### **The Sense of Music**

Raymond Monelle,2010-09-17 The fictional Dr Strabismus sets out to write a new comprehensive theory of music But music's tendency to deconstruct itself combined with the complexities of postmodernism doom him to failure This is the parable that frames The Sense of Music a novel treatment of music theory that reinterprets the modern history of Western music in the terms of semiotics Based on the assumption that music cannot be described without reference to its meaning Raymond Monelle proposes that works of the Western classical tradition be analyzed in terms of temporality subjectivity and topic theory Critical of the abstract analysis of musical scores Monelle argues that the score does not reveal music's sense That sense what a piece of music says and signifies can be understood only with reference to history culture and the other arts Thus music is meaningful in that it signifies cultural temporalities and themes from the traditional manly heroism of the hunt to military power to postmodern polyvocality This theoretical innovation allows Monelle to describe how the Classical style of the eighteenth century which he reads as a balance of lyric and progressive time gave way to the Romantic need for emotional realism He argues that irony and ambiguity subsequently eroded the domination of personal emotion in Western music as well as literature killing the composer's subjectivity with that of the author This leaves Dr Strabismus suffering from the postmodern condition and Raymond Monelle with an exciting controversial new approach to understanding music and its history

**Journey to the Noble Horse** Greg Baker, 2020-09-19. *Journey to the Noble Horse* is an inspirational story of two families whose lives intertwined four hundred years ago in a heartfelt journey of faith, family, and forgiveness. Ari came from a modest family of commoners but King Albert's family ruled Christiana. The Lord's plan brought them together just in time to weather a coming storm that would threaten to turn their lives upside down. A mysterious man known only as Falke had plans of his own concerning Ari and King Albert. As Falke's growing power began to unfurl emanating from his ominous castle on the Herrgott River, he began to intrude more and more into the life of each member of the families, flaunting his resentment, anger, and revenge. Only by leaning on the Word of God and prayer will each family member grow enough in their faith to overcome the challenges that await them. *Journey to the Noble Horse* begins where *Journey to the Glass Hill* ended. Johann Magnus and Ivar had all left home on the same day. King Albert welcomed Johann into his palace while Magnus and Ivar headed south to Herrgott. Ari, their father, sat alone in his home grappling with his personal behavior and the knowledge that he had driven his sons away. He had always been in control; now he controlled no one. For the first time in his darkest hour, he turned to prayer. Could the Lord provide for him? These hope-filled novels are designed to be learning tools to uplift the reader in their Christian walk.
