On Representation:

On Representation Louis Marin, 2001 This is a collection of twenty two essays by an eminent philosopher critic and theorist that appeared between 1971 and 1992 The book interrogates the theory and practice of representation as it is carried out by both linguistic and graphic signs and thus the complex relation between language and image between perception and conception Mathematical Topics on Representations of Ordered Structures and Utility Theory Gianni Bosi, María J. Campión, Juan C. Candeal, Esteban Indurain, 2020-01-23 This book offers an essential review of central theories current research and applications in the field of numerical representations of ordered structures It is intended as a tribute to Professor Ghanshyam B Mehta one of the leading specialists on the numerical representability of ordered structures and covers related applications to utility theory mathematical economics social choice theory and decision making Taken together the carefully selected contributions provide readers with an authoritative review of this research field as well as the knowledge they need to apply the theories and methods in their own work *The Media Reader on Representations of Race, Gender, Disability, Body Size, Age, and Sexuality* Caroline Heldman, Rebecca Cooper, 2025-04-01 This reader is the first comprehensive look at representations of race gender disability body size age and sexuality in US entertainment media The bible of media representation it weaves contemporary media examples together with quantitative data and qualitative case studies in a way that is accessible to students industry insiders and media advocates Using over twenty publicly available reports and datasets the authors provide the most detailed picture to date of how different groups have historically been erased and misrepresented in film and television This book should be on the shelf of every person who seeks to understand the significance of media inclusion for the advancement of traditionally marginalized groups in the US **The Matter of Images** Richard Dyer, 2013-04-15 Now published in a revised second edition The Matter of Images searches through the resonances of the term representation analysing images in terms of why they matter what they are made of and the material realities they refer to Richard Dyer's analyses consider representations of out groups and traditionally dominant groups alike and encompass the eclectic texts of contemporary culture from queers to straights political correctness representations of Empire and films including Gilda Papillon and The Night of the Living Dead Essays new to the second edition discuss Lillian Gish as the ultimate white movie star the representation of whiteness in the South in Birth of a Nation and society's fascination with serial killers The Matter of Images is distinctive in its commitment to writing politically about contemporary culture while insisting on the importance of understanding the formal qualities and complexity of the images it investigates On Drawing and Painting Denman Waldo Ross, 1912 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is
