In Quest of Indian Folktales Sadhana Naithani, 2006-05-21 A rare piece of scholarly detective work Margaret Mills Ohio State University In Quest of Indian Folktales publishes for the first time a collection of northern Indian folktales from the late 19th century Reputedly the work of William Crooke a well known folklorist and British colonial official the tales were actually collected selected and translated by a certain Pandit Ram Gharib Chaube In 1996 Sadhana Naithani discovered this unpublished collection in the archive of the Folklore Society London Since then she has uncovered the identity of the mysterious Chaube and the details of his collaboration with the famous folklorist In an extensive four chapter introduction Naithani describes

Chaube's relationship to Crooke and the essential role he played in Crooke's work as both a native informant and a trained scholar. By unearthing the fragmented story of Chaube's life, Naithani gives voice to a new identity of an Indian folklore scholar in colonial India. The publication of these tales and the discovery of Chaube's role in their collection reveal the complexity of the colonial intellectual world and problematize our own views of folklore in a postcolonial world. *The Big Book of Picture-Book Authors and Illustrators* James Preller, 2001.
