Illuminative Moments in Pacific Northwest Prose Richard W. Etulain, 2024-03-12 Richard W Etulain examines the emergence of Pacific Northwest prose beginning in the early nineteenth century up to the present The book provides an introductory overview to a vast subject through illuminative moments that illustrate major shifts in the literary history of the region The book s focus is on novels histories and other nonfiction works that trace Pacific Northwest prose in chronological order through three periods the frontier regional and post regional eras Etulain provides extensive coverage of the writings of notable authors including novelists Frederic Homer Balch and Mary Hallock Foote offering an understanding of frontier romantic and Local Color Writers He also explores the works of H G Merriam and novelist H L Davis illustrating regional prose writings Finally Etulain includes a panoply of writers who exemplify an emphasis on gender race and ethnicity and environmental texts from the post WWII period *Illuminative Moments in Pacific Northwest Prose* delivers a first time overview of the region s literary contributions that will interest both scholars and general readers alike *Washington Historical Quarterly*, 1924 Blacks in the American West and Beyond--America, Canada, and Mexico George H.

Junne, 2000-05-30 Almost a century before their arrival in the English New World Blacks appeared alongside the Spanish in what is now the American West Through their families communities and institutions these Western Blacks left behind a long history which is just now beginning to receive systematic scholarly treatment Comprehensively indexing a variety of research materials on Blacks in the North American West Junne offers an invaluable navigational tool for students of American and African American history Entries are organized both geographically and topically and cover a broad range of subjects including cross cultural interaction health art and law Contains a complete compilation of African American newspapers

Quarterly of the Oregon Historical Society Oregon Historical Society, 1911

Murder & Mayhem in Portland,

Oregon JD Chandler, 2013-03-19 A shocking true chronicle of some of Portland Oregon s most infamous criminal cases from its wild roots as a frontier town to post war 20th century Here are some of the most horrifying crimes that made headlines and shook Portland Oregon The brutal Ardenwald axe murders The retribution killings by Chinatown tongs The fiendish acts of the Dark Strangler In this compelling account author JD Chandler chronicles the coverups false confessions miscarriages of justice and the investigative twists of Portland s sordid past From the untimely end of the Black Mackintosh Bandit to the convoluted hunt for the Milwaukie Monster Murder Mayhem in Portland Oregon is a true crime account that acknowledges the officers who sought justice and remembers the victims whose lives were claimed by violence all while providing important historical context *The Quarterly of the Oregon Historical Society* Oregon Historical Society, 1917

The Civil War and the West Carol L. Higham, 2013-10-01 Between 1800 and the Civil War the American West evolved from a region to territories to states This book depicts the development of the antebellum West from the perspective of a resident of the

Western frontier What happened in the West in the lead up to and during the American Civil War The Civil War and the West The Frontier Transformed provides a clear and complete answer to this question The work succinctly overviews the West during the antebellum period from 1800 to 1862 supplying thematic chapters that explain how key elements and characteristics of the West created conflict and division that differed from those in the East during the Civil War It looks at how these issues influenced the military settlement and internal territorial conflicts about statehood in each region and treats the Cherokee and other Indian nations as important actors in the development of a national narrative **Indians and Emigrants** Michael L. Tate, 2014-08-04 In the first book to focus on relations between Indians and emigrants on the overland trails Michael L Tate shows that such encounters were far more often characterized by cooperation than by conflict Having combed hundreds of unpublished sources and Indian oral traditions Tate finds Indians and Anglo Americans continuously trading goods and news with each other and Indians providing various forms of assistance to overlanders Tate admits that both sides normally followed their own best interests and ethical standards which sometimes created distrust But many acts of kindness by emigrants and by Indians can be attributed to simple human compassion Not until the mid 1850s did Plains tribes begin to see their independence and cultural traditions threatened by the flood of white travelers As buffalo herds dwindled and more Indians died from diseases brought by emigrants violent clashes between wagon trains and Indians became more frequent and the first Anglo Indian wars erupted on the plains Yet even in the 1860s Tate finds friendly encounters were still the rule Despite thousands of mutually beneficial exchanges between whites and Indians between 1840 and 1870 the image of Plains Indians as the overland pioneers worst enemies prevailed in American popular culture In explaining the persistence of that stereotype Tate seeks to dispel one of the West s oldest cultural misunderstandings The American Military Frontiers Robert Wooster, 2009-10-16 As the fledgling nation looked west to the land beyond the Appalachian Mountains it turned to the army to advance and defend its national interests Clashing with Spain Britain France Mexico the Confederacy and Indians in this pursuit of expansion the army s failures and successes alternately delayed and hastened western migration Roads river improvements and railroads often constructed or facilitated by the army further solidified the nation s presence as it reached the Pacific Ocean and expanded north and south to the borders of Canada and Mexico Western military experiences thus illustrate the dual role played by the United States Army in insuring national security and fostering national development Robert Wooster s study examines the fundamental importance of military affairs to social economic and political life throughout the borderlands and western frontiers Integrating the work of other military historians as well as tapping into a broad array of primary materials Wooster offers a multifaceted narrative that will shape our understanding of the frontier military experience its relationship with broader concerns of national politics and its connection to major themes and events in American history *Daily Life during the California Gold Rush* Thomas Maxwell-Long, 2014-09-09 This comprehensive narrative history of the California Gold Rush describes daily life during this

historic period documenting its wide reaching effects and examining the significant individuals and organizations of the time It is easy to see the vestiges of the California Gold Rush in the state s modern culture The San Francisco 49ers football team are named after the term given to those who flocked to California in 1849 in search of gold California is nicknamed The Golden State and the official state motto is Eureka meaning I have found it in Greek a reference to mining success But the Gold Rush was not only a pivotal event with lasting impact in California it also greatly affected America as a whole and global society This book examines the historical significances of the California Gold Rush beginning with life in California prior to the Gold Rush and European colonization and concluding with information regarding contemporary California Readers will gain historical insights from the highly detailed explorations of how life in California evolved and understand the enormous impact of an event over 160 years ago on present day America

The WPA Sandra Opdycke, 2016-04-14 Established in 1935 in the midst of the Great Depression the Works Progress Administration WPA was one of the most ambitious federal jobs programs ever created in the U S At its peak the program provided work for almost 3 5 million Americans employing more than 8 million people across its eight year history in projects ranging from constructing public buildings and roads to collecting oral histories and painting murals The story of the WPA provides a perfect entry point into the history of the Great Depression the New Deal and the early years of World War II while its example remains relevant today as the debate over government s role in the economy continues In this concise narrative supplemented by primary documents and an engaging companion website Sandra Opdycke explains the national crisis from which the WPA emerged traces the program s history and explores what it tells us about American society in the 1930s and 1940s Covering central themes including the politics race class gender and the coming of World War II The WPA Creating Jobs During the Great Depression introduces readers to a key period of crisis and change in U S history
