Lure Of Fundamentalism

Leroy S. Rouner, James R. Langford

Lure Of Fundamentalism:

The Lure of Fundamentalism Julianne Schultz, 2005 Fundamentalism is the new ideology Religion has become a more potent force in world affairs than it has been for generations with devastating consequences Our desire to be safe is shaping decisions in unprecedented ways Fundamentalism has become a metaphor for dogmatic solutions to complex problems from schooling to the environment foreign relations and health *In-Between God* Stephen Pickard, 2011-12-28 *In Between God* explores three important areas for contemporary Christianity theology community and discipleship Part One inquires into the rhythms of faith as it interacts with themes of uncertainty and doubt the nature of theological discourse the task of systematic theology evangelism and the various ways in which theology is done Part Two discusses the importance of place in relation to the church and themes of innovation undecideability and new forms of monastic community Part Three addresses themes in discipleship simplicity mysticism the passions and pilgrimage A red thread connecting these essays is the character of the triune God who is the energy and life in between all things *The Unity Principle* Ellis Rivkin, 2003 Presents a dynamic interpretation of Jewish history from biblical to modern times as a set of interconnected and evolving events and relationships that spring directly from Judaism's core beliefs Islam in Europe Nilfer Gle, 2011 *Islam in Europe* is a book full of striking images the assassination of and the death threats against artists and intellectuals violent demonstrations demanding Sharia law for Europe and acts of terrorism But there is another reality as Nil fer G le describes it from her own life experience Muslims who are politicians in European parliaments scholars teaching at European universities and artists who use this creative intercultural exchange as a theme in their art G le sees the best hope for a modern and European Islam in the Muslim women who in contrast to the men demonstrate their commitment to their heritage by wearing head scarfs while participating in modern Western life In manifesting their professional and public experience in their own communities they become the agents of change and modernism G le thus sees European Islam as feminine in contrast to the male dominated traditional Islam Abstracts of the Annual Meeting American Anthropological Association, 2007 **Australian Book Review** , 2005-03 **The Utne Reader** , 1991 In Search of Promised Lands Samuel J. Steiner, 2015-03-09 The wide ranging story of Mennonite migration theological diversity and interaction with other Christian streams is distilled in this engaging volume which tracks the history of Ontario Mennonites Author Samuel J Steiner writes that Ontario Mennonites and Amish are among the most diverse in the world in their historical migrations and cultural roots in their theological responses to the world around them and in the various ways they have pursued their personal and communal salvation In *In Search of Promised Lands* describes the emergence and evolution of today's 30 plus streams of Ontarians who have identified themselves as Mennonite or Amish from their arrival in Canada to the last decade In *In Search of Promised Lands* also considers how various Mennonite groups have adapted to or resisted evangelical fundamentalism and mainline Protestantism and it identifies the nineteenth and twentieth century shifts toward personal salvation and away from submission to the

church community Volume 48 in the Studies in Anabaptist and Mennonite History series Find out more about Ontario Mennonite and Amish history at the author s blog **Alpjan** ,2005 *World Press Review* ,1996 Conscience ,2003

Islam, Women and the Challenges of Today Farzana Hassan Shahid,2006 **Precarious Balances** Charles Stewart Goodwin,1999-04-15 Precarious Balances The Middle Ages of the Next Millennium explores a comparison of the present century and the next with the thirteenth and fourteenth centuries as a period of transition from one type of civilization to another Goodwin compares the present socio political trends with those of medieval Europe that developed the philosophy and the institutions that have dominated the last 500 years He portrays the struggle between the choices that can be made and the potential effects they can have discerning between what can and cannot be controlled Goodwin proposes plausible alternatives to short term policies that may avoid the long term adversity he envisions now He points out the downplayed realities of the twentieth century a period dominated by technological achievement and the affluence of some that actually was dominated by violence and a widening of wealth gaps This pattern he predicts will lead to a new feudalism if action is not taken to redirect the socio political tendencies now in place *Encounter* ,1985 Creative Intelligence in the 21st Century Don Ambrose,Robert J. Sternberg,2016-07-15 How can creative individuals and societies adapt to complex 21st century conditions Will civilizations thrive or collapse in the decades to come if they are not creative enough or if they are too creative Interest in these questions is growing however until now there has been inadequate understanding of the socioeconomic and cultural trends and issues that influence creativity This book provides that understanding while yielding insights from many of the world s leading creativity researchers and educational experts The book begins with a big picture interdisciplinary overview of the socioeconomic cultural and technological pressures emerging from 21st century globalization and describes some ways in which those pressures simultaneously suppress distort and invigorate creativity in general and creative education in particular After that prominent scholars of creativity and education use their impressive knowledge bases to clarify how we can adjust our thoughts and actions in order to give ourselves the best possible chances for success in this complex world The world s problems are complex messy and seemingly intractable but history tells us that human creativity finds solutions to even the most daunting problems This book collects perspectives on creative development from many of the most respected scholars and educators working in creativity and innovation today helping chart a path forward for creativity in the 21st century Jonathan Plucker Julian C Stanley Endowed Professor of Talent Development Johns Hopkins University A volume taking on macro opportunities and macroproblems by editors Ambrose and Sternberg is a treat for readers who want to think big and think forward Kick back for an imaginative journey that reaches back to early global insights but propels us solidly into the 21st century and beyond Ann Robinson Past President National Association for Gifted Children Index to Jewish Periodicals ,1994 An author and subject index to selected and American Anglo Jewish journals of general and scholarly interests *Pranksters* Kembrew McLeod,2014-04-01 From Benjamin Franklin s newspaper hoax that

faked the death of his rival to Abbie Hoffman's attempt to levitate the Pentagon pranksters hoaxers and con artists have caused confusion disorder and laughter in Western society for centuries Profiling the most notorious mischief makers from the 1600s to the present day Pranksters explores how pranks are part of a long tradition of speaking truth to power and social critique Invoking such historical and contemporary figures as P T Barnum Jonathan Swift WITCH The Yes Men and Stephen Colbert Kembrew McLeod shows how staged spectacles that balance the serious and humorous can spark important public conversations In some instances tricksters have incited social change and unfortunate prank blowback by manipulating various forms of media from newspapers to YouTube For example in the 1960s self proclaimed professional hoaxer Alan Abel lampooned America's hypocritical sexual mores by using conservative rhetoric to fool the news media into covering a satirical organization that advocated clothing naked animals In the 1990s Sub Pop Records then receptionist Megan Jasper satirized the commodification of alternative music culture by pranking the New York Times into reporting on her fake lexicon of grunge speak Throughout this book McLeod shows how pranks interrupt the daily flow of approved information and news using humor to underscore larger pointed truths Written in an accessible story driven style Pranksters reveals how mischief makers have left their shocking entertaining and educational mark on modern political and social life

Swiss Review of World Affairs ,1994 **Philosophy, Religion, and Contemporary Life** Leroy S. Rouner,James R. Langford,1996 These essays examine how some perennial problems in philosophy and religion are significant for understanding contemporary life Issues discussed include capitalism public philosophy man made mass death psychoanalysis feminism fundamentalism and the desire to be happy **The Economist** ,2006
