Lyons Throne:

Holstein-Friesian Herd-book Holstein-Friesian Association of America, 1926 *The Bloodmoon Curse* Karen Wiesner, 2014-03-27 An unsuspecting nurse is lured to an ancient family mansion said to hold both ghosts and horrifying secrets in order to care for three orphaned children. Amberlyn Lyons has recently suffered a devastating miscarriage that has torn her marriage apart and shaken her faith. She quietly takes a nanny position at an isolated mansion in Bloodmoon Cove without electricity, telephone or ease of passage. The moment she walks into Bloodmoon Manor, Amberlyn deduces that all things aren't as they seem. The eerily similar owners distrust doctors who in thirty years have been unable to cure their severely deformed daughter, Katerina. Katerina both idolizes and despises Amberlyn for her beauty. Childishly cruel, Katerina enjoys tormenting the orphans by telling them tales of the malicious ghost that haunts the decaying mansion. Amberlyn discounts the paranormal legends as made up stories until she hears the shuffling of footsteps in the cold, dark halls and feels that she's being watched at every turn. She knows the ghost is real and she must protect the children. But when she discovers a graveyard behind the mansion filled with babies who died at birth or shortly thereafter, she realizes the ghost of Bloodmoon Manor is really a family curse and she was brought there to uphold the family legacy of that curse. Either she finds a way to escape with the children or she becomes the next bloodmoon bride.

The Workes of J. Weemse ... Containing ... Nine Bookes John WEEMES, 1636 **The Buddha Image** Yuvraj Krishan, 1996 Illustrations 247 b/w illustrations Description This book deals with crucial though controversial questions in Buddhist art: the origin of the Buddha image and the iconography of the Buddha images. The earliest Buddhist art of Sanchi and Bharhut is aniconic. The Buddha is represented in symbols only. In the later Buddhist art of Gandhara and Mathura the Buddha is represented in human form; he is the principal subject of sculptural art. The book seeks to explore the geographical area in which the image of the Buddha first emerged and whether the Buddhist doctrines Hinayana or Mahayana had anything to do with this transformation. The Buddha image as developed eventually at Sarnath became the model for the Buddha images in whole of Asia, south east, central and eastern Asia. The iconographic features of the Buddha image are superficially an aberration being in apparent conflict with the doctrine. The Buddha had cut off his hair at the time of his renunciation; the rules of the order enjoin that a monk must be tonsured and must discard and eschew all riches. However in his images the Buddha has hair on his head; later he is also endowed with a crown and jewels. After an exhaustive examination of the views of various scholars the book answers these questions and resolves the controversies on the basis of literary, numismatic and epigraphic sources. More importantly it makes use of the valuable evidence from the contemporaneous Jaina art. Aniconism of early Jaina art and the iconographic features of Jaina images. The implications of this study are also important. Does India owe idolatry to Buddhism? Was this of foreign inspiration? Was the Buddha image fashioned after the Vedic Brahma and whether the Buddha's usnisa and Buddhist art motifs are rooted in the Vedic tradition? The book is profusely illustrated and provides rich and stimulating fare to students of Indian art.

in general and of Buddhist art in particular **Music in Renaissance Lyons** Frank Dobbins,1992 The first comprehensive study of musical life in Lyons at a time when the city was a leading European commercial and cultural center this book surveys the vast repertoire of music copied and published relating it to social political economic intellectual and religious life The great wealth of the city's literature is scrutinized for references which provide testimony to the musical attitudes and activities of resident or visiting patrons and amateurs Information on the composers who lived or worked in Lyons is gleaned from contemporary records dedications and correspondence as well as from their musical output The masses motets chansons madrigals psalms and instrumental music for church state and citizen are reviewed reflecting changes in form and style that occur in response to the requirements of visiting courts of an increasingly demanding bourgeoisie led by affluent Italian patricians and eventually a more intrusive Protestant community Memoirs and Correspondence of Lyon Playfair Thomas Wemyss Reid,Lyon Playfair Baron Playfair,1899 **The Lyon in Mourning** Robert Forbes,1896
