

On Rawls

Jeffrey Bercuson

On Rawls:

Reflections on Rawls Dr Shaun P Young, 2012-10-01 The late John Rawls was one of the most inspiring provocative and influential political philosophers of the twentieth century In this collection a panel of distinguished political philosophers critically explore the intellectual legacy of Rawls The essays herein engage Rawls's political theorizing from his earliest published writings in the 1950s to his final publication in 2001 *Justice as Fairness A Restatement* and explore a diversity of issues related to his arguments such as the attractiveness of his methodology methodologies and the normative coherence and empirical validity of his claims In turn the effectiveness both of his arguments and those of various supporters and critics are evaluated from the perspective of a variety of analytical approaches including cosmopolitanism communitarianism perfectionism liberalism and legal theory This book is an edifying and engaging dialogue with ideas and arguments that have provided the theoretical framework for much of contemporary political philosophy and a thoughtful assessment of their continuing significance and place within the pantheon of political philosophy

On Rawls Robert B. Talisse, 2001 This brief text assists students in understanding Rawls philosophy and thinking so they can more fully engage in useful intelligent class dialogue and improve their understanding of course content Part of the Wadsworth Notes Series which will eventually consist of approximately 100 titles each focusing on a single thinker from ancient times to the present ON RAWLS is written by a philosopher deeply versed in the philosophy of this key thinker Like other books in the series this concise book offers sufficient insight into the thinking of a notable philosopher better enabling students to engage in reading and to discuss the material in class and on paper

The Idea of a Political Liberalism Victoria Davion, Clark Wolf, 2000 In this unique volume some of today's most eminent political philosophers examine the thought of John Rawls focusing in particular on his most recent work These original essays explore diverse issues including the problem of pluralism the relationship between constitutive commitment and liberal institutions just treatment of dissident minorities the constitutional implications of liberalism international relations and the structure of international law The first comprehensive study of Rawls's recent work *The Idea of Political Liberalism* will be indispensable for political philosophers and theorists interested in contemporary political thought

The Idea of a Political Liberalism Clark Wolf, Victoria Davion, 1999-12-22 In this unique volume some of today's most eminent political philosophers examine the thought of John Rawls focusing in particular on his most recent work These original essays explore diverse issues including the problem of pluralism the relationship between constitutive commitment and liberal institutions just treatment of dissident minorities the constitutional implications of liberalism international relations and the structure of international law The first comprehensive study of Rawls's recent work *The Idea of Political Liberalism* will be indispensable for political philosophers and theorists interested in contemporary political thought

Reading Rawls Norman Daniels, 1989 First published in 1975 this collection includes many of the best critical responses to John Rawls *A Theory of Justice* and the editor has elected to reissue the book without making any substitutions

As he argues in his new preface the variety of issues raised in the original papers has been a major part of the book's appeal. He also acknowledges that no modest revision of this book could pretend to respond adequately to the considerable elaboration and evolution of Rawls' theory in the last fifteen years. Political philosophy has been one of the most exciting areas of philosophical activity in the years since *A Theory of Justice* and much of that activity has been a response to Rawls' work. In his preface the editor suggests how some of the insights and criticisms contained in the collection have had a bearing on developments in Rawls' theory and in political philosophy more generally and that fresh reading of each of them reveals additional important points that have not yet received adequate attention. The contributors are Benjamin Barber, Norman Daniels, Gerald Dworkin, Ronald Dworkin, Joel Feinberg, Milton Fisk, R. M. Hare, H. L. A. Hart, David Lyons, Frank Michelman, Richard Miller, Thomas Nagel, T. M. Scanlon, and A. K. Sen.

John Rawls Thomas Pogge, 2007-01-27 John Rawls was one of the most important political philosophers of our time and promises to be an enduring figure over the coming decades. His *Theory of Justice* (1971) has had a profound impact across philosophy, politics, law, and economics. Nonetheless, Rawlsian theory is not easy to understand, particularly for beginners, and his writing can be dense and forbidding. Thomas Pogge's short introduction, originally published in German, gives a thorough and concise presentation of the main outlines of Rawls' theory, introduces biographical information when necessary, and draws links between the Rawlsian enterprise and other important positions in moral and political philosophy.

Justice and the Social Contract : Essays on Rawlsian Political Philosophy Samuel Freeman, Stephen F. Goldstone, Term Professor of Philosophy and Law, University of Pennsylvania, 2006-11-09 John Rawls (1921-2002) was one of the 20th century's most important philosophers and continues to be among the most widely discussed of contemporary thinkers. His work, particularly *A Theory of Justice*, is integral to discussions of social and international justice, democracy, liberalism, welfare, economics, and constitutional law in departments of philosophy, politics, economics, law, public policy, and others. Samuel Freeman is one of Rawls' foremost interpreters. This volume contains nine of his essays on Rawls and Rawlsian justice, two of which are previously unpublished. Freeman places Rawls within historical context in the social contract tradition, addresses criticisms of his positions, and discusses the implications of his views on issues of distributive justice, liberalism, and democracy, international justice, and other subjects. This collection will be useful to the wide range of scholars interested in Rawls and theories of justice.

Rawls Sebastiano Maffettone, 2010 The most complete introduction to the work of John Rawls. The literature on Rawls and his main arguments are presented in an unprecedented way. An indispensable tool for teachers and students. This book is necessary reading for anyone interested in contemporary political thought.

Reflections on Rawls Shaun P. Young, 2016-04-08 The late John Rawls was one of the most inspiring, provocative, and influential political philosophers of the twentieth century. In this collection, a panel of distinguished political philosophers critically explore the intellectual legacy of Rawls. The essays herein engage Rawls' political theorizing from his earliest published writings in the 1950s to his final publication in 2001, *Justice as Fairness: A Restatement*, and explore a

diversity of issues related to his arguments such as the attractiveness of his methodology methodologies and the normative coherence and empirical validity of his claims In turn the effectiveness both of his arguments and those of various supporters and critics are evaluated from the perspective of a variety of analytical approaches including cosmopolitanism communitarianism perfectionism liberalism and legal theory This book is an edifying and engaging dialogue with ideas and arguments that have provided the theoretical framework for much of contemporary political philosophy and a thoughtful assessment of their continuing significance and place within the pantheon of political philosophy *A Companion to Rawls* Jon Mandle, David A. Reidy, 2015-11-23 Wide ranging and up to date this is the single most comprehensive treatment of the most influential political philosopher of the 20th century John Rawls An unprecedented survey that reflects the surge of Rawls scholarship since his death and the lively debates that have emerged from his work Features an outstanding list of contributors including senior as well as next generation Rawls scholars Provides careful textually informed exegesis and well developed critical commentary across all areas of his work including non Rawlsian perspectives Includes discussion of new material covering Rawls s work from the newly published undergraduate thesis to the final writings on public reason and the law of peoples Covers Rawls s moral and political philosophy his distinctive methodological commitments and his relationships to the history of moral and political philosophy and to jurisprudence and the social sciences Includes discussion of his monumental 1971 book *A Theory of Justice* which is often credited as having revitalized political philosophy *A Law of Peoples for Recognizing States* Chris Naticchia, 2016-11-02 Which political entities should the international community recognize as member states granting them the rights and powers of statehood and entitling them to participate in formulating adjudicating and implementing international law What criteria should it use and are those criteria defensible From Kosovo Palestine and Taiwan to South Sudan Scotland South Ossetia Abkhazia and Catalonia these questions continuously arise and constantly challenge the international community for a consistent principled stance In response to this challenge Chris Naticchia offers a social contract argument for a theory of international recognition a normative theory of the criteria that states and international bodies should use to recognize political entities as member states of the international community Regardless of whether political entities adequately respect human rights or practice democracy he argues we must recognize a critical mass of them to get international institutions working Then we should recognize secessionist entities that suffer from persistent grave and widespread human rights abuses by their government and under certain conditions minority nations within multinational states that seek independence We must also recognize entities whose recognition would contribute to the economic development of the least well off entities Drawing on the social contract tradition and developing a broadly Rawlsian view *A Law of Peoples for Recognizing States* will both challenge and appeal to a broad readership in political philosophy international law and international relations Rawls Samuel Freeman, 2007-05-23 In this superb introduction Samuel Freeman introduces and assesses the main topics of Rawls philosophy Starting with a

brief biography and charting the influences on Rawls early thinking he goes on to discuss the heart of Rawls s philosophy his principles of justice and their practical application to society Subsequent chapters discuss Rawls s theories of liberty political and economic justice democratic institutions goodness as rationality moral psychology political liberalism and international justice and a concluding chapter considers Rawls legacy Clearly setting out the ideas in Rawls masterwork A Theory of Justice Samuel Freeman also considers Rawls other key works including Political Liberalism and The Law of Peoples An invaluable introduction to this deeply influential philosopher Rawls is essential reading for anyone coming to his work for the first time

The Legacy of John Rawls Thom Brooks, Fabian Freyenhagen, 2005-09-08 John Rawls was unquestionably the most important moral and political philosopher of the last one hundred years His A Theory of Justice published in 1971 is already a classic text and his political philosophy is more widely studied than that of any other theorist Interest in Rawls s work has increased still further since his recent death and the publication of his complete works but until now there has been no single volume that explores the legacy of his work This book fills the void making a substantial contribution not only to work on Rawls s thought but to contemporary debates in ethics and justice as well The book will be of great interest to academics and students in philosophy politics and law departments alike

On Rawls, Development and Global Justice H. Williams, 2011-03-08 John Rawls text The Law of Peoples has inspired extensive scholarly debate in the field of international political theory since its publication in 1999 Responding to the arguments of cosmopolitan theorists and Amartya Sen s recent critique this new work presents a fresh appraisal of the debate and argues that Rawls offers a persuasive and prescient moral perspective on issues of global poverty and development By elaborating one of Rawls core ideas the duty of assistance the book offers a unique theoretical response to the ideal of global justice The duty is presented as a far reaching principle of justice one that advocates increasing the state capability of burdened societies and aims to compel the most powerful states to reform international structures and provide aid in a constructive and culturally sensitive manner The aim of assistance is the strengthening of democratic or decent indigenous institutions and the promotion of the freedom of peoples On Rawls Development and Global Justice is an original contribution to current debates on international redistribution democracy promotion and global poverty

John Rawls and the History of Political Thought Jeffrey Bercuson, 2014-05-16 In this book Jeffrey Bercuson presents the immense and yet for the most part unrecognized influences of Jean Jacques Rousseau and Georg Wilhelm Friedrich Hegel on John Rawls the most important political philosopher of the 20th century While the well documented influence of Immanuel Kant on Rawls is deep and profound Kantian features and interpretation of justice as fairness do not tell the whole story about that doctrine Drawing on Rawls s Lectures on the History of Moral Philosophy and his Lectures on the History of Political Philosophy Bercuson presents the reader with a more nuanced accurate account of the moral and political philosophy of Rawls in light of these under appreciated influences This new richer image of Rawls s political philosophy shows that Rawls s notion of reasonableness his notion of the kind and

extent of our obligations to those fellows with whom we are engaged in social cooperation is conspicuously more demanding and therefore more attractive than most interpreters and critics assume Rawls turns to Rousseau and to Hegel both of whom provide attractive images of engaged citizenship worthy of emulation Written accessibly and contributing to key contemporary debates of global justice this book will be read by scholars within the fields of social and political theory ethics and philosophy

John Rawls Catherine Audard, 2014-12-05 John Rawls 1921-2002 is one of the most influential thinkers of the twentieth century Contemporary political philosophy has been reshaped by his seminal ideas and most current work in the discipline is a response to them This book introduces his central ideas and examines their contribution to contemporary political thought In the first part of the book Catherine Audard focuses on Rawls conception of political and social justice and its justification as presented in his groundbreaking *A Theory of Justice* This includes sustained examination of Rawls moral philosophy and its core thesis the primacy of justice the complex relation between Rawls views and utilitarianism and his most famous concept the Original Position Device In the second half of the book Audard explores Rawls more practical concerns for stability and political consensus citizenship and international justice and shows the continuity between these concerns and his earlier work Throughout Audard contextualizes Rawls ideas by giving a sense of their historical development which underlines the intellectual cohesion of his thought The move between ethics and politics so characteristic of Rawls work and which makes for the richness of his philosophy is shown to also create for it significant problems John Rawls combines clear exposition with insightful analysis and provides an interpretative and critical framework that will help shape ongoing debates surrounding Rawls work

A Theory of Justice John Rawls, 2005-12 Though the revised edition of *A Theory of Justice* published in 1999 is the definitive statement of Rawls's view so much of the extensive literature on Rawls's theory refers to the first edition This reissue makes the first edition once again available for scholars and serious students of Rawls's work

Reading Rawls Norman Daniels, 1989 *Report of Cases Decided in the Supreme Court of the State of Georgia* Georgia. Supreme Court, 1907

John Rawls Thomas Pogge, 2007 This is a short accessible introduction to John Rawls thought and gives a thorough and concise presentation of the main outlines of Rawls theory as well as drawing links between Rawls enterprise and other important positions in moral and political philosophy

On Rawls Introduction

In the digital age, access to information has become easier than ever before. The ability to download On Rawls has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download On Rawls has opened up a world of possibilities. Downloading On Rawls provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading On Rawls has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download On Rawls. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading On Rawls. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading On Rawls, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download On Rawls has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the

vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About On Rawls Books

What is a On Rawls PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a On Rawls PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a On Rawls PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a On Rawls PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a On Rawls PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.

linearalgebrareviewandreference stanford university - Sep 23 2022

web linear algebra provides a way of compactly representing and operating on sets of linear equations for example consider the following system of equations $4x_1 + 5x_2 = 13$ $2x_1 + 3x_2 = 9$ this is two equations and two variables so as you know from high school algebra you can find a unique solution for x_1 and x_2

modern algebra by surjeet singh goodreads - Aug 23 2022

web feb 1 1975 a detailed study of field theory and its application to geometry is undertaken after a brief and concise account of vector spaces and linear transformations the last chapter discusses ring with chain conditions and hbert s famous theorem
