*The Nordish Quest* Richard McCulloch,1989      *Shadows on the Western Horizon: The Norse Leap into Forgotten Shores* Felix Clarke,2025-11-26 Long before the age of global exploration a fearless Norse people dared to chase the edges of the world Shadows on the Western Horizon invites readers into the stirring lesser known saga of Viking journeys that carried longships far beyond Greenland s icy cliffs toward an uncharted continent This vivid narrative reveals the motivations risks and marvels behind the Norse push into North America Through archaeological discoveries saga traditions and environmental clues the book reconstructs how these early mariners navigated perilous seas survived harsh climates and briefly built footholds in lands later known as Vinland From encounters with Indigenous communities to the logistical triumphs of transatlantic navigation each chapter highlights the resilience ambition and imagination that fueled these daring expeditions Created with teachers in mind this book blends accuracy with storytelling clarity making it ideal for presenting historical themes in classrooms or learning environments More than a recounting of voyages it celebrates human courage and the timeless drive to cross boundaries geographical cultural and psychological Step aboard the longships that reached beyond the medieval world and uncover the inspiring journey of the first Europeans to touch North American shores

**Harold Norse** A. Robert Lee,Douglas Field,2022-03-01 Who was Harold Norse Despite publishing over a dozen volumes of poetry between the early 1950s and the new millennium until now the Brooklyn born Norse has been relegated to a footnote in accounts of twentieth century literary history Harold Norse Poet Maverick Gay Laureate is the first collection of essays devoted to this enigmatic poet and visual artist As this volume explores Norse who developed his craft while living in Europe during the 1950s and 1960s is an important figure in the development of mid twentieth century poetics During the 1950s and 1960s Norse was a notable figure in the plethora of little poetry magazines published in the USA and Europe through to skirmishes with respectability and acceptance Penguin and City Lights Norse is a key figure in the development of the cut up process made famous by his friend William S Burroughs His correspondence with his mentor the poet William Carlos Williams captures his poetic shifts from formalism to the development of his Brooklyn idiom while his gripping autobiography Memoirs of a Bastard Angel documents his transatlantic networks of writers and artists among them James Baldwin Allen Ginsberg and Charles Bukowski And after returning to the US in the late 1960s Norse emerged as leading figure in Gay Liberation poetry List of contributors Jan Herman Erik Mortenson A Robert Lee Fiona Paton Daniel Kane Steven Belletto Est baliz Encarnaci n Pinedo Ronna C Johnson Kurt Hemmer Chad Weidner Benjamin J Heal Tate Swindell Andrew McMillan Douglas Field Jay Jeff Jones Todd Swindell and James Grauerholz      **Contesting Nordicness** Jani Marjanen,Johan Strang,Mary Hilson,2021-12-20 The terms Nordic and Scandinavian are widely used to refer to the politics society and culture of Denmark Finland Iceland Norway and Sweden But why have people felt the need to frame things as Nordic and why has the adjective Nordic become so prominent This book adopts a rhetorical approach analysing the speech

acts which have shaped the meanings of the term What do the different terms Nordic and Scandinavian have in common and how have the uses of these terms changed in different historical periods What accounts for the apparent upsurge in uses of the rhetoric of Nordicness in the 2010s Drawing on eight case studies of the uses of Nordic and Scandinavian from the nineteenth century to the present day the book explores the appeal and the flexibility of the rhetoric of Nordicness in relation to race openness gender equality food crime fiction Nordic co operation and the Nordic model Arguing that Nordic and Scandinavian are flexible and contested concepts that have been used in different often contradictory and inherently political ways the book suggests that the usage of the term has evolved from a means of creating a cultural community to forging political co operation and further to marketing models in politics and popular culture The rhetorical approach also shows how many of the hallmarks of Nordic political culture such as the Nordic model Nordic gender equality or Nordic openness are more recent conceptualisations than usually assumed As such the book argues for the need to turn attention away from analysing the different components of Nordicness into studying how when and for what purpose different features were made Nordic
