Olympic Heroes World Class Athletes Winning At Life:

Charisma and Christian Life, 1996 **Olympic Heroes** J. Gerald Harris, 1996 The Quiet conquests of these Olympic athletes represent the true measure of a hero often far from the cheering fans that mark a win on the field

Communicating on the Playing Field Josef Solc, 2009-05 Communicating on the Playing Field is a book about reaching out to people around us through sports The popularity of sports is a bridge builder to 95% of people living in our world We as Christians long to communicate with all nations but find it difficult to do it through traditional means As the cultures of our world change so we must discover effective ways to relate to the secular people The playing field doesn't present cultural social political and religious barriers It is an open field that is available to Christian athletes and spectators Since Christ asks us to go and make disciples sports can help us penetrate our world This book provides a general introduction to the concept and practice of sports evangelism springing from a biblical and theological platform It demonstrates many opportunities of doing sports evangelism in the contemporary culture at home and abroad Dr Josef Solc is a native of the Czech Republic He represented his home country in tennis and ice hockey He wanted to study in a seminary in Prague but the communist government told him it was more beneficial for their society if he continued playing professional ice hockey than becoming a pastor During the Russian invasion of Czechoslovakia in 1968 Solc left his home and began his studies in Switzerland then in Oklahoma and Texas culminating in Ph D from Southwestern Baptist Theological Seminary in Fort Worth There he became a pastor at Hulen Street Baptist Church where he developed a strong evangelistic ministry by using sports After seventeen years of pastoral ministry Solc began teaching evangelism and missions at Southeastern Baptist Theological Seminary in Wake Forest North Carolina Professor Solc lives with his wife Joy in Raleigh North Carolina He continues teaching and doing sports evangelism at SEBTS

A Champion's Heart Jim Sheard, James L. Sheard, James F. Gauss, 1999 Sports enthusiasts get a pep talk for the soul in these testimonials of successful athletes from many different playing fields **I'd Know That Voice Anywhere** Frank Deford, 2016-05-03 A sparkling sampler of commentaries from celebrated sports journalist Frank Deford offers a kaleidoscope of sports highs and lows Midwest Book Review Frank Deford 1938 2017 was one of the most beloved sports journalists in America A contributing writer to Sports Illustrated for more than fifty years and a longtime correspondent on Real Sports with Bryant Gumbel in his dotage Deford was perhaps best known for his weekly commentaries on NPR's Morning Edition Beginning in 1980 Deford recorded sixteen hundred of them and I'd Know That Voice Anywhere brings together the very best creating a charming insightful and wide ranging look at athletes and the world of sports In I'd Know That Voice Anywhere Deford discusses everything from sex scandals and steroids to why in a culture dominated by celebrity sport is the only field on earth where popularity and excellence thrive in tandem This page turning compendium covers more than thirty years of sports history while showcasing the vast range of Deford's interests and opinions including his thoughts on the NCAA why gay athletes play straight and why he worried about living in an economy that is so dominated

by golfers A rollicking sampler of one of NPR's most popular segments I'd Know That Voice Anywhere is perfect for sports enthusiasts as well as sports skeptics and a must read for any Frank Deford fan Named a Best Sports Book of 2016 by Buffalo News Frank Deford definitely is worthy of a spot on the Mt Rushmore of sportswriters As always Deford's writing is glorious hitting all the notes from funny to emotional to profound Once again his words make sports come alive Chicago Tribune

Seoul Ambition Joel Cressman,2023-11-14 Seoul Ambition is the remarkable story of how the nation of South Korea despite its infamous obsession with academics focuses feverishly on sports in ways much different than what we're used to in the West South Korean athletes dominate leaderboards in international golf events and have won the most Olympic medals of all time in archery and short track speed skating The country has produced transcendent talents in figure skating and the budding arena of esports creating a seemingly never ending pipeline of children who want to emulate their success Yet the talent development process in Korea presents an interesting conundrum Though all young athletes pour in hours of practice Korean athletes traditionally only become world class in a select few niche sports One victory from a 20 year old golfer caused one of the greatest talent rushes in modern sports but a captivating World Cup run in men's soccer did not In fact Son Heung min the most dynamic Korean soccer player of all time actually had to rebel against the system to become a creative genius What is happening behind the scenes After spending years as a coach and physical education teacher in Seoul author Joel Cressman set out to answer that question Seoul Ambition explores the amazing stories of A young baseball prodigy who taught himself how to throw left handed to become one of the most accurate Major League pitchers of all time How South Korea intentionally used East Germany as a model to win more medals and the ideological battle over North Korea An educational system that pushes athletes to focus full time on their sports while ignoring academics to get into top universities Why the Korean Basketball League banned tall players to help save the sport The story and the surprising neuroscience behind how Korea became the global hotbed of professional video gaming The misconceptions of Tiger Parenting and how a hands on parenting style is viewed differently by East Asian children than Western kids Why the country's best speed skater was forced to defect to Russia How the national men's and women's hockey teams willed themselves from obscurity to compete with the world's best at the 2018 Olympics Full of extraordinary stories of athletes and their dedicated parents the book explores the science and history behind one of the most interesting sports cultures in the world Seoul Ambition will change the way you think about talent and creativity the power of community and national identity and the fascinating process of creating world class athletes *American Book Publishing Record* ,1996 Congressional Record United States. Congress,1980 Summer Olympics Mark Littleton,1996 Athletes who have competed in different Summer Olympics give their testimony to the power of faith in their lives Apolo Anton Ohno Michael V. R. Kets de Vries,2004 In order to work effectively with Russian organizations it is essential for potential Western partners and shareholders to fully understand their leadership style organizational practices and business expectations Based on extensive interviews with the pioneers of Russian business and the authors own experiences this perceptive new book attempts to decipher the enigma of Russia s new generation of business leaders The authors present six in depth case studies focusing on companies of vastly differing sizes ranging from a newly privatized operation and the creation and organization of an oligarch s empire to several entrepreneurial start ups in different service industries The case studies document the changes and developments that have occurred in Russia since the privatization era of the 1990s highlighting the strengths and weaknesses of the emerging business leadership orientations Grounded in Russian culture and history the book takes a balanced view of the rapid development and transformation of the country s business leadership over the past ten years The authors also offer perceptive conclusions and practical advice that will not only contribute to the success of Western businesses operating in Russia and other former communist countries in Eastern Europe but also help business people in Eastern Europe create high performance organizations As we move towards a globalized economy the need to recognise executive behaviour in Russia is becoming increasingly important This book will provide a great source of information for academics and researchers of entrepreneurship leadership studies and international business Although the focus is on Russian entrepreneurs the lessons in the book are equally as relevant for other cultures and leadership styles **A Winner by Any Standard** Robert J.
