On Intimate Ground A Gestalt Approach To Working With Couples:

On Intimate Ground Gordon Wheeler, Stephanie Backman, 2013-09-05 Couples therapy has long been regarded as one of the most demanding forms of psychotherapy because of the way it challenges therapists to combine the insights of dynamic psychology with the power and clarity of systems dynamics In this exciting new volume Gordon Wheeler and Stephanie Backman couples therapists with broad training and long years of experience present dramatic new approaches that at last integrate the dynamic self organizational and the systemic behavioral schools of thought Building on the insights of Gestalt psychology and psychotherapy the authors show us how a truly phenomenological approach based on the clients own experience and goals holds the key to a dramatic increase in therapeutic power and flexibility The fifteen engaging chapters demonstrate the application of this approach to issues of intimacy self construction power and abuse resistance growth and shame and to such diverse and challenging populations as abuse survivors and their partners remarried couples gay and lesbian couples and couples with personality or character disorders In the process the authors offer a fresh perspective that will serve to re energize the couples therapist s work in this challenging area *On Intimate Ground* contributes new insights to many of the most timely and provocative questions in the field today [Common Dilemmas in Couple Therapy](#) Judith P.

Leavitt, 2010-06-10 *Common Dilemmas in Couple Therapy* addresses four common problems that couples therapists face everyday in their offices problems that leave therapists exhausted drained challenged alive racing and on edge These dilemmas encompass not only the difficult challenges therapists face everyday but also the passions and profound disappointments of human intimate partnerships The purpose of this book is not only to explore and give case illustrations of these dilemmas but also to give therapists strategies to use and help them understand and handle their own profound experiences while doing this work **Clinical Social Work Practice with Adult Lesbians: Oxford Bibliographies**

Online Research Guide Oxford University Press, 2010-05-01 This ebook is a selective guide designed to help scholars and students of social work find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books chapters and journal articles to online archives electronic data sets and blogs Written by a leading international authority on the subject the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated related A reader will discover for instance the most reliable introductions and overviews to the topic and the most important publications on various areas of scholarly interest within this topic In social work as in other disciplines researchers at all levels are drowning in potentially useful scholarly information and this guide has been created as a tool for cutting through that material to find the exact source you need This ebook is a static version of an article from Oxford Bibliographies Online Social Work a dynamic continuously updated online resource designed to provide authoritative guidance through scholarship and other materials relevant to the study and practice of social work Oxford Bibliographies

Online covers most subject disciplines within the social science and humanities for more information visit [www aboutobo com](http://www.aboutobo.com)

The Voice of Shame Robert G. Lee, Gordon Wheeler, 2013-04-15 Shame and shame reactions are two of the most delicate and difficult issues of psychotherapy and are among the most likely to defy our usual dynamic systemic and behavioral theories In this groundbreaking new collection *The Voice of Shame* thirteen distinguished authors show how use of the Gestalt model of self and relationship can clarify the dynamics of shame and lead us to fresh approaches and methods in this challenging terrain This model shows how shame issues become pivotal in therapeutic and other relationships and how healing shame is the key to transformational change The contributors show how new perspectives on shame gained in no particular area transfer and generalize to other areas and settings In so doing they transform our fundamental understanding of psychotherapy itself Grounded in the most recent research on the dynamics and experience of shame this book is a practical guide for all psychotherapists psychologists clinicians and others interested in self psychotherapy and relationship This book contains powerful new insights for the therapist on a full range of topics from intimacy in couples to fathering to politics to child development to gender issues to negative therapeutic reactions Filled with anecdotes and case examples as well as practical strategies *The Voice of Shame* will transform your ideas about the role of shame in relationships and about the potential of the Gestalt model to clarify and contextualize other approaches [Heart of](#)

[Development, V. 1](#) Gordon Wheeler, Mark McConville, 2014-05-22 In these groundbreaking new collections the reader will find an exciting broad ranging selection of work showing an array of applications of the Gestalt model to working with children adolescents and their families and worlds From the theoretical to the hands on and from the clinical office or playroom to family settings schools institutions and the community these chapters take us on a rewarding tour of the vibrant productive range of Gestalt work today always focusing on the first two decades of life With each new topic and setting fresh and creative ideas and interventions are offered and described for use by practitioners of every school and method

Beyond Individualism Gordon Wheeler, 2013-04-15 In this pathbreaking and provocative new treatment of some of the oldest dilemmas of psychology and relationship Gordon Wheeler challenges the most basic tenet of the West cultural tradition the individualist self Characteristics of this self model are our embedded yet pervasive ideas that the individual self precedes and transcends relationship and social field conditions and that interpersonal experience is somehow secondary and even opposed to the needs of the inner self Assumptions like these Wheeler argues which are taken to be inherent to human nature and development amount to a controlling cultural paradigm that does considerable violence to both our evolutionary self nature and our intuitive self experience He asserts that we are actually far more relational and intersubjective than our cultural generally allows and that these relational capacities are deeply built into our inherent evolutionary nature His argument progresses from the origins and lineage of the Western individualist self model into the basis for a new model of the self relationship and experience out of the insights and implications of Gestalt psychology and its

philosophical derivatives deconstructivism and social constructionism From there in a linked series of experiential chapters each of them a groundbreaking essay in its own right he takes up the essential dynamic themes of self experience and relational life interpersonal orientation meaning making and adaptation support shame intimacy and finally narrative and gender culminating in considerations of health ethics politics and spirit The result is a picture and an experience of self that is grounded in the active dynamics of attention problem solving imagination interpretation evaluation emotion meaning making narration and above all relationship By the final section the reader comes away with a new sense of what it means to be human and a new and more usable definition of health

A Unifying Approach to the Theories and Practice of Psychotherapy and Counseling Michael W. York, G. David Cooper, 2001 Unique in its approach this book integrates psychoanalytic cognitive behavioral and humanistic approaches in a unifying theoretical approach The main objective of this is to cut through outdated theoretical posturing and to describe what works with whom and under what circumstances Issues of importance such as does therapy work or is it all biological are discussed in depth The book specifies therapeutic approaches for virtually all of the troubled people identified in the DSM IV as mentally ill In addition people who suffer from significant levels of subjective distress but would not be labeled in the DSM IV are discussed Specifically treatment approaches are offered for people whose lives are empty because of issues of identity intimacy or meaning For practicing counselors and psychotherapists Examining the Experiences of Later-life Remarried Couples Sara B. Dupuis, 2009

Theories of Counseling and Psychotherapy Nancy L. Murdock, 2004 Based on a deeply held belief that theory does matter in effective helper client interactions this text examines with clarity and wit fourteen theories of counseling and psychotherapy At the beginning of each chapter readers meet a new client through a case example The author then presents the theory's basic philosophical assumptions its beliefs about what motivates human behavior its central constructs its picture of how humans develop its ideas about what constitutes mental health and dysfunction its perspective on how our relationships with those around us impact our functioning and its view of how our behavior thoughts and emotion impact our functioning Throughout each chapter the author immediately illustrates the application of a construct or process by showing how it relates to the client case described at the beginning of the chapter demonstrating the translation of each theory into practice BOOK JACKET

Understanding Stepfamilies Debra K. Huntley, 1995 It is estimated that between 33% and 40% of all United States children will live with a stepfamily Due to the complexity ambiguous roles negative perceptions and unrealistic expectations of many stepfamilies members of such families are increasingly being seen by mental health professionals This monograph is aimed at professionals to help them understand stepfamilies by providing practical and applied information Some of the areas covered here include the developmental stages of the stepfamily types of stepfamilies specific assessment techniques for stepfamilies and treatment considerations Part 1 provides the groundwork for recognizing some of the characteristics of stepfamilies including clinical issues pitfalls and systemic intervention In Part 2 children and

adolescents are examined along with the risks encountered by children in a stepfamily Part 3 outlines the beliefs and expectations of stepfamilies taking care to analyze stereotypes of stepfamilies new assessment techniques designed to assess maladaptive cognitions of stepfamily members and the role of self fulfilling prophecies in stepfamily success or failure Each chapter offers a complete discussion of the nature of stepfamilies along with practical suggestions for assessment and treatment of these families Individual chapters contain references RJM

Group Work Samuel T. Gladding, 2003 A comprehensive book that discusses the evolution practice and outcomes of 11 prominent theoretical approaches to group work and examines the essentials required to be an effective worker and leader with groups in various settings and life stages It begins with an introduction to the history dynamics diversity leadership ethics and development that are part of the lives of groups It then presents an extensive discussion of the issues and procedures for working with groups throughout the lifecycle For group counselors and therapist or anyone working with or within a group

Handbook of Counseling Psychology Steven D. Brown, Robert W. Lent, 2000-02 Following on the success of the the previous editions this updated and expanded Third Edition of the Handbook of Counseling Psychology provides a cross disciplinary survey of the entire field and offers analysis of important areas of counseling psychology activity The book elaborates on future directions for research highlighting suggestions that may advance knowledge and stimulate further inquiry And specific advice is presented from the literature in counseling psychology and related disciplines to help improve one s counseling practice

Cocreating the Field Deborah Ullman, 2009 Cocreating the Field is about developing a radically new story to shift our perception of who we are as humans from a focus on our separate individual natures to our complex interconnectedness The core Gestalt model offers a theoretical and pragmatic frame for addressing urgent concerns in a wide range of crucial arenas Topics include the new relational neuroscience and how it interfaces with Gestalt s assumptions about healthy human process how one therapist is working with children in Dharamsala India and Capetown South Africa to help them digitally tell their stories in support of resilience how transformational thinking brings pro social and for some spiritual questing into focus and how Gestalt trained practitioners therapists coaches and consultants can become citizen practitioners in a troubled world Going beyond the original Esalen Institute study conference on the Evolution of Gestalt Cocreating the Field offers guidance for moving forward effectively and joyously as awakened interdependent participants in these stressful times

Personality and Personal Growth James Fadiman, Robert Frager, 2002 With a newly revised and streamlined organization the sixth edition maintains its cross cultural global and gender balanced perspectives while emphasizing humanistic and transpersonal psychologists in its exploration of the positive aspects of major personality theorists stressing each one s relevance for personal understanding

The Secret Language of Intimacy Robert G. Lee, 2018-10-24 In The Secret Language of Intimacy shame and its consequences are foregrounded as a major if not the major impediment to the healthy functioning in the relationships of couples In the first part of the book Robert Lee presents the Secret Language of Intimacy Workshop

developed and presented for the first time at the 1998 Annual Conference of the Association for the Advancement of Gestalt Therapy Lee not only describes how the hidden forces of shame and belonging regulate couple dynamics but also how the workshop itself has facilitated the acceptance of these forces and promoted therapeutic resolution utilizing clinical vignettes The second half of the book is comprised of internationally contributed essays from leading names in the Gestalt perspective each adding to and redefining the role of shame and belonging in the theory and practice of Gestalt couples therapy Their conclusions however are just as insightful for purveyors of other psychoanalytic and psychodynamic therapies as well

American Book Publishing Record ,1995 The International Handbook of Stepfamilies Jan Pryor,2008-08-04

On Intimate Ground A Gestalt Approach To Working With Couples Introduction

In today's digital age, the availability of On Intimate Ground A Gestalt Approach To Working With Couples books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of On Intimate Ground A Gestalt Approach To Working With Couples books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of On Intimate Ground A Gestalt Approach To Working With Couples books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing On Intimate Ground A Gestalt Approach To Working With Couples versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, On Intimate Ground A Gestalt Approach To Working With Couples books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing On Intimate Ground A Gestalt Approach To Working With Couples books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for On Intimate Ground A Gestalt Approach To Working With Couples books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the

Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, On Intimate Ground A Gestalt Approach To Working With Couples books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of On Intimate Ground A Gestalt Approach To Working With Couples books and manuals for download and embark on your journey of knowledge?

FAQs About On Intimate Ground A Gestalt Approach To Working With Couples Books

1. Where can I buy On Intimate Ground A Gestalt Approach To Working With Couples books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores.
