Opuscula Romana ,2006 **Acta Instituti Romani Regni Sueciae** ,2001 Reading Rivers in Roman Literature and Culture Prudence J. Jones,2005-01-01 This study examines rivers as a literary phenomenon particularly in the poetry of Vergil It first considers the Greco Roman understanding of the river in its primary symbolic roles cosmological ritual and ethnographical and then analyzes the river as a literary device arguing that descriptions of rivers in Roman poetry are in many cases a form of authorial comment on the progress or structure of a narrative *San Giovenale* Svenska institutet i Rom,2006 The Synagogue of Ancient Ostia and the Jews of Rome Birger Olsson,Dieter Mitternacht,Olof Brandt,2001

Archaeological Investigations in Southern Etruria Pamela Hemphill,2000 **The Classical Review** ,2001 Triumphs in the Age of Civil War Carsten Hjort Lange,2016-08-11 Many of the wars of the Late Republic were largely civil conflicts There was therefore a tension between the traditional expectation that triumphs should be celebrated for victories over foreign enemies and the need of the great commanders to give full expression to their prestige and charisma and to legitimize their power Triumphs in the Age of Civil War rethinks the nature and the character of the phenomenon of civil war during the Late Republic At the same time it focuses on a key feature of the Roman socio political order the triumph and argues that a commander could in practice expect to triumph after a civil war victory if it could also be represented as being over a foreign enemy even if the principal opponent was clearly Roman Significantly the civil aspect of the war did not have to be denied Carsten Hjort Lange provides the first study to consider the Roman triumph during the age of civil war and argues that the idea of civil war as normal reflects the way civil war permeated the politics and society of the Late Roman Republic **Res Publica Constituta** Carsten Hjort Lange,2009-05-06 The years surrounding the decisive battle of Actium in 31 BC and the various measures undertaken by the victor Augustus to create and legitimate a new system of government in Rome are among the most discussed aspects of Roman history This book re evaluates Augustus rise to power first as triumvir along with Antonius and Lepidus and then as sole ruler focusing particularly on the part played by propaganda and ideological claims Augustus is shown to have acknowledged the Actium war as a civil as well as an external war and the commemorations of the battle at the site and in Rome are re assessed along with the role ascribed to Apollo in the victory The celebrated settlement of 28 27 BC is shown to have constituted the accomplishment of the triumphal assignment
