Hinlicky, 2010-05-17 Is Christian belief tenable today Is it possible to be a creedal Christian With the help of Martin Luther Paul Hinlicky here explores classical Christian beliefs regarding the person and work of Christ and human nature and destiny He also counters contemporary objections to creedal faith from the so called new perspective on Paul to Pope Benedict's rejection of the Augsburg Confession to the continuing challenge of Marx Luther and the Beloved Community does not present Luther's medieval thought as a possibility for today but does make him available for the future as a teacher of the faith and a help for tackling contemporary questions of Christian belief According to Hinlicky Luther is misused and misunderstood by those of his own tradition and needs to be understood not as hero of the faith but rather as the proponent of a beloved community that does not yet fully exist In performing this makeover Hinlicky reveals genuine new insights concealed within Luther's rhetoric

**Luther's Interpretation of the Women of Genesis in the Enarrationes in Genesin, 1535-1545** Mickey Leland

Mattox, 2021-10-01 This work examines Martin Luther's interpretation of the female characters in the stories of Genesis drawing attention to his appropriation of premodern catholic interpretations of the biblical saints In Luther's hands many of these women became heroic examples of the godly life newly adapted to the worldly asceticism of emerging Protestantism Their everyday sanctity exercised for the most part within the limits Luther believed God had imposed on their sex displayed the kind of piety he thought should animate Christian women in their own households Two chapters evaluate Luther's interpretation of Eve noting his understanding of the ideal relations between men and women Five further chapters examine Sarah Hagar Rachel the daughters and wife of Lot and Potiphar's wife

**Aesop** Carl P. E. Springer, 2011-10-15 Reformer of the church biblical theologian and German translator of the Bible Martin Luther had the highest respect for stories attributed to the ancient Greek author Aesop He assigned them a status second only to the Bible and regarded them as wiser than the harmful opinions of all the philosophers Throughout his life Luther told and retold Aesop's fables and strongly supported their continued use in Lutheran schools In this volume Carl Springer builds on the textual foundation other scholars have laid and provides the first book in English to seriously consider Luther's fascination with Aesop's fables He looks at which fables Luther knew how he understood and used them and why he valued

them Springer provides a variety of cultural contexts to help scholars and general readers gain a deeper understanding of Luther s appreciation of Aesop     **Encyclopedia of Martin Luther and the Reformation** Mark A. Lampert,2017-08-31

Hardin,1997     *Tradition and Authority in the Reformation* Scott H. Hendrix,1996 This volume explores how elements of the medieval tradition were transformed into new claims of authority by the Reformation In theological terms the volume examines how ecclesiastical biblical and patristic authority were reinterpreted and applied by the reformers Several essays treat the social context of the German Reformation the communities which influenced Luther the positive stance taken toward the Jewish community by Urbanus Rhegius and a Protestant treatment of domestic relations that incorporates a spirited defense of women A third group of studies use contextual family theory to understand issues like clerical identity Luther s own authority as a reformer and the religious decisions of the princes As a whole the essays try to discover what motivated people to choose Protestantism and how they legitimated that choice for themselves and for others whom they attempted to persuade     **How Luther Became the Reformer** Christine Helmer,2019-03-26
