**Collecting in the Icon Age** Paul Wilson, Peter Tolmie, 2025-05-13. This book is about the impact of the Icon Age on people's collecting practices. The Icon Age is when objects began to be represented on computer screens via icons. It focuses on how the Icon Age has affected how people do things associated with collections from their inception to their disposal and everything in between. It also looks at different kinds of collections and how they are managed across seven key collecting contexts: accumulations, libraries, filing systems, archives, museums, and galleries, private collections, and amateur collections. To inform this study, research was undertaken on how collecting was done across a range of diverse collections. The book also presents a taxonomy of collectable object types, including new types of objects that have appeared since the onset of the Icon Age. The book draws out important lessons regarding the impact of IT on collecting practices and contexts. It also suggests that where contexts use digital practices, these exhibit an increasing level of conformity. The book concludes by looking beyond the Icon Age to the potential impact on collecting of new kinds of computing technology.

**Collecting in a Consumer Society** Russell W. Belk, 2013-01-11. This groundbreaking book examines the relationship between the development of the consumer society and the rise of collecting by individuals and institutions. Russell Belk considers how and why people collect as individuals, corporations, and museums, and the impact this collecting has on us and our culture. *Collecting in a Consumer Society* outlines the history of museum collecting from ancient civilizations to the present. It also looks at aspects of consumer culture: advertising, department stores, mass merchandizing, consumer desires, and how this relates to the activity of collecting. *Collecting in a Consumer Society* is the first book to focus on collecting as material consumption. This is a provocative and engaging book, essential reading for anyone involved with the process of collecting.
