## On Libra Rising:

**On Libra Rising** J. Morris Ames,1989-01-01      **Libra Ascendant Secrets** Saket Shah,2020-01-05 There are times when people just can't identify with the attributes of their Sun or Moon sign. In fact, they may feel that they are an antithesis of their zodiac sign. You may also have observed it. Your Leo friend may not seek attention, maybe because he or she has a Capricorn ascendant. Your Sagittarius friend is very possessive, maybe because he or she has a Scorpio Ascendant. It is easy to understand why some people do not correspond to their Sun or Moon signs once you know about what is the rising sign or Ascendant in a horoscope. Ascendant is the degree of the zodiac sign that was highest on the Eastern horizon at the time and place of birth. When seen from Earth, the sky seems to move so the entire zodiac can be observed in a span of 24 hours day, which means the rising sign changes on the Eastern horizon every 2 hours because there are 12 zodiac signs. People tend to associate their physical, emotional, and spiritual attributes more with rising sign at times.      **Beyond the Mask** Kathleen A. Burt,2012-07-27 Combined Edition Original 2 books combined into a large page edition. Beyond the Mask The Rising Sign Parts 1 & 2 by Kathleen Burt. Beyond the Mask will speak deeply to many astrologers and lovers of astrology at every level. Archetypally minded people, depth psychologists, and seekers from many walks of life. Monika Wikman Ph D Jungian Analyst and author of Pregnant Darkness Alchemy and the Rebirth of Consciousness. Well known and respected internationally for her ground-breaking work in Archetypes of the Zodiac. Kathleen Burt now offers us a phenomenal distillation of her life work in Beyond the Mask The Rising Sign Part 1 Part 2. Midlife urgencies bring forth cycles of death and rebirth. Antiquated identities and roles must die; old masks must be peeled away before we can discover a new path in life. Kathleen Burt addresses specifically how the twelve rising sign patterns guide us into new life and fresh experiences. With the keen eye of an astrologer examining the biography of creative writers and inspired people, Kathleen Burt brings a depth of understanding to the Rising Sign. This unique volume of wisdom offers decades of scholarly study and practical experience in esoteric astrology, psychology, mythology, and biography, and examines the underlying archetypal patterns inherent in our lives.

**Secrets of Your Rising Sign**, While most astrology books focus on sun signs only, the most obvious things about us, our personality and physical type are mostly determined by the zodiac sign on the eastern horizon at the precise moment of birth. This sign is referred to as our rising sign. Whereas the sun sign represents the ego expression, the rising sign signifies physical type and personality, which are the tools we use to get what we want. This book guides readers toward an accurate assessment of their rising signs and then shows how, in conjunction with one's sun sign, understanding the meaning of the rising sign will enable you to get what you want out of life. It's an astrology book with a promise and it has a unique focus.
