## **Omnifience Factor:**

*The Omnifience Factor* Zach Hughes,1994-01-01 Aboard the space yacht Paulus a mixed crew of humans mutated to withstand their planet s poisonous atmosphere and humans who escaped the planet before the poisoning begin a perilous expedition Original *Historical Dictionary of Science Fiction Literature* Brian Stableford,2004-04-19 This reference tracks the development of speculative fiction influenced by the advancement of science and the idea of progress from the eighteenth century to the present day The major authors and publications of the genre and significant subgenres are covered Additionally there are entries on fields of science and technology which have been particularly prolific in provoking such speculation The list of acronyms and abbreviations the chronology covering the literature from the 1700s through the present the introductory essay and the dictionary entries provide science fiction novices and enthusiasts as well as serious writers and critics with a wonderful foundation for understanding the realm of science fiction literature The extensive bibliography that includes books journals fanzines and websites demonstrates that science fiction literature commands a massive following

**The A to Z of Science Fiction Literature** Brian M. Stableford,2005 Science fiction literature also known as sci fi and sf is one of the more recent and popular genres It only truly emerged during the 20th century and has not stopped growing in terms of authors titles and readers It has also evolved into a variety of subgenres ranging from hard sf to soft sf and utopias to dystopias with more than a smattering of horror detective war and feminist titles Stableford covers all of this and more taking a close look at what has become a booming industry with specialized writers publishers and fan magazines and literature from the United States United Kingdom France Russia and many other countries The chronology charts the genre s dazzling growth the introduction provides exceptional insight into what science fiction literature is all about and the dictionary section examines writers books themes and other specifics

**Book You Could Have Written** Essdale Wilson,2013-03-21 A special effort has been made to remove the boring suffering associated with dictatorial forced obligatory swallow and follow method of Bible study It is a must read for the curious believers nonbelievers It is the paradigm of methodology for those determined to do their own research that we are all capable of *Personnel Selection and Classification* Michael G. Rumsey,Clinton B. Walker,James H. Harris,2013-05-13 Bringing together several key elements needed to identify the most promising themes for future research in selection and classification this book s underlying aim is to improve job performance by selecting the right persons and matching them most effectively with the right jobs An emphasis is placed on current innovative research approaches which in some cases depart substantially from traditional approaches The contributors consisting of professionals in measurement personnel research and applied and military psychology discuss where the quantum advances of the last decade should take us further Comprehensive coverage of the

selection and classification domain is provided including a broad range of topics in each of the following areas performance conceptualization and measurement individual differences and selection and classification decision models The presentations in each of these areas are integrated into a set of coherent themes This integration was the product of structured group discussions which also resulted in a further evolution of some of the ideas presented **The Urantia Book** Urantia Foundation,2008-06-01 Written in the form of a revelation from divine beings the classic guide to expanding consciousness presents texts discussing God the universe angels and other beings the history of the world the development of civilization personal spiritual growth and the life and teachings of Jesus **The Spirit of Wisdom in Understanding Prayer and Faith , Truths about Evil, Sin, and the Demonic** Byron Belitsos,2023-04-18 The Problem of Evil and the Predicament of Theodicy As Christians or theists we are moved to share the truth of God s love for humankind But how can we speak of such providential care in a world rife with crime war racism genocide and even ecocide In response to this predicament a theodicy proposes a rational defense of God s goodness that offers consolation to victims and hope to all believers Truths about Evil Sin and the Demonic provides a sweeping history of the discipline of theodicy that focuses on its strategic turning points and its possible future Belitsos argues that because of the atrocities of the last century and the threat of horrendous evils in the coming century we need to marshal the most explanatory elements of all previous theodicies and then drive toward an integrative model based on a creative synthesis The author also turns to a modern revelatory source that supports his argument for such a meta theodicy He concludes by critically engaging with this source and the entire tradition in his call for an apophatically informed integral theodicy Convergence Library and Information Technology Association (U.S.).

J. Manley,2013-10 The Gene Factor by M J Manley portrays a youthful mission of the challenges to prove beyond a reasonable doubt that God manifests communications through the DNA of our very souls The novel is a breakthrough scientifically on how communications with a highly spiritual being God is manifest deep deep down into the very soul of transmission genetic factors the DNA cell Scientific discoveries show how communications through gene factors are transmitted The scripted discoveries in The Gene Factor tell how blessings prayers and having faith are communicated Manley states that The Gene Factor is the most revolutionary novel ever written about how God communicates man I have written I have researched and I have documented all the information that is within not without that our heavenly father fulfills all the blessings the prayers and the hopes of all mankind and all religions from DNA Deeply embedded in our DNA is where communications with God are sent and where our

heavenly father communicates back to us through the living cells and to answer our prayers The Gene Factor is written so the layman can understand but this concept is deeper than simply the story of genetic DNA To fully understand I must present my theory and do presentations and promote my premises by giving lectures and appearances ***The Luck Factor*** Max Gunther,2010-03-02 Do you want to be one of the lucky ones Luck We can't see it or touch it but we can feel it Luck is a largely unexplored phenomenon because many believe it to be uncontrollable But what if luck could be influenced What if it were possible to harness it to our own advantage Taking us on a richly anecdotal ride through the popular theories and histories of luck from pseudoscience to paganism through mathematics to magic Max Gunther arrives at a precise set of conclusions as to the nature of luck and the possibility of managing it By drawing out the logical truths hidden in the examples of outrageous fortune he shares throughout this book Gunther presents readers with The Luck Factor the five traits that lucky people have in common He then shows you how you can use this approach to improve your luck and turn your fortune around This book is a must read for anyone who wants to change their luck for the better ***The Random Factor***

Mark Robert Rank,2024-04-23 Luck chance and randomness are topics that virtually everyone can relate to and that each of us have been affected by The Random Factor explores these subjects using a vast array of evidence fresh insights and compelling stories based upon the author's long standing research The range of subjects and scholarship is far reaching and compelling From history to the natural world to our everyday lives chance is shown to play an important role in shaping various outcomes Just as important The Random Factor details the dynamics that determine the ways that luck and chance play themselves out and it reveals the lessons to be learned in terms of guiding our personal lives and social policies Mark Robert Rank leads his readers on a fascinating journey across the shifting sands of chance and luck It is a journey that will change the way we fundamentally understand the world we live in and the manner in which our lives unfold ***Infinity Factor*** Eugene Propper,2013
