Non State Actors And Authority In The Global System:

Non-state Actors and Authority in the Global System Richard A. Higgott, Geoffrey R. D. Underhill, Andreas Bieler, 2000
Traditionally in International Relations power and authority were considered to rest with states But recently in the light of changes associated with globalisation this has come under scrutiny both empirically and theoretically This book analyses the continuing but changing role of states in the international arena and their relationships with a wide range of non state actors which possess increasingly salient capabilities to structure global politics and economics

An Introduction to Global Studies Tuo Cai, Zhenye Liu, 2022-07-30 Since the 1950s globalization has been an increasingly irresistible trend and one that has exerted a tremendous impact on the political economic military environmental and social fortunes of mankind and yet existing theories in humanities and social sciences have been fundamentally built upon the traditional nation state model These two volumes a pioneering work on global studies to be published out of China aims at creating a new theoretical framework against the backdrop of globalization Volume 1 introduces the core concepts and discusses the critical issues of globalization while the editors redefine notions of politics economics law and globality while deploying globalization as a theoretical framework Volume 2 examines the multi level and multi dimensional nature of globalization analysing processes and systems of global society in the light of globalization and exploring the construction of a stable and rational global order These two volumes of global studies are an essential reference for scholars and students in politics economics international relations and law

The Kurds and US Foreign Policy Marianna Charountaki, 2010-10-18 This book provides a detailed survey and analysis of US Kurdish relations and their interaction with domestic regional and global politics Using the Kurdish issue to explore the nature of the engagement between international powers and weaker non state entities the author analyses the existence of an interactive US relationship with the Kurds of Iraq Drawing on governmental archives and interviews with political figures both in Northern Iraq and the United States the author places the case study within a broader International Relations context The conceptual framework centres on the inter relations between actors both state and non state and structures of material and ideational kinds while the detailed survey and analysis of US Kurdish relations in their interaction with domestic regional and global politics forms the empirical core of the study Stressing the intertwining of domestic and foreign policy as part of the same set of dynamics the case study explains the emergence of the interactive and institutionalized US relationship with the Kurds of Iraq that has brought about the formation within an Iraqi framework of an undeclared US official Kurdish policy in the post Saddam era Filling a gap in the literature on US Kurdish relations as well as the broader topic of International Relations this book will be of great interest to those in the areas of International Relations Middle Eastern and Kurdish Politics

Global Studies Tuo Cai, Zhenye Liu, 2020-06-07 Since the 1950s globalization has been an increasingly irresistible trend and one that has exerted a tremendous impact on the political economic military environmental and social fortunes of mankind and yet existing theories in humanities and social sciences

have been fundamentally built upon the traditional nation state model These two volumes a pioneering work on global studies to be published out of China aim at creating a new theoretical framework against the backdrop of globalization This volume discusses globalization on the supranational level The editors reveal the complexity of global studies by examining the multi level and multi dimensional nature of globalization analyzing processes and systems of global society against the backdrop of globalization and exploring the construction of a stable and rational global order These two volumes are an essential reference for scholars and students in politics economics international relations and law The Globalization of Contentious Politics Pamela Martin, 2014-06-23 This dissertation argues that Amazonian indigenous peoples organized via transnational networks due to the domestic blockages presented to them in their respective countries Due to these blockages and the growing number of transnational political opportunity structures such as national and international non governmental organizations multi lateral development banks and multinational corporation indigenous peoples mobilized through transnational advocacy networks and eventually formed transnational social movement organizations Through a comparative historical analysis of five Ecuadorian Amazonian indigenous organizations this work illustrates the processes of transnational collective action and its outcomes **Non-state Actors in International Relations** Bas Arts, Math Noortmann, Bob Reinalda, 2001 Assessing the influence of non governmental organizations on international and transnational politics as well as examining the importance of non state actors in a world of nation states this theoretically rich text also discusses approaches that deal with the interplay between domestic and international politics Thorough and insightful this text draws on perspectives and theories from political science policy studies and international law Using topical and original case studies which cover the fields of security trade social clauses environment development aid civil rights and crime this volume constitutes one of the first vigorous theoretical analyses of this important contemporary phenomenon *Introduction to International Relations* Joseph Grieco, G. John Ikenberry, Michael Mastanduno, 2022-03-24 This bestselling introductory textbook provides a truly comprehensive and approachable guide to international affairs Bringing together decades of combined experience in researching and teaching global politics from three acclaimed scholars this book introduces you to the key concepts in international relations while equipping you with the tools to successfully analyse the rapidly changing world in which we live Carefully and pedagogically structured the book is driven by nuanced enduring questions to support active engagement with the subject matter It covers everything from war and its causes to the pursuit of peace the role of non state actors on the world stage and transnational concerns such as climate change Thought provoking boxed features throughout highlight disparities between theory and practice provide overviews of key research and make use of the influential levels of analysis framework This third edition is completely updated throughout including extensive coverage of the latest advances in international relations scholarship and supported by a wealth of contemporary case examples The text is supported by a rich companion website with study guides instructor resources and interactive exercises to allow you to
