Lyautey in Morocco Alan Scham, 1970 **Lyautey in Morocco** Alan Scham, 1970 *Lyautey of Morocco* Sonia Elizabeth Howe, 1931 **Lyautey and the French Conquest of Morocco** William A. Hoisington Jr, 1995-08-11 Lyautey and the French Conquest of Morocco describes and analyzes the method of colonial conquest and rule linked to the name of Marshal Louis Hubert Lyautey 1854 1934 France's first resident general in Morocco and the most famous of France's 20th century overseas soldier administrators Lyautey popularized the notions of peaceful penetration and indirect rule as part of a grand colonial design of military pacification economic development political modernization and social betterment For Lyautey imperialism could be a life giving force for both Frenchmen and Moroccans alike and during his thirteen years as resident general he boldly promoted France's actions in Morocco as the highest form of imperialism This book traces the development of Lyautey's ideas on conquest and rule at home and abroad and shows how they translated into practice While there was much that was praiseworthy in Lyautey's approach to colonial matters in the end force always remained more effective than anything else and whether used gently or severely it failed to stem Moroccan resistance to French rule Based on archival material in Morocco and France *Lyautey and the French Conquest of Morocco* is the first book to deal in a detailed manner with French pacification strategy in Morocco and with the mechanics of indirect rule always in reality rather more direct than indirect It should be of great value to readers of 19th and 20th century French European and North African history and to students of colonialism and imperialism **Lyautey in Morocco** Robert C. Harrison, 1959 *The Policy of Association in Morocco Under Marshal Lyautey, 1912-1925* Gerald Joseph Doiron, 1971 **Middle East, the Strategic Hub, and North Africa** Army Library (U.S.), 1973 *Origins of Marshal Lyautey's Pacification Doctrine in Morocco from 1912 to 1925* Potiron De Boisfleury, 2010 The work achieved by Marshal Louis Hubert Gonzalve Lyautey 1854 1934 in Morocco between 1912 and 1925 while he served as the resident general occupies a special place in French military history Lyautey's work still applies today and is seen as a model in the difficult domain of counter insurgency operations Far from conquering with raw strength alone Lyautey acted as a statesman and pacified the country while strengthening the authority of the Sultan Based on the principles of peaceful penetration and the oil drop theory his actions allowed the simultaneous development of infrastructure and economy while facilitating the reform of Moroccan institutions decisively contributing to the birth of modern Morocco Simple but effective because of its flexibility Lyautey's doctrine is the joint fruit of his experience and of the progressive maturation of colonial thought which he knew how to apply and promote better than anyone else From the numerous documents written by Lyautey himself his detractors his critics and modern historians this thesis examines the doctrine which guided Lyautey's actions in Morocco The primary aim is to determine the value and relevance of what Lyautey accomplished in Morocco by examining the origins of Lyautey's doctrine and design Morocco, 1935.
