**African fly-fishing handbook** Bill Hansford-Steele, 2013-02-01 Fly fishing in all its forms is the fastest growing participatory field sport in the world. Whether you're hoping to catch trout, tigerfish, yellowfish or queenfish, there is little to match the sheer joy of fishing with a fly rod. Whether you're standing waist deep in a raging river estuary, fishing the saltwater or wading slowly into the calm waters of an inland lake, the thrill of casting a perfect line is unmatched. Africa is one of the world's most exciting fly fishing destinations. Dedicated fly fishers can be found casting their lines all over the continent in steaming tropical rivers, in the vast lakes of the Great Rift Valley, in mountain streams, on golden beaches and in turbulent estuaries. Africa offers everything from well-fished and managed rivers and dams of South Africa and Kenya to relatively unexplored and unknown destinations like the Bale Mountains in Ethiopia and the coastline of Madagascar. This completely revised, updated and full-colour edition of the African Fly Fishing Handbook covers all aspects of fly fishing on the African continent and includes chapters on when and where to fly fish in Africa, how to get started and what equipment to buy, casting and retrieving techniques, tactics and strategies, fresh and saltwater fish, yellowfish, fish food forms and winning fly patterns. The most comprehensive book of its kind, it will be indispensable to both seasoned fly fishers and those just starting out.
