On Love And Happiness:

On Love and Happiness Pierre Teilhard de Chardin, 1973 The Psychology and Economics of Happiness Lok Sang Ho, 2013-10-30 Much attention has been given to the economics of everyday life which typically applies economic principles to the analysis of the different choices that people face under different situations Yet there are hardly any books on the economics of life an economics that takes the finite lifespan as the starting point and that looks at how one can maximize the subjective value from life given the constraint of the limited lifespan In this volume Lok Sang Ho suggests that the lack of progress in happiness among developed countries despite significant economic growth is due to a deficit of mental goods rather than a lack of material goods The author stresses the role of culture and mental habits in determining the efficacy of gaining mental goods which includes love a sense of security and autonomy contentment self esteem self acceptance and freedom from anxiety Drawing on empirical research the book explores how to invest work and consume from a whole life perspective arguing that every action consumption investment or work should enhance the total quality of life This overriding concern about life itself is known as love The Psychology and Economics of Happiness uses the analytical framework of economists on a subject studied by positive psychologists drawing both from empirical evidence and from psychological literature It will be of interest to researchers and academics interested in economic and positive psychology as well as those from related fields keen to learn more about living fuller happier lives Teachings on Love Thich Nhat Hanh, 2002-12-09 Thich Nhat Hanh s timeless meditations on love family and friendship with step by step practices for cultivating intimacy in your relationships Weaving together traditional stories personal experiences and a deep understanding of the Buddha s way of mindful living Thich Nhat Hanh provides step by step practices that foster understanding and intimacy in any relationship and extend our love even to those that cause us pain Teachings on Love is a treasure trove of guidance for couples co workers or friends who wish to nourish the gift and strength of their relationships and deal creatively with their weaknesses and difficulties We all yearn to experience a love that is deeper and more joyful Teachings on Love provides a time tested path that anyone can follow to nurture the deepest love in ourselves and others **Love 2.0** Barbara L. Fredrickson, Ph.D., 2013-12-31 In this groundbreaking relationship book positive emotions expert Barbara L Fredrickson gives us an entirely new way of understanding love and appreciating its benefits A radically new conception of love The Atlantic Even more than happiness and optimism love holds the key to improving our mental and physical health as well as lengthening our lives Using research from her own lab Barbara L Fredrickson redefines love not as a stable behemoth but as micro moments of connection between people even strangers She demonstrates that our capacity for experiencing love can be measured and strengthened in ways that improve our health and longevity Finally she introduces us to informal and formal practices to unlock love in our lives generate compassion and even self soothe Rare in its scope and ambitious in its message Love 2 0 will reinvent how you look at and experience our most powerful emotion I wish I had known years ago about Barbara Fredrickson

In particular her theory that accumulating micro moments of positivity like my daily interaction with children can over time result in greater overall well being Jane Brody The New York Times The Book of Love and Happiness Kerry Howard,Mavis Klein,Julia Lampshire,2004 A unique step by step program to bring love into your life How you see yourself feel sexy alive and ready for love How others see you are you communicating the right signals Prepare for what s ahead find love guidance in the stars LOVE, HAPPINESS AND A BABY DADDY Jessica Pringle,2017-06-27 Stacey was just a regular girl that wanted to be happy like most people However she had the worst luck in men possible She met her baby daddy Tyrone at work and they hit it off Everything moved rather quickly for them and she was enjoying it or so she thought The next thing she knew he was in jail and it ultimately ended what they had She met Marcus and from the first time she saw him she was a goner Stacey was happy living her life but she got a surprise that could ruin everything The double-dealer.
