On Secret Service East Constantinople:

On Secret Service East of Constantinople Peter Hopkirk, 2011-09-15 Under the banner of a Holy War masterminded in Berlin and unleashed from Constantinople the Germans and the Turks set out in 1914 to foment violent revolutionary uprisings against the British in India and the Russians in Central Asia It was a new and more sinister version of the old Great Game with world domination as its ultimate aim Here told in epic detail and for the first time is the true story behind John Buchan's classic wartime thriller *Greenmantle* recounted through the adventures and misadventures of the secret agents and others who took part in it It is an ominously topical tale today in view of the continuing turmoil in this volatile region where the Great Game has never really ceased *The Berlin-Baghdad Express* Sean McMeekin, 2012-05-07 The modern Middle East was forged in the crucible of the First World War but few know the full story of how war actually came to the region As Sean McMeekin reveals in this startling reinterpretation of the war it was neither the British nor the French but rather a small clique of Germans and Turks who thrust the Islamic world into the conflict for their own political economic and military ends *The Berlin Baghdad Express* tells the fascinating story of how Germany exploited Ottoman pan Islamism in order to destroy the British Empire then the largest Islamic power in the world Meanwhile the Young Turks harnessed themselves to German military might to avenge Turkey's hereditary enemy Russia Told from the perspective of the key decision makers on the Turco German side many of the most consequential events of World War I Turkey's entry into the war Gallipoli the Armenian massacres the Arab revolt and the Russian Revolution are illuminated as never before Drawing on a wealth of new sources McMeekin forces us to re-examine Western interference in the Middle East and its lamentable results It is an epic tragicomedy of unintended consequences as Turkish nationalists give Russia the war it desperately wants jihad begets an Islamic insurrection in Mecca German sabotage plots upend the Tsar delivering Turkey from Russia's yoke and German Zionism midwives the Balfour Declaration All along the story is interwoven with the drama surrounding German efforts to complete the Berlin to Baghdad railway the weapon designed to win the war and assure German hegemony over the Middle East **Mavericks of War** Jason S Ridler, 2023-06-14 A military historian sheds light on the maverick thinkers who hatched outlandish plots and shaped warfare from WWI to Vietnam and beyond During World War I Oxford trained archeologist Lawrence of Arabia used his knowledge of the Middle East to help organize the Arab revolt against the Ottoman Empire In this entertaining and insightful book Jason Ridler profiles the intellectuals outsiders and eccentrics who followed in Lawrence's footsteps across the next hundred years of warfare those who relied on creativity curiosity and outside the box thinking to shape battlefields from World War II and Vietnam to Iraq and Afghanistan These men were Ivy Leaguers and Oxford scholars anthropologists and archeologists Among them were an ad executive an international activist a Peace Corps veteran a migrant journalist and former teenage member of the French Resistance and a diplomat These mavericks and oddballs both men and women were not always heralded or heeded and sometimes they were hated But they each challenged traditional military

thought and helped win wars secure peace and change the face of modern military conflict **The Baloch and Others** Carina Jahani, Agnes Korn, Paul Brian Titus, 2008 Balochistan has been an important contact zone between the Indian Subcontinent and the Iranian Plateau It is a region where a variety of languages intermingle different religions jostle for attention and traditional ways of living are challenged by modernity The papers in this volume explore Balochistan's linguistic socio political and cultural diversity Balochistan is in many ways a marginalised region in Pakistan Iran and Afghanistan Traditional economies persist but modernity is rapidly gaining ground Tensions between traditionalism and modernity are explored in several articles Other articles examine the impact of economic development in Balochistan Political borders are always problematic and this is particularly so in southwest Asia Only in the late 19th century were the present borders between Iran Afghanistan and Pakistan drawn As modern nation states were consolidated in the 20th century the Baloch found themselves under the dominion of Islamabad and Tehran The Baloch nationalist movement which is treated in a number of articles has been much stronger in former British India Pakistan than in Iran A powerful element of self definition in the Middle East and South Asia is religious belief In Balochistan this may take the form of Balochi Sunni assertions contra Persian Shia ones or attempts by the minority Zikri Baloch to resist mainstream Sunnism Another source of social demarcation is tribal affiliation Thus difference between self and other is not always Baloch versus non Baloch Both religious and social demarcations are discussed in various articles in this volume The Balochi language is the subject of several articles in the volume This language is a conglomerate of dialects with diverging grammatical systems and it is therefore by no means possible to speak of a standard Balochi language Throughout history the Baloch have been in contact with other groups and this has influenced their language In the eastern parts of the Balochi speaking region contact with Indo Aryan languages is particularly intense as it is in the western parts with Persian But other languages are also spoken in Balochistan This has created widespread multilingualism where one language the national language or an international language may be used for reading and writing and Balochi as well as other local languages are used in various oral domains
