

Social Order

- Society was split into social groups, or classes
- The **class systems were unequal**
- The classes **defined who had power, less desirable jobs**

On Social Order Mass Society

William Kornhauser

On Social Order Mass Society:

On social order and mass society: selected papers, ed Theodor Julius Geiger, Theodor Geiger on Social Order and Mass Society Theodor Julius Geiger,1969 **Mass Society** Salvador Giner,2013-10-22 Mass Society deals with the total outlook of human including modern politics culture social inequality community life and problems The book reviews the history of democracy and discontent The text analyzes the mob rule the disenchantment of progress and the history of democracy Modern sociological theory explains the opposition of two extreme societal models to describe the historical dynamics of mankind The book is an attempt to explain that a mass society outlook exists and has some inner coherence and distinctive quality The author argues that such outlook or theory is a prominent feature in the cultural imagination of man and that modern secular society cannot be understood without such theory The author then proceeds to identify majority with mass and the identification of human with mass human This identification will lead to a community vision though the author argues the growth of a mass interpretation of society has a negative effect on the liberal theory of the individual The text can be interesting for political science majors sociologists psychologists and economists **The Politics of Mass Society** William Kornhauser,2017-09-08 The Politics of Mass Society explores the social conditions necessary for democracy and the vulnerabilities of large scale society to totalitarian systems Mass movements mobilize people who are alienated from the social system who do not believe in the legitimacy of the established order and who are therefore ready to engage in efforts to destroy Contrary to the psychological approach prevalent in European doctrines of mass movements Kornhauser persuasively argues that social order is the critical factor The greatest number of people available to mass movements are located in those segments of society that have the fewest ties to social order The book draws on a wide range of materials from classical political theory contemporary sociological analysis historical and intuitional studies public opinion surveys and other published and unpublished data Kornhauser selected political phenomena in organizations communities classes and whole societies He examined support for communism and fascism in a variety of countries in relation to rates of urbanization and industrialization employment and suicide and homicide among other phenomena In his new introduction Irving Louis Horowitz identifies Kornhauser s book as a seminal work of the great tradition in political sociology in the mid twentieth century Kornhauser points out that modern democratic systems possess a distinct vulnerability to mass movements He spells out and identifies factors that tend to increase or decrease this vulnerability not least the health and strength of elites In this way the book reveals new clues to the origins and nature of mass political movements The Politics of Mass Society remains the most complete analytical account of the sociological approach to mass society in advanced industrial societies *The Sokagakkai and Mass Society* James Wilson White,1970 A Stanford University Press classic **On Social Order and Mass Society. Selected Papers. Ed. and with an Introd. by R. Mayntz. Transl. by R.E. Peck** Theodor Geiger,Renate Mayntz,R. E. Peck,1969 **Politics of Mass Society** William Kornhauser,2013-04-15 The Politics of Mass Society explores

the social conditions necessary for democracy and the vulnerabilities of large scale society to totalitarian systems Mass movements mobilize people who are alienated from the social system who do not believe in the legitimacy of the established order and who are therefore ready to engage in efforts to destroy Contrary to the psychological approach prevalent in European doctrines of mass movements Kornhauser persuasively argues that social order is the critical factor The greatest number of people available to mass movements are located in those segments of society that have the fewest ties to social order The book draws on a wide range of materials from classical political theory contemporary sociological analysis historical and intuitional studies public opinion surveys and other published and unpublished data Kornhauser selected political phenomena in organizations communities classes and whole societies He examined support for communism and fascism in a variety of countries in relation to rates of urbanization and industrialization employment suicide and homicide among other phenomena In his new introduction Irving Louis Horowitz identifies Kornhauser s book as a seminal work of the great tradition in political sociology at mid twentieth century Kornhauser points out that modern democratic systems possess a distinct vulnerability to mass movements He spells out and identifies factors that tend to increase or decrease this vulnerability not least the health and strength of elites In this way the book reveals new clues to the origins and nature of mass political movements The Politics of Mass Society remains the most complete analytical account of the sociological approach to mass society in advanced industrial societies

Twentieth-Century Mass Society in Britain and the Netherlands Bob Moore, Henk van Nierop, 2006-12-26 From the beginning of the nineteenth century Western Europe witnessed the emergence of a mass society Grand social processes such as urbanization industrialization and democratization blurred the previous sharp distinctions that had divided society This massive transformation is central to our understanding of modern society Comparing the British and Dutch experience of mass society in the twentieth century this book considers five major areas politics welfare media leisure and youth culture In each section two well known specialists one from each country examine the conditions behind the rise of a mass society and show how these conditions were distinctively British or Dutch Drawing on history cultural studies and sociology the authors bring new insight into the development of modern European society
