The New Yorker Harold Wallace Ross, William Shawn, Tina Brown, David Remnick, Katharine Sergeant Angell White, Rea Irvin, Roger Angell, 2000 Creative Management of Small Public Libraries in the 21st Century Carol Smallwood, 2014-12-23

Creative Management of Small Public Libraries in the 21st Century is an anthology on small public libraries as centers of communities serving populations under 25,000 that make up most of the public library systems in the United States. A wide selection of topics was sought from contributors with varied backgrounds reflecting the diversity of small public libraries. The thirty two chapters are arranged Staff Programming Management Technology Networking Fundraising User Services and provide tools to lead a local public library with relevant and successful services. This volume shares a common sense approach to providing a small in staff size or budget but mighty in impact and outcome public library service. The contributors demonstrate that by turning the service delivery team outward to the community with enthusiasm and positive energy it is possible to achieve significant results. Many chapters summarize best practices that can serve as checklists for the novice library director or as a review for the more seasoned manager working through new responsibilities. Chapters are tactical focusing on specific issues for managers such as performance evaluations, effective programming or e reader services. Time management is crucial in a small or rural public library as well as the challenges associated with managing Friends and volunteers. While most public libraries do not have the resources to satisfy customer expectations for instant gratification, ultra convenience and state of the art technologies. The authors of this book details strategies and methods for providing top notch customer service while moving beyond customer service to the creation of meaningful customer relationships. This volume makes an important contribution to the literature by reminding us that public libraries transform communities of every size. In fact never before has the role of the public library been a more critical thread in the fabric of community life.

Scrolls of the ancient Sumerians chronicling the deluge mention a passionate wife of Noah's by the name of Norea who came from an unknown land far away. Her name means fire and she burned off the worthless souls clinging to the rump of the ark as it floated free of the ground. But some say that she existed even before God said let there be light. No one dared mention this while Christianity reigned supreme but Shelley the poet knew the land's whereabouts and the name of its ruler Buhne Point Shoreline Erosion Demonstration Project, 1987
