Macarthurs Navy:

MacArthur's Navy Edwin P. Hoyt, 2012-10-17 Yet another in depth military account from the prolific Hoyt Focusing on the US Seventh Fleet the author offers a vivid authoritative log of key operations launched by Gen Douglas MacArthur commander of Allied forces in WW II s Southwest Pacific theater Starting in late 1943 to illustrate MacArthur directed American and Australian troops on a series of leapfrogging assaults which by the summer of 1944 recaptured New Guinea from the Japanese With each engagement the Seventh Fleet which Hoyt dubs MacArthur s Navy gained valuable warships and invaluable experience A solid chronicle on a vital weapon in MacArthur s arsenal **MacArthur's Navy** Edwin P.

Hoyt, 1992-08-01 **Fighting for MacArthur** John Gordon, 2011-10-15 Fighting for MacArthur is a welcome addition to the scholarship on the Pacific War Gordon makes extensive use of the U S Army Navy and Marine Corps archives and interviews with veterans of the Philippine campaign This is a well written engaging treatment of the steadily deteriorating position of the defenders in the Philippines Michigan War Studies Review For the first time the story of the Navy and Marine Corps in the 1941 42 Philippine campaign is told in a single volume Drawing on a rich collection of both U S and recently discovered Japanese sources as well as official records and wartime diaries Gordon chronicles the Americans desperate defense of the besieged islands Gordon offers updated information about the campaign during which the Navy and Marines fighting in what was largely an Army operation performed some of their most unusual missions of the entire Pacific War He also explains why the Navy s relationship with Gen Douglas MacArthur became strained during this campaign and remained so for the rest of the war As a result of Gordon s extensive primary source research Fighting for MacArthur presents the most complete account of the dramatic efforts by elements of the Navy and Marine Corps to support the U S Army s ill fated defense of the Philippines **MacArthur's ULTRA** Edward J. Drea, 1992 Cracking the enemy s radio code is a task so urgent and so difficult that it demands the military s best minds and most sophisticated technology But when the coded messages are in a language as complex as Japanese decoding problems multiply dramatically *MacArthur's Jungle War* Stephen R.

Taaffe, 1998 His book tells not only how victory was gained through a combination of technology tactics and army navy cooperation but also how the New Guinea campaign exemplified the strategic differences that plagued the Pacific War since many high ranking officers considered it a diversionary tactic rather than a key offensive We Shall Return! William M. Leary, 2021-11-21 They were the forgotten commanders of World War II While the names of Bradley and Patton became household words for Americans few could identify Krueger or Eichelberger They served under General Douglas MacArthur a military genius with an enormous ego who dominated publicity from the Southwest Pacific during the American advance from Australia through New Guinea to the Philippines While people at home read about the great victories that were won by MacArthur s navy and MacArthur s air force his subordinates labored in obscurity fearful lest attention from the press lead to their replacement Historians too have paid little attention to the men who fought so well in the far reaches of the Pacific and

not a single biography has appeared in the decades since V J Day Yet General Blamey played a key role in the early battles of New Guinea Generals Krueger and Eichelberger led American armies to major victories over the Japanese General Kenney was one of the foremost air strategists of the war while few airmen could match General Whitehead's tactical brilliance Admiral Kinkaid took a crucial part in one of the greatest naval engagements in history Admiral Barbey was an acknowledged master of amphibious warfare We Shall Return addresses a serious shortcoming in the literature of World War II Revealed for the first time is the full extent of the contributions made by MacArthur's commanders to the defeat of the Japanese As the authors of these essays so ably demonstrate many of MacArthur's bold decisions and innovative tactics were urged upon him by his subordinates Clearly these men deserve more credit for his successes than they have received **MacArthur's Airman** Thomas E. Griffith,1998 Thomas Griffith offers a critical assessment of George C Kenney's numerous contributions to MacArthur's war efforts He depicts Kenney as a staunch proponent of airpower's ability to shape the outcome of military engagement and a commander who shared MacArthur's strategic vision *MacArthur's Amphibious Navy* Daniel E. Barbey,1971 Tracking the Axis Enemy Alan Harris Bath,1998 Former US naval intelligence officer Bath describes how his own area before he was in it was as responsible as Allied warships in the successful 1942-43 campaign against German U boats known as the Battle of the Atlantic He describes the cooperation at all levels in all theaters of war and at all points in the cycle from gathering through analysis to dissemination He also considers the naval intelligence in the South Pacific throughout highlighting the contributions of Britain and other Commonwealth states Annotation copyrighted by Book News Inc Portland OR The Little Giants Carolyn C Y'Blood,2012-04-15 The substantial accomplishments of the U S Navy's mini carriers in such battles as Leyte Gulf Guadalcanal the Marianas and Okinawa never gained the attention given the fast carriers but there is little question that their vital operations played an important role in the Pacific campaign These remarkably versatile vessels called CVEs baby flattops and even jeeps hunted submarines escorted convoys provided air support and performed dozens of other tasks that are vividly described in this book Based on interviews with the CVE crewmen and on war diaries ship histories and other documents it tells a moving story of escort carrier operations from the work of the first CVEs to their final assignment transporting GIs home after the war Seldom seen photographs add to this fascinating portrait of the little giants MacArthur's Victory Harry Gailey,2004-12-28 A GREAT WARRIOR AT THE PEAK OF HIS POWERS In March 1942 General Douglas MacArthur faced an enemy who in the space of a few months captured Malaya Burma the Philippines the Dutch East Indies and from their base at Rabaul in New Britain threaten Australia Upon his retreat to Australia MacArthur hoped to find enough men and material for a quick offensive against the Japanese Instead he had available to him only a small and shattered air force inadequate naval support and an army made up almost entirely of untried reservists Here is one of history's most controversial commanders battling his own superiors for enough supplies since President Roosevelt favored the European Theater butting heads with the Navy which opposed his initiatives and on his

way to making good his promise of liberating the Philippines In the battles for Buna Lae and Port Moresby the capture of Finschhafen and other major actions he would prove his critics wrong and burnish an image of greatness that would last through the Korean War This was the other Pacific War the one MacArthur fought in New Guinea and against all odds and most predictions decisively won **MacArthur's Amphibious Navy** Daniel E. Barbey,1969 **The Royal Australian Navy and MacArthur** Ian Pfennigwerth,2009 By 1945 MacArthur s forces had advanced from Papua to the Philippines and to Borneo The majority of the troops supplies and equipment for this campaign were transported by sea and MacArthur s success was based on 22 amphibious assaults By 1945 MacArthur s forces had advanced from Papua to the Philippines and to Borneo The majority of the troops supplies and equipment for this campaign were transported by sea and MacArthur s success was based on 22 amphibious assaults Soldiers and Marines did the ground fighting and MacArthur s air forces eventually ruled the skies but it was the ships of the United States and Australian navies that delivered them to the battlefronts and supported them This book reveals much of the RAN s war little reported upon Tiny by comparison with the USN the RAN more than compensated by commanding all the hydrographic surveying for MacArthur s shipping and amphibious assaults and shouldered the major responsibility for protecting MacArthur s convoys The RAN bombarded enemy positions drove off Japanese reinforcements and harassed enemy coastal shipping RAN Coast Watchers collected crucial intelligence Beach Commandos directed men and material across assault beaches often delivered by RAN landing ships RAN ships shuttled troops and equipment rescued downed airmen and swept enemy mines Australian sailors fought and sometimes died in battles against kamikaze aircraft in the Philippines and in routing the Japanese Fleet at Surigao Wherever MacArthur s troops fought the RAN was there When the fighting stopped the RAN facilitated the surrender of Japanese forces and finally brought our troops home The Years of MacArthur D. Clayton James,Dorris Clayton James,1970 A detailed biography of General of the army Douglas MacArthur chronicles his controversial military administrative and political career and examines his complex contradictory personality and character Fighting for MacArthur John Gordon,2011 As the only single volume work to offer a full account of Navy and Marine Corps actions in the Philippines during World War II this book provides a unique source of information on the early part of the war It is filled with never before published details about the fighting based on a rich collection of American and newly discovered Japanese sources and includes a revealing discussion of the buildup of tensions between Gen Douglas MacArthur and the Navy that continued for the remainder of the war U S Army veteran and defense analyst John Gordon describes in considerable detail the unusual missions of the Navy and Marine Corps in the largely Army campaign where sailors fought as infantrymen alongside their Marine comrades at Bataan and Corregidor crews of Navy ships manned the Army s heavy coastal artillery weapons and Navy submarines desperately tried to supply the men with food and ammunition He also chronicles the last stand of the Navy s colorful China gunboats at Manila Bay The book gives the most detailed account ever published of the Japanese bombing of

the Cavite Navy Yard outside Manila on the third day of the war which was the worst damage inflicted on a U S Navy installation since the British burned the Washington Navy Yard in 1814 It also closely examines the surrender of the 4th Marines at Corregidor the only time in history that the U S Marine Corps lost a regiment in combat To provide readers with a Japanese perspective of the fighting Gordon draws on the recently discovered diary of a leader of the Japanese amphibious assault force that fought against the Navy s provisional infantry battalion on southern Bataan and he also makes full use of the U S ship logs and the 4th Marine unit diary that were evacuated from Manila Bay shortly before the U S forces surrendered Publisher description **MacArthur Strikes Back** Harry A. Gailey, 2000 The Japanese defense of the Buna area of the northeastern coast of New Guinea was organized around major strongpoints Taken together they formed a well designed complex of mutually supporting bunkers concealed by dense tropical vegetation and sited in such a manner as to cover every possible avenue of approach It was hot and humid a mixture of jungle and swamp infested with insects and leeches Scrub typhus malaria dengue fever and dysentery were epidemic **Engineers of the Southwest Pacific, 1941-1945** United States. Army. Forces, Pacific, 1959 Douglas MacArthur Bernard K. Duffy, Ronald H. Carpenter, 1997-08-26 From I Shall Return to Old Soldiers Never Die General MacArthur s phraseology invariably captured an audience s attention The MacArthur persona may be familiar to many Americans more because of his oratory than because of his military deeds Covering both his martial and his political oratory this book provides a balanced full length study of MacArthur s oratorical accomplishments and their impact Part I is a critical analysis of MacArthur and his speeches while Part II contains the texts of the addresses discussed In their analysis the authors avoid extremes of praise or blame The highlight of the book is its account of MacArthur s rhetoric persuading Army and Navy chiefs to undertake the Inchon landing arguably his finest hour When MacArthur challenged Truman taking policy differences to Congress his rhetoric enabled more than one congressman to see deity in the general Duffy and Carpenter analyze well the measured cadences of that speech as well as the platitudes of the keynote speech at the 1952 Republican National Convention If Old Soldiers Never Die polished his halo the convention address tarnished it This book captures both the brilliant flashes and the arrogant stupidities of the man Quoted from the foreword by Robert P Newman The Quarterly of the Oregon Historical Society Oregon Historical Society, 1915 **Oregon Historical Quarterly** Oregon Historical Society, 1915
