Lunar Returns

Cyril Fagan, Roy Firebrace

Lunar Returns:

Lunar Returns John Townley,2003 Every month the Moon above comes back to where it was exactly when you were born Called the Lunar Return the chart cast for this instant tells the tale of the next 271 2 days to come It paints your emotional landscape day by day and reveals the tides that wash over your life as the Moon drives her daily course Once a primary tool of every professional astrologer this invaluable technique has often been neglected because of its demanding subtlety and complexity In this book long time astrological innovator John Townley has cut to the core of how and why to use the Lunar Return giving the student or professional astrologer the keys to the heart and the pulse of each and every month

Lunar Returns and Earth Returns Ciro Discepolo,2009 Probably this text is unique in its genre in the field of astrology anywhere in the world In fact for the first time a book is published concerning exclusively the usage of Lunar Returns and Earth Returns in support of Aimed Solar Returns and of Active Astrology Having published at least a dozen books on Solar Returns and Lunar Returns and having studied over twenty thousand aimed birthdays in a practice of almost forty years the Author is considered the foremost of experts in this specific field For the first time he takes a position concerning the question Astrology as a phenomenon of synchronicity or Astrology as a causality fact Hence he develops a possible general theory of his own on the functioning of Solar Returns Lunar Returns and Earth Returns The reader not only will find a comprehensive theory in support of the declared theses but above all many practical examples of daily usage of Lunar Returns and Earth Returns As for Earth Returns original tables allow you to try the described methods despite the lack of specific software programs Furthermore the Author proposes new paths of research concerning the practice of aimed Lunar and Solar Returns An absolutely essential book for those who love Predictive Astrology Active Astrology and the wonderful world of Solar Lunar and Earth Returns the latter being presented for the first time in its applicative possibilities

Predictive Astrology Bernadette Brady,1999-01-15 For serious astrologers this book is full of predictive techniques that really work including cycles transits returns progressions eclipses and the clearest explanation of the Saros cycles ever Describes luminary and planetary arcs and how to use transits to set up time maps Brady also interprets progressed planets waxing and waning orbs planets changing signs retrograde motion of transits and lunar phases and how they operate in predictive work Appendices Bibliography Lunar Returns: The Many Things You Should Know about This Fantastic Tool of Forecasting Ciro Discepolo,2010-12 This book is dedicated to all my English readers It is not only the result of a separation of certain pages from my book Lunar Returns and Earth Returns Ricerca 90 Publishing an operation that has left in this volume only the pages related to the Lunar Returns No it is not I think that it is something more something quite important for those wishing to study the subject on which focuses my present work I wanted to do different things together namely 1 I removed the section on Earth Returns for not all the Readers showed a real interest in it and I ve published this new edition of the text lowering the cost of the book 2 I ve tried to explain further and better what the Lunar Returns are and how they work 3 I ve

tried to clarify what are the different applications of the Lunar Returns 4 In relation to one of those applications the dating of the events within a Solar Return year I've added something that I think will appeal to Readers the complete discussion of the terrible saga of death in the Gandhi family widely illustrated with many charts of birth skies 104 new charts and 88 new pages Solar Returns and Lunar Returns and further clarified by tables of transits precisely to explain how you can use the LRs Lunar Returns for dating events within a year covered by a specific Solar Return I hope my Readers will reward this work of mine purchasing it and suggesting it to other colleagues Let me take leave from you by wishing you new amazing deep dives into the wonderful world of Astrology **Primer of Sidereal Astrology** Cyril Fagan, Roy Firebrace, 2008-07 This volume contains a wealth of information and explicit calculations for using the sidereal zodiac After introducing the sidereal technique the authors continue with the method of conversion from the tropical zodiac They go on to describe and demonstrate the progressed horoscope primary directing of the angles the sidereal solar return and solar quotidian progression Examples are used throughout Continuing on the authors introduce progressions the progressed sidereal solar return regression and sidereal lunar return Includes an extensive section on the art of interpretation If you use the tropical zodiac but want a concise and complete description of sidereal astrology this is the book for you [Aimed solar and lunar returns. What you can do when you cannot leave](#) Ciro Discepolo, 2009 English speaking readers fond of Astrology already know the Author thanks to his previous works Transits and Solar Returns and Lunar Returns and Earth Returns which have also been translated into several other languages In a practice of almost forty years of astrological research the Author has studied and guided over twenty thousand aimed birthdays he has also published a dozen books specifically on Solar Returns and Lunar Returns This is his fifth work in English two of them can be downloaded free from his webpage www.cirodiscepolo.it In this volume Ciro Discepolo deals with the second resource on which his Active Astrology is based the first one being the aimed birthday the so called exorcism of symbols In these pages the Author suggests to the Reader about what can be done when you cannot aim i.e. actively relocate your birthday either your Solar or Lunar Return by a practical application of the notion of activating or constellating a symbol For example Ciro Discepolo claims that if you can not leave for an aimed birthday to avoid Saturn being placed in the 5th House of your next Solar Return during the twelve months covered by the SR you had better devote more time to your kids help them in their studies or in their sporting activities pay the fee to enrol them in a course perhaps abroad where they could learn new subjects and or nurture and improve their condition in a broad sense Planet by planet House by House this volume contains all the suggestions of the Author on the exorcism of symbols a useful practice also in the case you do relocate your Solar and or Lunar Returns for example if you have willingly left some dissonant position in your map of Aimed SR or of Aimed LR and you wish to lower the threshold of risk a little more The volume also explains the philosophical and psychological roots justifying the practice of the exorcism of symbols **The Horoscope** Rollo Ireton, 1903 **Teach Yourself Astrology** Pt. Gopal Sharma & Pracharya Sewa Ram Jaipuria, 2006
