**Downed Allied Airmen and Evasion of Capture** Herman Bodson,2005-09-27 This volume deals specifically with escape and evasion in the Netherlands Belgium and France an operation in which the author himself was directly involved and discusses the role which these lines of escape played in the lives of airmen who were forced to bail out over enemy territory He describes the ever present risks the often nameless patriots faced such as the danger of exposure and the threat of traitorous infiltration Specific lines are traced geographically and their main participants discussed Special emphasis is placed on the role of women in this resistance operation Throughout the book the reader benefits not only from the author's own personal recollections but also from his later on location research The final chapter concludes with statistical information directly related to this little known aspect of World War II Appendices include lists of the airmen helped by the resistance movement

**My Glorious Defeats** Barrett Brown,2024-07-09 Barrett Brown went to prison for four years for leaking intelligence documents He was released to Trump's America This is his story After a series of escapades both online and off that brought him in and out of 4chan forums the halls of power heroin addiction and federal prison Barrett Brown is a free man He was arrested for his part in an attempt to catalog interpret and disseminate top secret documents exposed in a security lapse by the intelligence contractor Stratfor in 2011 An influential journalist who is also active in the hacktivist collective Anonymous Brown recounts exploits from a life shaped by an often self destructive drive to speak truth to power With inimitable wit and style palpable anger and conviction he exposes the incompetence and injustices that plague media and politics reflects on the successes and failures of the transparency movement and shows the way forward in harnessing digital communication tools for collective action But My Glorious Defeats is more than just the tale of the clever and hilarious Brown it's also a rigorously researched dissection of our decaying institutions and of human nature itself As Brown makes clear institutions are made of people people with personal ambitions and personal vices and it is people just like him just like us who hold power As optimistic as it is heartbreaking My Glorious Defeats is an entertaining and illuminating manual for insurgency in the information age
