Olesha's Envy:

Envy Yuri Olesha, 2009-01-16 To read this triumphant short novel is to behold man's heroic confrontation with the monsters of his own creation The New York Times Andrei Babichev is a paragon of Soviet values an innovative and practical man Director of the Food Industry Trust a man whose vision encompasses such future advances for mankind as the 35 kopeck sausage and the self peeling potato Out of kindness he rescues from the gutter Nikolai Karaleroov violently tossed from a bar after a drunken and self destructive tirade But instead of gratitude Babichev finds himself the subject of an endlessly malignant jealousy as Kavaelrov sees in him a representative of the new breed of man who has prevented him from realizing his true greatness A scathing social satire *Envy* is a concise and incisive exploration of the paradigmatic conflicts of the early Soviet age old versus new imagination versus pragmatism and the alienation of the romantic artist in the age of technology One of the signs of the book's universality is the fact that it has been claimed by nearly every school of critics and interpreted as everything from a submerged homosexual story to a twentieth century Notes from the Underground Poetic and satiric and quite an achievement it is a novel everyone should read Flavorwire Vladimir Nabokov had a low opinion of almost everything produced in Russia after his departure but he admired Olesha's writing Columbus Dispatch Olesha writes about the clash of two worlds but with a wry half defeated yet touchingly affectionate irony that seems entirely his own Irving Howe Harper's magazine *Envy* Yuri Olesha, 2004-05-31 A NEW YORK REVIEW BOOKS ORIGINAL One of the delights of Russian literature a tour de force that has been compared to the best of Nabokov and Bulgakov Yuri Olesha's novella *Envy* brings together cutting social satire slapstick humor and a wild visionary streak Andrei is a model Soviet citizen a swaggeringly self satisfied mogul of the food industry who intends to revolutionize modern life with mass produced sausage Nikolai is a loser Finding him drunk in the gutter Andrei gives him a bed for the night and a job as a gofer Nikolai takes what he can but that doesn't mean he's grateful Gripping sulking grovelingly abject he despises everything Andrei believes in even if he envies him his every breath Producer and sponger insider and outcast master and man fight back and forth in the pages of Olesha's anarchic comedy It is a contest of wills in which nothing is sure except the incorrigible human heart Marian Schwartz's new English translation of *Envy* brilliantly captures the energy of Olesha's masterpiece *Olesha's Envy* Rimgaila Salys, 1999 The novel *Envy* provides a humorous look at the individual's struggle with an increasingly industrialized society This critical companion edited by Rimgaila Salys aims to acquaint readers with the history biographical context critical reception and interpretation problems related to the novel It also helps the first time reader decipher some of the text's more difficult features including its shifting narrators and fluid boundaries between dream and reality *Yurii Olesha's Envy* Andrew Barratt, 1981 Reference Guide to Russian Literature Neil Cornwell, 2013-12-02 First Published in 1998 This volume will surely be regarded as the standard guide to Russian literature for some considerable time to come It is therefore confidently recommended for addition to reference libraries be they academic or public Alternative Kinships Jacob

Emery,2017-05-15 According to Marx the family is the primal scene of the division of labor and the germ of every exploitative practice In this insightful study Jacob Emery examines the Soviet Union s programmatic effort to institute a global siblinghood of the proletariat revealing how alternative kinships motivate different economic relations and make possible other artistic forms A time in which literary fiction was continuous with the social fictions that organize the social economy the early Soviet period magnifies the interaction between the literary imagination and the reproduction of labor onto a historical scale Narratives dating back to the ancient world feature scenes in which a child looks into a mirror and sees someone else reflected there typically a parent In such scenes two definitions of the aesthetic coincide art as a fantastic space that shows an alternate reality and art as a mirror that reflects the world as it is In early Soviet literature mirror scenes illuminate the intersection of imagination and economy yielding new relations destined to replace biological kinship relations based in food language or spirit These metaphorical kinships have explanatory force far beyond their context providing a vantage point onto for example the Gothic literature of the early United States and the science fiction discourses of the postwar period Alternative Kinships will appeal to scholars of Russian literature comparative literature and literary theory as well as those interested in reconciling formalist and materialist approaches to culture Envy Юрий Карлович Олеша,1967 This is the most comprehensive collection in English of Olesha s work It includes eight stories that have been translated especially for the Anchor edition Back cover *Envy and Other Works* by Yuri Olesha Yuri Olesha,1967 **Envy** Yuri Olesha,2012-08-07 A reprinting of one of the great 20th century Soviet novels **Russian Prose Writers Between the World Wars** Christine Rydel,2003 In an era of political economic and social conflict the opposition between ideas and actions characterizes the literary atmosphere in Russia between the world wars Writers during this period were drawn to tradition or progress individual freedom or collective responsibility free imaginations or tendentious templates creativity or conformity energy or entropy **The Twentieth-century Russian Novel** David Gillespie,1996 Eight of Russia s most popular and significant novels are presented in this important new guide for students Works include *We* by Evgenii Zamiatin *Red Cavalry* by Isaak Babel *Envy* by Iurii Olesha *How the Steel Was Tempered* by Nikolai Ostrovskii *The Master and Margarita* by Mikhail Bulgakov *Doctor Zhivago* by Boris Pasternak *Cancer Ward* by Alexander Solzhenitsyn *Pushkin House* by Andrei Bitov In each chapter David Gillespie examines one novel in detail and explores the career of the author and the critical reception of the work Throughout considerable reference is made to recently published scholarship and archival materials to provide students and scholars of Russian and Comparative Literature with a guide to these important Russian authors and their place in the world of literature The book also includes an extensive bibliography of secondary literature and contains textual references in both the original Russian and in English translation *Against the Grain* Janet G. Drachkovitch, 1968 In October of 1967 on the eve of the fiftieth anniversary of the Bolshevik Revolution the Hoover Institution at Stanford University sponsored a week long conference on Fifty Years of Communism in Russia In addition to the United States participants came from Great Britain Germany France and Canada and the Soviet Embassy in Washington was also concerned enough to send several observers The papers included in this volume give a well rounded picture of all aspects of the first fifty years of Soviet history Bertram D Wolfe Marxism and the Russian Revolution Leonard Schapiro The Basis and Development of the Soviet Polity G Warren Nutter The Soviet Economy Retrospect and Prospect John N Hazard Rigidity and Adaptability of Soviet Law Ivo J Lederer Soviet Foreign Policy Jean Laloy Proletarian Internationalism Raymond L Garthoff Military Theory and Practice John Turkevich Fifty Years of Soviet Science Max Hayward Themes and Democratic Challenge to Communism New Statesman, 1947-07 **Metamorphosis in Russian Modernism** Peter I.

Barta, 2000-01-10 Modern Russia has been shaped by Peter the Great's sudden attempt to transform it into a European country Since shapeshifting and identity are so closely linked in Russian history it is hardly surprising that metamorphosis is a prevalent albeit hitherto neglected theme in Russian literature Metamorphoses in Russian Modernism provides the first detailed account of metamorphosis as a Russian theme structuring principle and source of artistic identity Barta examines how the magical transformations depicted in the ancient classics and in the oral epic heritage resonate in Russian literature and film at the fin de siècle and the early decades of the twentieth century a period of dynamic change in Russian culture Two hundred years after Peter's forceful westernization and facing its second crucial transformation in 1917 Russia witnessed the decay of classic realism and positivism and the rise of irrational philosophies psychoanalysis artistic experimentation Marxism as well as the birth of the new genre of film This in depth volume examines metamorphosis in the works of prominent representatives of the divided Russian intelligentsia the Symbolists the most famous migr writer Nabokov Olesha the fellow traveller attempting to find his place in the Soviet state the enthusiastic poet of the Bolshevik movement Maiakovskii and finally Russia's greatest film director Sergei Eisenstein The volume directs attention to the fact that Russia itself is a metamorph The shapeshifter always retains features of previous identities and is sometimes capable of returning into previous forms whether today's Russia will want to or be able to do so remains to be seen It is futile to attempt to try to understand this civilisation let alone predict its future without considering the intellectual social and emotional reasons why it is not at rest with itself It is to this end that this volume hopes to make a contribution **Writers in Russia, 1917-1978**

than the United States and the United Kingdom Coverage ranges in time of writing from Apuleius *Metamorphosis* first century A D and Murasaki's *Tale of Genji* 11th century to Garcia Marquez's *100 Years of Solitude* 1967 and Margaret Atwood's *Surfacing* 1972 The 277 journals chosen primarily because of their wide circulation and 584 books indexed for relevant material contribute to the 13 000 bibliographic citations on 1 500 authors This is a reference tool which is surely essential for any library or world literature scholar
