## **On Beauty And Being Just:**

On Beauty and Being Just Elaine Scarry, 2001-11-04 Scarry argues that our responses to beauty are perceptual events of profound significance for the individual and for society Presenting us with a rare and exceptional opportunity to witness fairness beauty assists us in our attention to justice The beautiful object renders fairness an abstract concept concrete by making it directly available to our sensory perceptions With its direct appeal to the senses beauty stops us transfixes us fills us with a surfeit of aliveness In so doing it takes the individual away from the center of his or her self preoccupation and thus prompts a distribution of attention outward toward others and ultimately she contends toward ethical fairness BOOK JACKET
