Norse Greenland: Viking Peasants in the Arctic Arnved Nedkvitne, 2018-10-11 How could a community of 2000 3000 Viking peasants survive in Arctic Greenland for 430 years ca 985 1415 and why did they finally disappear European agriculture in an Arctic environment encountered serious ecological challenges The Norse peasants faced these challenges by adapting agricultural practices they had learned from the Atlantic and North Sea coast of Norway Norse Greenland was the stepping stone for the Europeans who first discovered America and settled briefly in Newfoundland ca AD 1000 The community had a global significance which surpassed its modest size In the last decades scholars have been nearly unanimous in emphasising that long term climatic and environmental changes created a situation where Norse agriculture was no longer sustainable and the community was ruined A secondary hypothesis has focused on ethnic confrontations between Norse peasants and Inuit hunters In the last decades ethnic violence has been on the rise in Eastern Europe the Middle East and parts of Africa In some cases it has degenerated into ethnic cleansing This has strengthened the interest in ethnic violence in past societies Challenging traditional hypotheses is a source of progress in all science The present book does this on the basis of relevant written and archaeological material respecting the methodology of both sciences **Song Index** Minnie Earl Sears, 1926 *Readers' Guide to Periodical Literature*, 1925 The Publishers Weekly, 1999 **AB Bookman's Weekly**, 1997 **Manual of the Methodist Episcopal Church** Methodist Episcopal Church, 1882 For Love of Magic Simon R. Green, 2023-05-02 History isn't what you think it is It's been rewritten to remove all the magic Together two people decide to put things right A new novel of magic history and true love from Simon R Green When they fall in love it's magic History can change and has changed Magic was and is real Once upon a time there was a forgotten era of magic and monster But the remnants and all memory of the old world have been replaced by the sane the scientific and the rational But sometimes the magical past isn't content to stay past That's where Jack Damian comes in It's his joy to protect our present from the supernatural remnants of an earlier time a different history It's his job to make the past safe Jack is called to the Tate Museum where dozens of people have disappeared beneath the surface of a painting While investigating he finds himself smitten with a mysterious art expert Amanda Fielding But Amanda has plans of her own and soon the two are traveling through time back to the Roman Empire and then forward through history from King Arthur's court to Sherwood Forest As they explore histories past as written and overwritten the balance of magic and science shifts and the choices the two make could change the world forever At the publisher's request this title is sold without DRM Digital Rights Management Praise for the Ishmael Jones series A brisk breezy mystery series With convincing supernatural twists and witty chapter titles readers will be anxious for sequels Publishers Weekly A new book from Green is always a treat for SF and urban fantasy fans because they know that in his fictional worlds things are never quite what they seem until it's too late His first foray into more traditional crime fiction albeit with an otherworldly flavor will delight mystery readers especially

those who relish a bit of genre blending Library Journal Without a doubt this is one of the best books the author has ever penned down The Gatehouse I really enjoyed the book If anything it was over too soon The author captures the English Country Manor Murder Mystery feel very well as he sets up pretty much everybody as a suspect I look forward to finding out more in future volumes British Fantasy Society Ishmael is a wonderful character an extraterrestrial living among humans and the series this is the third installment is a clever mixture of thriller and SF horror genres Green is best known for the Deathstalker space operas but give this one a few more installments to develop and it could well become Green s masterwork Booklist Starred Review Lovers of high quality fantasy and science fiction should make it a point to seek this guy out if they haven t already Booklist This relatively new series is a wonderful balance of murder mystery and urban fantasy with a sci fi twist If you enjoyed Green s previous books or if you are looking for a classic mystery with a modern twist this is the series for you That s What I m Talking About Ishmael Jones is one of the most underrated series ever and I haven t found one book in the series yet to disappoint I can t recommend this book and this whole series enough Tiny Book Reviews Praise for Jekyll Hyde Inc This book is hard to put down It is exciting from start to finish with thrills and monsters waiting behind every dark corner San Francisco Book Review Green transforms Robert Lewis Stevenson s classic horror novel into the launch pad for an exciting adventure He takes readers through a romp involving multiple horror classics updated to the twenty first century in an amusing and entertaining read Ricochet There s something about Green s dark humor that sucks me into many of his books And as violent and gory as this book is it s really about a good man striving to stay good in the worst circumstances Lesa s Book Critiques It has all the grim and all the dark of many of the author s previous series Reading Reality Praise for the Deathstalkers series Green moves his plot at top speed and his characters are alive and his background solid Asimov s SF Magazine An over the top masterpiece that veers between brutal comedy and touching riffs on love loyalty and betrayal bloody funny and extremely bloody The Guardian Space opera at its action best The novel is populated with heroic figures reminiscent of Lancelot and Arthur and villains that make Darth Vader seem like a nice person Once again Simon R Green has written a work that will appeal to Star Wars fans Midwest Book Review A guaranteed blood and thunder romp shot through with broad swathes of fashion parody a sustained piss take on lives of the Rich and Famous and the occasional lance of satire This last is refreshing stuff It s mostly aimed at Dictatorship Fascism Established Religion the Toadying Media and so forth and it s nice to find an author who knows that laughter is the most destructive weapon to aim at a repressive establishment In short very violent very funny very good Infinity Plus About Simon R Green Simon R Green is a great favorite of mine It s almost impossible to find a writer with a more fertile imagination than Simon He s a writer who seems endlessly inventive Charlene Harris A macabre and thoroughly entertaining world Jim Butcher on the Nightside series Nobody delivers sharp crackling dialogue better than Green and no one whisks readers away to more terrifying adventures or more bewildering locales Black Gate Magazine As quintessentially British as fish and chips SF Site Simon R Green is one hell of a

consistent writer if you like your Fantasy SF served with lashings of pulp mayhem dollops of snarky characters and big piles of extreme gore violence and horror Mmm tasty Fantasy Book Review UK Simon R Green is one of my all time favorite writers and I haven't read a book of his that I haven't devoured I hope he has many more years of writing left in him and suggest that if you need a fix pick up his Ishmael Jones books Crooked Reviews A splendid riddle wrapped in a mystery inside an enigma conveyed with trademark wisecracking humor and carried out with maximum bloodshed and mayhem In a word irresistible Kirkus Starred Review of Simon R Green's Night Fall For those who want a fantasy genre mash up that doesn't slow down Booklist on From a Droid to a Kill **Screens and Illusionism** Dominique Jullien, Peter Bloom, 2024-12-31

Screens and Illusionism explores the effects of illusionism as foundational to contemporary acts of perception and aesthetics Our point of departure is the acknowledgement that our sensory perception is fundamentally subject to mediation through a class of objects techniques and technologies We emphasize mediation to consider the loss of optical certainty and explore illusionism within the register of the uncanny The volume is divided into three sections Screens as Perceptual Vehicles Part I Mediation and its Avatars Part II and Alternative Teleologies of Media Part III Overall the collection resonates with contemporary discussions of screen culture media materiality and intermediality It explores an array of pre and post cinematic devices and spectacular entertainments forging links between the old and the new media and across media formats
