**Oman and Its Renaissance** Donald Hawley,1990    *Oman & Its Renaissance* Donald Hawley,1977    **Sultan Qaboos and Modern Oman, 1970-2020** Abdulrahman al-Salimi,Allen James Fromherz,2022-04-27 One of the first timely accounts of both the modern Omani rebirth and its legacy over the entire reign of Sultan Qaboos 1970 2020 The book provides unique wide ranging interdisciplinary and international perspectives on modern Oman by specialists in a variety of fields from Oman Europe and North America Utilising a range of perspectives all chapters connect to the theme of rebirth of the connections between the past and the future pursued by Sultan Qaboos and his government in fields as diverse as health religion law economy heritage and diplomacy Not overlooking the many challenges faced during Sultan Qaboos reign and still faced by Oman the book engages various theories and perspectives about Oman s economic religious educational and cultural transformations under Qaboos d 2020 CE    The Renaissance Gallery Skira Editore,2024-11-26    **The History of**

**Nations: Oman, C.W.C. Greece** ,1910    **The Dhofar Conflict** Stephen Quick,2025-08-30 COIN counterinsurgency is a major element in international relations both historical and IR theory and in military history It was a vital component in the Cold War and decolonization COIN is now widely contrasted with Big War theory in the wake of the Russia Ukraine war and proxy war with NATO but is still a global phenomenon Dhofar as a mis ruled province of medieval Oman saw insurgency initiated by the Dhofar Liberation Front DLF and its successors organizations including the Popular Front for the Liberation of Oman and the Arabian Gulf PFLOAG These were supported variously by China the USSR and other Middle Eastern countries such as Egypt and Iraq but the insurgency was defeated by a combination Omani British Iranian and Jordanian forces The COIN win in Dhofar prevented the spread of Communism on the Arabian Peninsula thereby protecting British Middle Eastern influence and the vital Gulf oil supply to both the UK and wider Western economic bloc The war and associated counterinsurgency COIN campaign can be considered a unique or sui generis military success with revolutionary forces overcome in a difficult and often brutal campaign involving British forces including its elite SAS Regiment along with Jordanian and Iranian military aid The study covers much more than the Dhofar campaign and contrasts the Omani example with other British COIN operations in major decolonizing territories and Emergencies 1945 1999 These include the campaigns undertaken in Palestine Malaya Kenya Cyprus Brunei Borneo Aden and Northern Ireland which highlight the many similar aspects of these examples shared with the Dhofar War but also that its unique status in the British COIN historiography should be acknowledged    *Constructing Oman's Peaceful Identity* Giulia Daga,2024-08-27 This book offers a comprehensive and insightful exploration of Oman s discourses on foreign policy and national identity in the context of the Middle East The Sultanate of Oman is often hailed as a peaceful exception in the region but this work goes beyond surface level observations to reveal the intricate complexities of Oman s foreign policy and identity construction With a keen focus on deconstructing essentialist understandings the chapters delve into how discursive alignments and identity contents have

shaped the government's quest for legitimacy recognition and status. Employing a pioneering discourse historical approach to compare the National Day speeches and UN General Assembly speeches throughout Sultan Qaboos bin Said Al Bu Saidi's reign 1970-2020 the author reveals how discourse evolved based on time issues and audiences. Notably the book situates Oman within the context of the Gulf Cooperation Council states examining how the Omani government's interlinked discourses on identity and foreign policy contributed to differentiate the Sultanate from other Gulf countries. With chapters exploring Oman's foreign policy principles its material and ideological response to the ideas linked to the Dhofar Revolution and its interactions with the Arab world and the international community readers of this book will gain a comprehensive understanding of Oman's evolving national and supranational identifications and the dynamic nature of its foreign policy. Challenging prevailing narratives while providing a fresh perspective on the relations between Oman's foreign policy and identity construction this book marks an important text for scholars as well as policymakers and anyone interested in understanding the intricate dynamics of Oman's role in the global stage.
