Excerpt from *On Jurisprudence and the Conflict of Laws* It will be remembered that the whole Of these five Lectures were delivered and published just forty years ago and they are based on the books then current and reflect the views of that day But as they are almost entirely historical it does not seem to me that subsequent authorities have displaced or superseded them What is needed in the way of reference to recent books will be found in the Annotations of my colleague I am aware that my suggestion of a new name for Private International Law has not been accepted by some eminent authorities But their criticism has not convinced me and as the discussion it aroused was a fact in legal history I allow it to remain here without further argument About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
