Copyright Office, **Politicians on an Island** Ronald J. Plachno,2015-05-02 This book is a humor book intended to make you smile It is set an undisclosed distance in the future in the USA in order to try and not conflict with any political parties or people or issues of today In this future USA the political parties are now the Bulls and the Bears And for the sake of humor they are even more extreme than today and to say the least do not get along But fortunately the rules for becoming a US president are now easier A very nice man and his family had just emigrated to the US from Asia India in particular and this nice man and his family wish to help out their new country the US And so Rajak Gandhi Patel the 35th manages to become president But can he deal with the craziness he sees Is the family really prepared for what they find Will anyone help him I realize that a person could ask me the author if I have any political bent in this book And that answer would be no I do not belong to any political party I do not even go to all birthday parties that I am invited to And more to the point I made both parties so extreme that I certainly would not want to belong to either of these parties and my guess is that the reader will feel the same way But that is getting too serious The purpose of this book is simply humor And my goal is to make you smile If this book has any point at all other than humor it might be the good that just a few good people can accomplish and that people accomplish more when they work together Other than that it is all in fun I truly hope others will enjoy reading this book as much as I enjoyed writing it Ron Plachno author **Island Song Lyrics Volume 3** Larry W. Jones,2004-04-05 Larry W Jones has written over 3 500 song lyrics with island based themes Most are in the style of the hapa haole return to paradise tradition of the golden years of Territorial Hawaii Volume 7 title page verso **An Island in the Stars** Susan Laine,2017-06-12 Sam a geeky college freshman has bigger problems than lusting after Marcus sexy jock college junior and his big brother s best friend Chasing after a beanie caught in the winter wind turns into a tumble down the rabbit hole for them both science fiction style Sam and Marcus find themselves trapped on a tropical island in the middle of a strange ocean on an alien moon The sole structure is a ruined temple devoted to the art of love Flustered confused and unable to return home they need to figure out a means of escape from a hostile jungle teeming with dangerous life forms In this tale where opposites attract and secret crushes are revealed two very dissimilar young men discover they actually have a lot in common after all but it will take their differences as much as their points of connection to survive on an island in the stars **Two on an island! By Curtis Yorke** Curtis Yorke,Susan Richmond Lee,1892 **Once in an Island** Alvin Glen

Edwards,2011-06-23 The story is built around a Jamaican family who chose to leave Jamaica in search of a different life in another island a small island as is referred to by many Jamaicans in condescension They face challenges generated by their new environment and issues having its genesis in their own island It is filled with intrigue love determination and exposes the vagaries of our political systems It forces us to think about our relationships with one another It is a story about relationships in the pursuit of our greatest ambitions in life and plays on the national sentiments that exist between island nations in the Caribbean It shows love in its several forms love of country love of family love for children love for material things and erotic love as it expresses itself passionately and basely It exposes the legal systems as Marlene and Richard pursues justice for their loved ones and brushes against the democratic structures as inherited from the colonizers and adapted to existing circumstances It makes us pause for a moment as we ponder about the need to respect the rule of law We experience a mothers overwhelming love and ambition for her offspring as it is firmly engraved in her childs mind and learn as we do time and again that You can find a bad egg anywhere The story is built on reality but is fictitious and set in a fictitious island This is a story for the whole Caribbean as indeed the world
