbray Morris,1897

Macmillan's Magazine David Masson,George Grove,John Morley,Mowbray Walter Morris,1897 *The Livrets of Jean-Baptiste Lully's Tragédies Lyriques* Carl B. Schmidt,1995 *History of Medieval Philosophy* Maurice Wulf,1909 Places in their proper historical setting the numerous philosophical systems of Middle Ages and traces their mutual doctrinal relations *Jewish Influence on Christian Reform Movements* Louis Israel Newman,1925 Harvard Musical Review ,1914

Jean-Baptiste Lully and the Music of the French Baroque James R. Anthony,1989-02-09 This volume of essays on Jean Baptiste Lully and his musical legacy honours the distinguished French baroque scholar James R Anthony Jean Baptiste Lully court composer to Louis XIV served as the principal architect of what would become known as the French style of music in the baroque era The style he created strongly influenced the great musical figures in England Purcell and Handel and Germany Bach and Telemann but Lully s music itself has received little attention Recently through the efforts of scholars and musicians concerned with the performance practices of Lully s time Lully s own music has begun to come alive in performance and recording These essays all by important baroque specialists cover significant aspects of Lully s life and

works and the French tradition he influenced They constitute the first post war collection of studies centred on Lully and form a fitting tribute to Professor Anthony whose own French baroque music provided a stimulus for the work of an emerging generation of scholars *Grove's Dictionary of Music and Musicians* George Grove,1928 **Early Music Review** ,2001

The New Grove Dictionary of Music and Musicians Stanley Sadie,John Tyrrell,2001 International Dictionary of Opera: L-Z C. Steven LaRue,1993 *Grove's Dictionary of Music and Musicians: F-L* Sir George Grove,John Alexander Fuller-Maitland,1906

Reviewing **Lully Studies**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence.
