**Church-Union of the Armenians in Transylvania (1685-1715)** Kornél Nagy,2021-08-09 The 17th and 18th centuries have been regarded as one of the most exciting periods in the history of Hungary and Transylvania The wars of liberation to terminate the Ottoman occupation the integration of the Transylvanian Principality into the Habsburg Empire after 150 years relative independence the colonisation of the uncultivated lands during the Ottoman rule the re organisation of daily life and Prince Francis Ferenc Rákóczi's independence war 1703-1711 indicated serious challenges for the Habsburg Court in Vienna This period 1686-1711 fell serious duties to the Hungarian Catholic Church too Prior to these duties the process of Counter Reformation in Hungary's eastern and northern regions was getting increasingly under way Orthodox Ruthenians and Romanians in Transylvania united with the Roman Catholic Church The bishops who were highly supported by the missionaries delegated from Rome in order to re organise the Hungarian Catholic Church's religious life re appeared at the seats of the abandoned dioceses after the 150 years Ottoman occupation and nearly 110 years pressure from the strong Protestantism supported by the Princes of Transylvania The Armenians church union in Transylvania must be in fact analysed in this church historical context The history of Armenians in Transylvania escaping from Moldavia and Podolia between 1668 and 1672 should be regarded practically as an undiscovered area from both the Hungarian and international church historical point of view The church union of the Armenians in Transylvania is primarily associated with Bishop Oxendio Virziresco's 1654-1715 an Armenian Uniate cleric educated at Collegium Urbanum in Rome missionary efforts In this work I have tried to look for evident responses to these aforementioned problems resting on the partly discovered and undiscovered sources as well as analysing critically a few of secondary literature

### **Transottoman Matters** Arkadiusz Blaszczyk,Robert

Born,Florian Riedler,2021-12-06 This volume analyzes historical processes of mobility by focusing on material objects Mobility as a shorthand for various related processes such as migration transfer entanglement and translation involves human actors immaterial elements such as ideas and knowledge but also objects in various forms and functions For example

as material infrastructures they are the basis for transport and travel as goods they are the object and purpose of trade or gift exchange By focusing on the way objects determined certain processes of mobility and how their social meaning and materiality was transformed in these processes the contributors hope to gain deeper insight into the historical relations between the Ottoman Empire Eastern Europe and Persia Ukrainian Bishop, American Church Martha

Bohachevsky-Chomiak,2018-10-24 Constantine Bohachevsky was not a typical bishop On the eve of his unexpected nomination as bishop to the Ukrainian Catholics in America in March 1924 the Vatican secretly whisked him from Warsaw to Rome to be ordained He arrived in America that August to a bankrupt church and a hostile clergy He stood his ground and chose to live simple missionary life He eschewed public pomp as did his immigrant congregations He regularly visited his scattered churches He fought a bitter fight for the independence of the church from outside interference a kind of struggle between the Church and the state absent both He refashioned a failing immigrant church in America into a self sustaining institution that half a century after his death could help resurrect the underground Catholic Church in Ukraine which became the largest Eastern Catholic church today This trailblazing biography based on recently opened sources from the Vatican Ukraine and the United States brings the reader from the placid life of the married Catholic Ukrainian clergy in the

**Architecture of Kiev** Titus D. Hewryk, Ukrainian Museum (New York, N.Y.), 1982 This exhibition showcases the lost architecture of the Ukraine city of Kiev and reveals to a new generation the rich legacy of Kiev's architectural past. Many of Kiev's historical buildings were lost in the first years of Soviet domination of the once independent Ukraine. **Voluntary Brotherhood** Iaroslav Dmytrovych Isaievych, 2006-10-02 The study of the confraternity movement in early modern Ukraine is vital for our understanding of the unique place Ukrainian culture and society have occupied between Eastern and Western Christianity. Ukraine and Belarus were the only countries where Orthodox lay confraternities came into being. Their activities coincided with a period of crucial social and cultural change. Although structurally similar to their western European counterparts the Eastern rite confraternities developed their unique features. They introduced a spirit of competition between the two Ruthenian churches the Orthodox and the Uniate and contributed to an increase in the pace of Ruthenian socio cultural growth. The schools attached to the Orthodox confraternities in several larger cities disseminated European humanist ideas and introduced generally accessible post humanist education while the confraternity presses promoted the development of scholarship and literature. Voluntary Brotherhood is a translation of one of the best works on early modern Ukraine to appear in the USSR after the 1920s. It is also a thoroughly revised and updated version of the original Ukrainian language work by one of Ukraine's leading historians. The author Iaroslav Isaievych has not only deleted terminology Soviet censors imposed before the book could be published in Kyiv in 1966 but has also broadened the scope of his analysis by utilizing a comparative approach and taking into account the scholarly literature on the subject published in the past four decades. Forum, 1997 Ukrainian Quarterly, 1951
