*Modern Conservative Judaism* Elliot N. Dorff, 2018-01-01 A major Conservative movement leader of our time Elliot N. Dorff provides a personal behind the scenes guide to the evolution of Conservative Jewish thought and practice over the last half century His candid observations concerning the movement's ongoing tension between constancy and change shed light on the sometimes unified sometimes diverse and occasionally contentious reasoning behind the modern movement's most important laws policies and documents Meanwhile he has assembled excerpted and contextualized the most important historical and internal documents in modern Conservative movement history for the first time in one place enabling readers to consider and compare them all in context In Part 1 God Dorff explores various ways that Conservative Jews think about God and prayer In Part 2 Torah he considers different approaches to Jewish study law and practice changing women's roles bioethical rulings on issues ranging from contraception to cloning business ethics ritual observances from online minyanim to sports on Shabbat moral issues from capital punishment to protecting the poor and nonmarital sex to same sex marriage In Part 3 Israel he examines Zionism the People Israel and rabbinic rulings in Israel How Does Jewish Law Work?
