

# Where to start with Nietzsche?

A guide to philosophizing with a hammer

## Where to start before starting?

Not required reading by any means but at least getting a cursory overview of Nietzsche's most important influences will certainly give you a much deeper understanding of his work.

## Start Here

A Solid little book. It was intended by a old Nietzsche to be a summary overview for his major ideas. Either read this first or skip it entirely.

Start with either it really doesn't matter which is the first work and is the backbone of his corpus. For many years, most people only knew traditional explorations of the ideas he introduced and didn't fully understand. However, this also makes Genealogy much easier to read and understand. As long as you read both before continuing you will be fine.

Here Nietzsche offers his most explicit and direct attack against Christ and Christianity. One of Nietzsche's easier texts.

As Nietzsche's earliest work, it lays the groundwork for a lot of what he will refine and extrapolate on later. While not absolutely necessary, it offers a lot of insight and key points that are often forgotten, not reiterated in his later works. You will not really get "Nietzsche without this book."

Though chronologically one of his earlier works it is better understood as the preface of his main work. Nietzsche offers his views on the modern world and freedom culture more here than anywhere else.

An early and unfinished work at the pre-structural philosophers that are usually forgotten. It's added philosophy 103 to make room for the big three. Here Nietzsche takes their ideas seriously and provides actual metaphysical arguments.

A faux autobiography offering a number of aphoristic self-reflections. It's Nietzsche's last book in which he looks back and comments on all his previous work.

The icing on the cake. If you made it this far, dig in.

*On Reading Nietzsche (Classic Reprint)* Emile Faguet, 2015-09-27 Excerpt from On Reading Nietzsche Nietzsche found in Emile Faguet one of his most qualified critics. It takes a French critic to display the wares of even the clearest of Teutonic philosophers. Nietzsche was a clear honest even in his errors merciless thinker. Emile Faguet without Nietzsches depth of creative and imaginative power was nevertheless as clear and honest a thinker and to be sure as merciless. The catholic taste of the French their disregard of shams and that chivalrous instinct which prompts them while jealously preserving their individuality as a nation to recognize the good points in those strange neighbouring yet foreign nations whom they know they cannot appreciate and whom as a rule they do not wish to appreciate are all eminently shown in this and in the other works of Faguet. Would the late Immortal rewrite his conclusion one wonders if he were alive to witness the apogee of the war which he saw but at its darkest period for France. From what I knew of him I doubt it. Emile Faguet was replete with that common sense which made France the intellectual light of the educated classes all over the world. About the Publisher: Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com). This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully. Any imperfections that remain are intentionally left to preserve the state of such historical works.

Matthew Meyer,2019-04-25 Presents the free spirit works often approached as mere assemblages of aphorisms as a coherent narrative of Nietzsche's self education *On Reading Nietzsche. Translated by George Raffalovich* Émile Faguet,George Raffalovich,1918 *Reading Nietzsche through the Ancients* Matthew Meyer,2014-07-28 Nietzsche's work was shaped by his engagement with ancient Greek philosophy Matthew Meyer analyzes Nietzsche's concepts of becoming and perspectivism and his alleged rejection of the principle of non contradiction and he traces these views back to the Heraclitean Protagorean position that Plato and Aristotle critically analyze in the Theaetetus and Metaphysica IV respectively At the center of this Heraclitean Protagorean position is a relational ontology in which everything exists and is what it is only in relation to something else Meyer argues that this relational ontology is not only theoretically foundational for Nietzsche's philosophical project in that it is the common element in Nietzsche's views on becoming perspectivism and the principle of non contradiction but also textually foundational in that Nietzsche implicitly commits himself to such an ontology in raising the

question of opposites at the beginning of both Human All Too Human and Beyond Good and Evil     **Reading Nietzsche Rhetorically** Douglas Thomas,2011-04-15     **Reading Nietzsche at the Margins** Steven V. Hicks,Alan Rosenberg,2008 This book brings together essays from leading Nietzsche scholars to examine a variety of key ideas in Nietzsche's writings that have been marginalized or slighted because they do not fit neatly into any of the usual categories of Nietzsche scholarship The essays open up fresh perspectives on Nietzsche and will inspire constructive debate about his relevance to a variety of current philosophical political social and cultural concerns     **The Art of Reading as a Way of Life** Daniel T. O'Hara,2009-10-13 In The Art of Reading as a way of Life Daniel T O Hara traces the current reception and translation of Nietzsche's corpus and analyzes some of Nietzsche's boldest textual experiments O Hara begins in the middle of Nietzsche's career with The Gay Science and moves on to Thus Spoke Zarathustra which Nietzsche believed was the central work of his life He then reevaluates Ecce Homo Nietzsche's final autobiographical statement about his life and career before concluding with a comparative analysis of two works from the beginning and end of that career The Birth of Tragedy and The Anti Christ O Hara's highly original study which uses Badiou's theory of the truth event as a guide will surely provoke larger conversations across many disciplines Besedilo z zavihka     *Nietzsche's On the Genealogy of Morals* Christa Davis Acampora,2006-09-08 In this astonishingly rich volume experts in ethics epistemology philosophy of mind political theory aesthetics history critical theory and hermeneutics bring to light the best philosophical scholarship on what is arguably Nietzsche's most rewarding but most challenging     **Beyond Selflessness** Christopher Janaway,2007-07-12 Janaway presents a full commentary on Nietzsche's most studied work On the Genealogy of Morality and combines close reading of key passages with an exploration of Nietzsche's wider aims The book will be essential reading for historians of moral philosophy     **Nietzsche's Reading and Knowledge of Philosophy** Thomas H. Brobjer,2023 Nietzsche read far more widely and more actively than he led us to believe Reading was his most important intellectual stimulus he lived a very isolated life for most of his career and particularly in the 1880s Much of what Nietzsche thought and wrote therefore came in response to his reading This book is an in depth study of Nietzsche's reading and his knowledge of philosophy and philosophers It examines his relation to the major European thinkers and Eastern traditions as well as his knowledge and reading of intellectual women and journals of philosophy Author Thomas Brobjer has gathered much previously unpublished information about Nietzsche's reading and library including a great deal about the annotations he made in his books Nietzsche's Knowledge and Reading and Philosophy will be useful as a handbook for anyone interested in the philosophical context of Nietzsche's thought It will become an important reference work for all those interested in Nietzsche's philosophy

## **On Reading Nietzsche** Book Review: Unveiling the Magic of Language
