Smith, 2025-02-20 Discover how ordinary moments in the school year can become occasions for making profound connections between faith and pedagogy In this encouraging and practical book education expert David I Smith invites Christian educators on a journey through the school year that will deepen their capacity to make thoughtful connections between their faith and their pedagogy Mirroring the rhythms of an academic year the book embraces and explores the mundane moments that all teachers experience every semester Starting the course Setting some norms for interaction Choosing how to frame the material Assigning tasks Repeating things Pausing Bringing things to a close The topics are deliberately ordinary because as Smith demonstrates the shape of one's teaching is mainly built from the unspectacular choices and actions that gradually shape the texture of life in the classroom If educators want to think well about Christian faith and teaching and act well in the classroom they need to learn to reflect well on those ordinary steps in the journey Everyday Christian Teaching builds on Smith's previous book On Christian Teaching Practicing Faith in the Classroom where he made a persuasive case for connecting faith and pedagogy The new book aims to put this idea into practice as Smith explains in the introduction Suppose we want to get better at thinking about faith and teaching together What then What does the road look like and how do we walk it wisely If we'd like to be a pilgrim how do we make progress Taking up such

have influenced the development of Christian schools in the Reformed tradition in North America and around the world as much as Nicholas Wolterstorff. This book draws together the world renowned Christian philosopher's thoughts and reflections on Christian education over the last three decades. As a tribute to his contributions Calvin College education professors Gloria Goris Stronks and Clarence W. Joldersma have organized a broad array of writings and unpublished speeches into a cohesive volume. The guiding principle in making selections was the inclusion of pieces that speak to people who struggle with what makes education truly Christian. Wolterstorff's writings on education are divided into four sections. In the first section he discusses the nature of Christian education. The second section finds Wolterstorff examining criticisms of Christian education. The third section offers his observations on Christian learning within a pluralistic society. Finally in the fourth section he looks at some of the goals of Christian education. Of interest to many as a significant development in his maturing thought is the ever increasing role that justice should play in Christian education. *Educating for Life* portrays Wolterstorff's evolving thinking on education while paying tribute to him as one of the premier Christian philosophers of our day.
