On Ayn Rand:

Philosophy, who Needs it Ayn Rand, 1982 This collection of essays was the last work planned by Ayn Rand before her death in 1982 In it she summarizes her view of philosophy and deals with a broad spectrum of topics According to Ayn Rand the choice we make is not whether to have a philosophy but which one to have rational conscious and therefore practical or contradictory unidentified and ultimately lethal Written with all the clarity and eloquence that have placed Ayn Rand s Objectivist philosophy in the mainstream of American thought these essays range over such basic issues as education morality censorship and inflation to prove that philosophy is the fundamental force in all our lives

The Journals of Ayn Rand Ayn Rand, Leonard Peikoff, 1999-08-01 Rarely has a writer and thinker of the stature of Ayn Rand afforded us access to her most intimate thoughts and feelings From Journals of Ayn Rand we gain an invaluable new understanding and appreciation of the woman the artist and the philosopher and of the enduring legacy she has left us Rand comes vibrantly to life as an untried screenwriter in Hollywood creating stories that reflect her youthful vision of the world We see her painful memories of communist Russia and her struggles to convey them in We the Living Most fascinating is the intricate step by step process through which she created the plots and characters of her two masterworks The Fountainhead and Atlas Shrugged and the years of painstaking research that imbued the novels with their powerful authenticity Complete with reflections on her legendary screenplay concerning the making of the atomic bomb and tantalizing descriptions of projects cut short by her death Journals of Ayn Rand illuminates the mind and heart of an extraordinary woman as no biography or memoir ever could On these vivid pages Ayn Rand lives

[Goddess of the Market](#) Jennifer Burns, 2009-10-19 Drawing on unprecedented access to Rand s private papers and the original unedited versions of Rand s journals Jennifer Burns offers a groundbreaking reassessment of this key cultural figure examining her life her ideas and her impact on conservative political thought Burns highlights the two facets of Rand s work that make her a perennial draw for those on the right her promotion of capitalism and her defense of limited government Both sprang from her early bitter experience of life under Communism and became among the most deeply enduring of her messages attracting a diverse audience of college students and intellectuals business people and Republican Party activists libertarians and conservatives The book also traces the development of Rand s Objectivist philosophy and her relationship with Nathaniel Branden

It Usually Begins with Ayn Rand Jerome Tuccille, 2007-11 This edition of It Usually Begins With Ayn Rand contains much of the text that appeared in the original edition revised and edited to conform to modern style plus new chapters dealing with events that took place after the book was first published Some of the new material deals with my campaign for Governor of New York as the Free Libertarian Party candidate a discussion of events that transpired on the American political scene after that benighted campaign plus thoughts on my current political and spiritual leanings The perennial success of It Usually Begins With Ayn Rand has startled no one more than me Sales started slowly then began to pick up over the years until the book became an underground classic

Ayn Rand Reader Ayn Rand, 1999-01-01 *The Fountainhead* which became one of the most influential and widely

read philosophical novels of the twentieth century made Ayn Rand famous. An impassioned proponent of reason, rational self-interest, individualism, and laissez faire capitalism, she expressed her unique views in numerous works of fiction and non-fiction that have been brought together for the first time in this one-of-a-kind volume. Containing excerpts from all her novels, including *Atlas Shrugged*, *Anthem*, and *We the Living*, *The Ayn Rand Reader* is a perfect introduction for those who have never read Rand and provides teachers with an excellent guide to the basics of her viewpoint. **Objectivism** Leonard

Peikoff, 1993-12-01 THE 25TH ANNIVERSARY EDITION The definitive statement of Ayn Rand's philosophy as interpreted by her best student and chosen heir. This brilliantly conceived and organized book is Dr. Leonard Peikoff's classic text on the abstract principles and practical applications of Objectivism based on his lecture series *The Philosophy of Objectivism*. Ayn Rand said of these lectures: "Until or unless I write a comprehensive treatise on my philosophy, Dr. Peikoff's course is the only authorized presentation of the entire theoretical structure of Objectivism that is the only one that I know of my knowledge to be fully accurate." In *Objectivism*, Peikoff covers every philosophic topic that Rand regarded as important, from certainty to money, from logic to art, from measurement to sex. Drawn from Rand's published works as well as in-depth conversations between her and Peikoff, these chapters illuminate Objectivism and its creator with startling clarity. With *Objectivism*, the millions of readers who have been transformed by *Atlas Shrugged* and *The Fountainhead* will discover the full philosophical system underlying Ayn Rand's work. *On Ayn Rand* Allan Gotthelf, 2000 Introduces the philosophical thoughts of Ayn Rand

with overviews of her life and intellectual development, then covers her objectivist epistemology, giving attention to both her theory of perception and to her original theory of concepts. Other subjects covered include objectivist ethics, Rand's moral theory and politics, and her aesthetics. **Ayn Rand** Mimi R. Gladstein, 2013-02-14 The novelist and philosopher Ayn Rand was one of the most influential 20th-century advocates of free market capitalism. Her work inspired Objectivism, a philosophical movement, and former US Federal Reserve Chairman Alan Greenspan cited Rand as a formative intellectual influence. In this outstanding volume, Mimi Gladstein details Rand's belief in the moral supremacy of individualism over collectivism, highlighting her contribution to libertarian thought. **Atlas Shrugged** Ayn Rand, 1992 Ayn Rand's epochal novel, first published in 1957, has been a bestseller for more than four decades as well as an intellectual landmark. It is the story of a man who said that he would stop the motor of the world and did. Was he a destroyer or the greatest of liberators? Why did he have to fight his battle not against his enemies but against those who needed him most, and his hardest battle against the woman he loved? What is the world's motor and the motive power of every man? Tremendous in its scope, this novel presents an astounding panorama of human life, from the productive genius who becomes a worthless playboy to the great steel industrialist who does not know that he is working for his own destruction, to the philosopher who becomes a pirate, to the woman who runs a transcontinental railroad to the lowest track worker in her terminal tunnels. Peopled by larger-than-life heroes and villains charged with towering questions of good and evil, *Atlas Shrugged* is Ayn Rand's masterpiece. It is a

philosophical revolution told in the form of an action thriller *We the Living* Ayn Rand, 1938 *We the Living* portrays the impact of the Russian Revolution on three people who demand the right to live their own lives At its center is a girl whose passionate love is her fortress against the cruelty and oppression of a totalitarian state Ayn Rand said It is as near to an autobiography as I will ever write **For the New Intellectual** Ayn Rand, 1963-12-01 Here is Ayn Rand's first non-fiction work a challenge to the prevalent philosophical doctrines of our time and the atmosphere of guilt of panic of despair of boredom and of all pervasive evasion that they create As incisive and relevant today as it was sixty years ago this book presents the essentials of Ayn Rand's philosophy for those who wish to acquire an integrated view of existence In the title essay she offers an analysis of Western culture discusses the causes of its progress its decline its present bankruptcy and points the road to an intellectual renaissance One of the most controversial figures on the intellectual scene Ayn Rand was the proponent of a moral philosophy and ethic of rational self interest that stands in sharp opposition to the ethics of altruism and self sacrifice The fundamentals of this morality a philosophy for living on Earth are here vibrantly set forth by the spokesman for a new class For the New Intellectual
