## **On Human Nature:**

On Human Nature Edward O. Wilson,2012-10-01 No one who cares about the human future can afford to ignore Edward O Wilson s book On Human Nature begins a new phase in the most important intellectual controversy of this generation Is human behavior controlled by the species biological heritage Does this heritage limit human destiny On Human Nature

Edward O. Wilson,1979 *A Treatise of Human Nature* David Hume,2003-01-01 Unpopular in its day David Hume s sprawling three volume *A Treatise of Human Nature* 1739 40 has withstood the test of time and had enormous impact on subsequent philosophical thought Hume s comprehensive effort to form an observationally grounded study of human nature employs John Locke s empiric principles to construct a theory of knowledge from which to evaluate metaphysical ideas A key to modern studies of eighteenth century Western philosophy the Treatise considers numerous classic philosophical issues including causation existence freedom and necessity and morality Unabridged republication of the edition originally published by Oxford at the Clarendon Press London 1888

**Conversations on Human Nature** Agustín Fuentes,Aku Visala,2016-07-01 Recent empirical and philosophical research into the evolutionary history of *Homo sapiens* the origins of the mind brain and the development of human culture has sparked heated debates about what it means to be human and how knowledge about humans from the sciences and humanities should be understood *Conversations on Human Nature* featuring 20 interviews with leading scholars in biology psychology anthropology philosophy and theology brings these debates to life for teachers students and general readers The book outlines the basic scientific philosophical and theological issues involved in understanding human nature organizes material from the various disciplines under four broad headings 1 evolution brains and human nature 2 biocultural human nature 3 persons minds and human nature 4 religion theology and human nature concludes with Fuentes and Visala s discussion of what researchers into human nature agree on what they disagree on and what we need to learn to resolve those differences Theories of Human Nature Joel J. Kupperman,2010-09-15 Questions for Further Consideration and Recommended Further Reading which follow each relevant chapter encourage readers to think further and to craft their own perspectives

**The Battle for Human Nature** Barry Schwartz,1987 Suggests that modern science equates human nature with the single minded pursuit of self interest and presents examples from economics evolutionary biology and psychology that show this view will lead to society s destruction Conversations on Human

**Nature** Mrs. Conyngham Ellis,1850 *Human Nature and the Social Order* Charles Horton Cooley,1922 **The Book on Human Nature** Bo Yin Ra,2000 The Book on the Living God The Book on Life Beyond and this book form a trilogy These three books should be read together The Book on Human Nature presents basic concepts about human nature with the goal of inspiring readers to awaken the timeless spiritual spark within We become fully human only when the spiritual potential within us gradually awakens and infuses our material purely animal selves It is a path that every human being may and should pursue A central understanding is that all life results from the joining of opposites in particular the polarity of male

and female energies Bo Yin Ra emphasizes that the true spiritual human being is male and female united in one entity when we seek our spiritual self we must call forth the male and female in ourselves and in all things He discusses the biblical fall from grace as a descent from the spiritual plane in which male and female were united onto a material plane in which male and female are split apart Here on earth this split can be healed within marriage A true marriage Bo Yin Ra tells us is preparation for the life beyond by coordinating the desires wills and attitudes of two beings we once again bring about in some measure the original state in which male and female energies are united E W S Publisher The Kober Press publishes the only English translations of the books of Bo Yin Ra authorized by the Kober Verlag Switzerland The Kober Verlag publishes the books of Bo Yin Ra in the original German and has protected their integrity since the author's lifetime Contents Introduction The Mystery Enshrouding Male and Female The Path of the Female The Path of the Male Marriage Children The Human Being of the Age to Come Epilogue A Final Word

### **Theories of Human Nature - Third Edition**

Peter Loptson, 2006-01-06 This book explores the idea of human nature and the many understandings of it put forward by such diverse figures as Aristotle Rousseau Marx Freud Darwin and E O Wilson Each chapter looks at a different theory and offers a concise explanation assessing the theory's plausibility without forcing it into a mould Some chapters deal with the ideas of only one thinker while others such as the chapters on liberalism and feminism present a variety of different positions A clear distinction is made between theories of human nature and the political theories which so often follow from them For the new edition Loptson has addressed the new developments in the rapidly expanding genetic and paleontological record as well as expanded the discussion of the Christian theory of human nature by incorporating the ideas of the Marx scholar and social theorist G A Cohen The new edition has also been substantively revised and updated throughout

Nature: A Reader Joel J. Kupperman, 2012-10-12 Now available together as a set for a discounted price Theories of Human Nature with Human Nature A Reader by Joel J Kupperman     *Human Nature Explained* Newton N. Riddell, Louise E. Francis, 2017-10-28 Human Nature Explained a new illustrated treatise on human science for the people is an unchanged high quality reprint of the original edition of 1897 Hansebooks is editor of the literature on different topic areas such as research and science travel and expeditions cooking and nutrition medicine and other genres As a publisher we focus on the preservation of historical literature Many works of historical writers and scientists are available today as antiques only Hansebooks newly publishes these books and contributes to the preservation of literature which has become rare and historical knowledge for the future     The Science of Human Nature William Henry Pyle, 1917 This book is written for young students in high schools and normal schools No knowledge can be of more use to a young person than a knowledge of himself no study can be more valuable to him than a study of himself A study of the laws of human behavior that is the purpose of this book What is human nature like Why do we act as we do How can we make ourselves different How can we make others different How can we make ourselves more efficient How can we make our lives more worth while This book is a manual intended to help young people to obtain such knowledge of human nature as will enable them to answer these questions I have not attempted to write a complete text on psychology There are already many such books and good ones too I have selected for treatment only such topics as young students can study with interest and profit I have tried to keep in mind all the time the practical worth of the matters discussed and the ability and experience of the intended readers     Human Nature Joel Kupperman, 2012 This anthology provides a set of distinctive influential views that explore the mysteries of human nature from a variety of perspectives It can be read on its own or in conjunction with Joel Kupperman's text Theories of Human Nature     **Readings on Human Nature** Peter Loptson, 1998-02-04 This anthology brings together 45 selections by a wide range of philosophers and other thinkers and provides a representative sampling of the approaches to the study of human nature that have been taken within the western tradition The selections range in time from the ancient Greeks to the 1990s and in political orientation from the conservative individualism of Ayn Rand to the liberalism of John Rawls Classic writings from the sixteenth through nineteenth centuries are here Descartes Machiavelli Hobbes Rousseau and so on but so are a wide range of twentieth century writings including a number of feminist voices the biological theory of Edward O Wilson and the cultural materialist theory of Marvin Harris A substantial selection of Christian views of human nature is a central part of the anthology The anthology is as notable for its depth as it is for its breadth an important editorial principle has been to include a variety of substantial selections thus allowing the reader to engage more readily with some of the complexities of each approach     **Being Human** Richard Gross, 2019-03-20 While there may be no one single characteristic that differentiates humans as a species it is the combination of differences from other species that makes us unique The new edition of Being Human examines the psychology of being human through exploring different psychological traditions

alongside philosophy and evolutionary theory covering themes such as culture cognition language morality and society Our nature or essence is something that has preoccupied human beings throughout our history beginning with philosophy and religion and continuing through the biological social and psychological sciences Being Human begins by describing some of the major philosophical accounts of human nature from Ancient Greek philosophers such as Plato and Aristotle to major British and Continental philosophers such as Locke and Nietzsche The book considers religious accounts of human nature with their focus on the nature of good and evil and scientific accounts of genetics and the brain which underpin the distinctively human cognitive ability of language Attention then turns to the ideas of the behaviourists such as Skinner Freud and other psychodynamic psychologists and humanistic phenomenological psychologists such as Maslow Finally human culture is discussed as the ultimate defining characteristic of human beings culture represents our natural habitat and what defines us as a species This updated second edition includes increased coverage of social psychology and has a broader scope in order to identify the defining characteristics of human beings With reference to current psychological research and philosophical material this is fascinating reading for students of psychology philosophy and the social sciences
